PO Date:	PO #	Vendor Name:	Agency	Description :	Amount:
10/13/2014	4501486233	Comfort Systems USA	DHS State Hospital	Water line rupture. Fire hydrant waste was compromised at DCC.	\$13,863.25
				Allowing a water main rupture of such size to continue unabated would erode the roadway substrate to a point that vehicle weight could collapse the road and risk for injury. Allowing the area to cont Inue to grow would significantly increase the repair area and ultimate expense of the repair.This incident occurred on the Saturday Night of Labor Day Weekend. Because the exact location of the rupture was unknown, a price was impossible to obtain before prior beginning the work.
