RE: Request to exclude Acts 2023, No. 63, Acts 2023, No. 183, and Acts 2023, No. 504 from reporting requirement

Dear Legislative Council:

The Arkansas Teacher Retirement System ("ATRS") does not intend to repeal, amend, or create a new rule arising out of the provisions of Acts 2023, No. 63, Acts 2023, No. 183, and Acts 2023, No. 504.

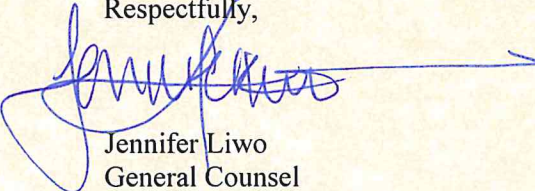

The ATRS rules currently comply with Acts 2023, No. 63 and Acts 2023, No. 183 and, as such, the promulgation or repeal of a rule by the system is not necessary for the operation of these acts.

Acts 2023, No. 504 requires public entities to create a cyber security policy and a policy concerning the authorized use of technology resources. The policies required under this act do not require a new ATRS rule and do not require the current ATRS rules to be amended or repealed. The policies required by Acts 2023, No. 504 will be addressed as necessary in the policies of the system.

Therefore, for the aforementioned reasons, ATRS requests that the Legislative Council exclude Acts 2023, No. 63, Acts 2023, No. 183, and Acts 2023, No. 504 from the future reporting requirements of the system.

Please let me know if there are any questions or if you require additional information

Respectfully,

Jennifer Liwo
General Counsel
