5 SECTION 6. Arkansas Code § 21-5-209 is amended to read as follows:

6 21-5-209. Compensation plan.

7 (a) There is established for state agencies covered by this subchapter
 8 a compensation plan for the setting of salaries and salary increases, when
 9 deserved, of all employees serving in positions covered by this subchapter.

10 (b) An employee whose salary falls below the entry pay level for the
 11 grade assigned to his or her classification may be adjusted to the entry pay
 12 level if approved by the Office of Personnel Management.

13 (b)(1) No employee shall be paid at a rate of pay higher than
 14 the maximum pay level in the grade assigned to his or her class unless
 15 otherwise provided for in this subchapter.

16 (2) However, an employee presently employed in a position who is
 17 being paid at a rate in excess of the maximum for his or her assigned grade
 18 may continue to receive his or her rate of pay.

19 (e)(d) It is the specific intent of the General Assembly to authorize,
 20 in the enactment of the compensation plans, rates of pay for each of the
 21 appropriate grades assigned to a class, but it is not the intent that any pay
 22 increases shall be automatic or that any employee shall have a claim or a
 23 right to pay increases unless the department head of the state agency
 24 determines that the employee, by experience, ability, and work performance,
 25 is eligible for the increase in pay authorized for the appropriate rate.

26 (d)(e) Pay levels established in this subchapter are for compensation
 27 management purposes and are not to be construed as a contract, right, or
 28 other expectation of actual employee salary determination.

29 (e)(f) The following grades and pay levels shall be authorized
 30 for the General Salaries State Government Services pay table effective July
 31 1, 2024 2025, and thereafter, for the state service for all positions of
 32 state agencies covered by this subchapter to which a classification title and
 33 General Salaries State Government Services salary grade have been assigned in

7 risk position that is physically hazardous or dangerous and then is
8 reassigned to normal duty shall revert on the day of the reassignment to the
9 rate of pay for which he or she is eligible under this subchapter.

10 (m)(i) Other compensation differentials may be administered by the
11 ~~Office of Personnel Management office~~ after:

- 12 (1) Approval by the State Personnel Administrator; and
- 13 (2) Review by the Legislative Council or, if the General
14 Assembly is in session, the Joint Budget Committee.

15 (j) If granting additional compensation under this section would have
16 the effect of exceeding the maximum pay level for the grade assigned to the
17 employee's classification, the additional compensation shall not be
18 considered as exceeding the maximum allowable rate for that grade.

19 (k) The office may adopt policies establishing the percentage
20 increments that are available for each compensation differential.

21 (l)(1) Determining the maximum number of employees, the maximum
22 compensation of employees, and the maximum amount of appropriation of general
23 revenue funding for a state agency each fiscal year is the prerogative of the
24 General Assembly and is usually accomplished by delineating the maximums in
25 the appropriation act for a state agency and the general revenue allocations
26 authorized for each fund and fund account by amendment to the Revenue
27 Stabilization Law.

28 (l)(2) In light of subdivision (l)(1) of this section, it is both
29 necessary and appropriate that the General Assembly maintain oversight by
30 requiring prior approval of the Legislative Council or Joint Budget Committee
31 as provided by subsection (f) of this section.

32 (l)(3)(A) The requirement of approval by the Legislative Council or
33 Joint Budget Committee is not a severable part of subsection (f) of this
34 section.

35 (l)(3)(B) If the requirement of approval by the Legislative
36 Council or Joint Budget Committee is ruled unconstitutional by a court of

1 competent jurisdiction, subsection (f) of this section is void.

31 workforce reduction policy and of the lump-sum severance payments to be made
32 under the state workforce reduction policy with the Legislative Council or,

35 SECTION 16. DO NOT CODIFY. (a) Upon approval by the Office of
 36 Personnel Management, an employee of the Department of Corrections who is

1 receiving a compensation differential under § 21-5-221 on the last day of
 2 fiscal year 2025 shall have the compensation differential added to the
 3 employee's base salary before the implementation of the Fiscal Year 2026 pay
 4 plan.

5 (b) An employee who has a compensation differential added to the
 6 employee's base salary under subsection (a) of this section shall no longer
 7 be eligible for compensation differentials that have been removed.

8

9 SECTION 17. DO NOT CODIFY. CROSSWALK.

10 (a) The General Assembly finds that:

11 (1) This act creates widespread revisions to the system used for
 12 the classification and compensation of state agency employees that are
 13 necessary to ensure the continued services and operations of the state;

14 (2) It is impossible to implement revisions of the scope
 15 contained within this act that coincide with the process for drafting and
 16 enacting appropriation acts of the General Assembly;

17 (3) As a result of this impossibility, the appropriation acts
 18 for state agencies enacted during the Ninety-Fifth General Assembly will not
 19 reflect the changes under this act; and

20 (4) It is the intent of this section to provide for the
 21 appropriation acts of state agencies enacted during the Ninety-Fifth General
 22 Assembly to be superseded with information from this act as necessary to
 23 fully implement this act and provide for the continued services and
 24 operations of state agencies.

25 (b) The classification titles and grades established in § 21-5-208
 26 under this act shall supersede the classification titles and grades
 27 established in a state agency appropriation act enacted by the Ninety-Fifth
 28 General Assembly that uses classification titles and grades other than those
 29 established by this act, regardless of the date that the state agency
 30 appropriation act becomes law.

31 (c) The classification titles and grades for state agencies
 32 established in a state agency appropriation act enacted by the Ninety-Fifth
 33 General Assembly shall be modified as follows during the fiscal year 2026,
 34 regardless of the date that the state agency appropriation act becomes law:
