145.000 Electronic Visit Verification (EVV) for In-Home Personal Care,
Attendant Care, and Respite-Services, and Home Health Services
LEGISLATIVE RESEARCH

145.100 Legal Basis and Scope of EVV Requirement

<del>12-1-20<u>1-1-</u></del> 24

In accordance with section 12006 of the 21st Century Cures Act (42 U.S.C. § 1396b(I)), the Arkansas Department of Human Services (DHS) is implementing an electronic visit verification (EVV) system for in-home personal care services (PCS), attendant care, and respite services, and home health services paid by Medicaid.

An EVV system is a telephone-, computer-, or other technology-based system under which visits conducted as part of personal care services or home health care services are electronically verified with respect to:

- A4. The type of service(s) performed;
- **B2**. The individual receiving the service(s);
- <u>C3</u>. The date of the service(s);
- D4. The location of service delivery;
- <u>E</u>5. The individual providing the service(s); and
- F6. The time the service(s) begins and ends.

The EVV requirement establishes utilization standards for provider agencies to electronically verify home visits and verify that <u>clients beneficiaries</u> receive the services authorized for their support and for which Medicaid is being billed.

The EVV requirement applies to Medicaid PCS, attendant care, and respite care, and home health care provided during an in-home visit under the Medicaid State Plan, the Provider-Led Arkansas Shared Savings Entity (PASSE), the ARChoices Medicaid §1915(c) Home and Community-Based Services Waiver, or under any self-direction plan.

PCS, attendant care, and respite services, and home health services provided to more than one (1) person throughout a shift in 24-hour residential settings are not subject to the EVV requirement because they do not involve an "in\_home" visit. This includes without limitation: PCS, attendant care, and respite services, and home health services provided in a group home, assisted living facility, hospital, nursing facility, or other congregate setting.

PCS, attendant care, or respite services, and home health services provided to a student in a public school areis not subject to the EVV requirement because it does they do not involve an "in-home" visit.

Additional information regarding EVV is available from the DHS EVV Vendor. <u>View or print the</u> DHS EVV Vendor contact information.

145.200 EVV Participation Requirements

<del>12-1-20</del>1-1

To submit a claim for any service that is subject to the EVV requirement or pay based upon a self-directed plan of care subject to the EVV requirement, a provider must:

- A1. Submit and maintain on file with both DHS Provider Enrollment and the DHS EVV Vendor a contact e-mail address for the provider. The e-mail address must be ene-an address that is active and is controlled and regularly checked by the provider. The e-mail address must be a business address that is unique to the provider and must not be an employee's personal e-mail address or other shared address. The e-mail address submitted by a provider to DHS Provider Enrollment will be the e-mail address used by the DHS EVV Vendor to create the provider's account to access the EVV system;
- B2. Obtain from DHS a Medicaid Practitioner Identification Number (PIN) for each and every caregiver employed or contracted by the provider to furnish care for which Medicaid PCS, attendant care, or respite care claims may be submitted;
- C3. Submit, with every claim for a service subject to the EVV requirement, the PIN for the caregiver providing the service to the beneficiary. The PIN shall be listed in the field for the Rendering Provider ID number#;
- Use an EVV system that documents and verifies every in-home visit resulting in a claim for reimbursement. A provider must use the EVV system furnished by the DHS EVV Vendor or they must use a third-party EVV system that has been certified by the DHS EVV Vendor;
- E5. Require caregivers, that are employed or contracted by the provider, to use EVV for all inhome Medicaid-paid PCS, attendant care, or respite care, and home health care and to train the caregivers on the use of the provider's chosen EVV system;
- F6. If the provider uses the DHS EVV system, register the provider's caregivers with the EVV system. By registering a caregiver with the DHS EVV system, the provider is attesting that all applicable requirements, including without limitation training requirements, have been satisfied for that caregiver. (A caregiver who is excluded or debarred from participation in Medicaid under any state or federal law is not eligible to register with the DHS EVV system);
- <u>G</u>7. Create and maintain documentation to justify any manual modifications, adjustments, or exceptions made by the provider in the EVV system after a caregiver has entered or failed to enter any required information;
- H8. Comply with EVV requirements established by the Centers for Medicare & Medicaid Services (CMS);
- Lomply with applicable federal and state laws regarding confidentiality of information about clients beneficiaries receiving services; and
- <u>J40</u>. Ensure that DHS may review documentation generated by an EVV system or obtain a copy of that documentation at no charge.

#### 145.300 **EVV Claims Requirements**

<del>12-1-20</del>1-1-

EVV is required for the following procedure codes and modifiers when the Place of Service is coded as the beneficiary's home (POS code 12):

Procedure Code	Modifier	Service Description
T1019		Personal Care for a (non-RCF) Beneficiary Under 21
T1019	U3	Personal Care for a non-RCF Beneficiary Aged 21 or Older
S5125	U2	Agency Attendant Care Traditional
S5150		Respite Care – In-Home

Procedure Code	Modifier	Service Description
<u>T1021</u>	<u>TD</u>	Home Health RN Visit, per visit
<u>T1021</u>	<u>TE</u>	Home Health LPN Visit, per visit
<u>T1021</u>		Home Health Aide Visit
<u>S9131</u>	<u>UB</u>	Home Health Physical Therapy by a Qualified Physical Therapy Assistant
<u>S9131</u>		Home Health Physical Therapy by a Qualified Licensed Physical Therapist

A claim for any of these procedure codes and modifiers may be rejected or denied, or subject to recoupment, if delivery of the service was not verified by EVV or if there is any inconsistency among or between:

- A4. The data submitted in the claim;
- B2. The data recorded by EVV for the claimed service;
- <u>C3</u>. The data in the approved prior authorization or plan of care applicable to the claimed service; or

A claim for any of these procedure codes and modifiers is subject to the EVV requirement regardless of how the claim is submitted, including third-party EVV vendors, through a PASSE claims system, or through a self-direction plan.

For PCS, attendant care, respite and Home Health services delivered in a beneficiary's home, it is a fraudulent billing practice to list any Place of Service (POS) code other than POS code 12, unless the Provider Manual or other Rule explicitly permits the use of a different POS code.

- A1. The EVV Requirement also applies to any equivalent services provided to a beneficiary through the Independent\_Choices program, or any other self-direction program made available under the state plan or ARChoices. Such equivalent services may be rejected or denied if delivery of the service was not verified by EVV or if there is any inconsistency among or between:
  - 1. The data submitted in the claim;
  - 2. The data recorded by EVV for the claimed service;
  - 3. The data in the approved prior authorization or <u>the</u> plan of care <u>that is</u> applicable to the claimed service; or
  - 4. Address or other eligibility data maintained in the Medicaid Management Information System (MMIS) or other eligibility system maintained by DHS.

REPEAL-EO 23-02

Policy Type Subject of Policy Policy No.

Administrative Agency Definition of Disability/Eligibility for Services 1035

- 1. <u>Purpose</u>. This policy has been prepared to set minimum parameters for determining eligibility to receive services from Developmental Disabilities Services (DDS).
- 2. <u>Scope</u>. All individuals and their families applying for services offered by DDS.
- 3. <u>Definitions</u>. For purposes of this policy, Primary Disability/Condition, Primary Diagnosis, and Other Disabilities are defined as follows:
  - A. Primary Disability That condition which renders the most serious impairment and/or condition which has the greatest impact on an individual's ability to function, as outlined in Arkansas Statute Ann. 20-48-101.
  - B. Primary Diagnosis A medical designation, determined by a physician, usually denoting etiology of disabling condition.
  - C. Other Disabilities Any condition(s) which accompanies the primary disability, and further hinders the development of an individual.

## 4. Eligibility PRETE PEAL-EO 23-02

- A. Diagnosis of developmental disability under definition cited in Arkansas Code Ann. § 20-48-101.
  - 1) Is attributable to intellectual disability, cerebral palsy, spina bifida, Down syndrome, epilepsy or autism spectrum disorder.
    - a. Intellectual Disability As established by scores of intelligence which fall two or more standard deviations below the mean of a standardized test of intelligence administered by a legally qualified professional; Infants/Preschool, 0-5 years developmental scales, administered by qualified personnel authorized in the manual accompanying the instrument used, which indicate impairment of general functioning similar to that of developmentally disabled persons;
    - b. Cerebral Palsy As established by the results of a medical examination provided by a licensed physician;
    - c. Spina bifida As established by the results of a medical examination provided by a licensed physician.
    - d. Down syndrome As established by the diagnosis of a licensed physician.

Effective Date: Page 1 of 5

Policy Type	Subject of Policy	Policy No.
Administrative	Agency Definition of Disability/Eligibility for Services	1035

- e. Epilepsy As established by the results of a neurological and/or licensed physician;
- f. Autism Spectrum Disorder As established by the results of a team evaluation including at least a licensed physician and a licensed psychologist and a licensed Speech Pathologist;

NOTE: Each of these four conditions is sufficient for determination of eligibility independent of each other. This means that a person who is intellectually disabled does not have to have a diagnosis of autism spectrum disorder, epilepsy, spina bifida, down syndrome, or cerebral palsy. Conversely, a person who has autism spectrum disorder, cerebral palsy, epilepsy, spina bifida, or Down syndrome does not have to have an intellectual disability to receive services.

- Is attributable to any other condition of a person found to be closely related to intribute had disability because it results in intrafferent of general intellectual functioning of a laptive behavior sufficient to those of persons with intellectual disability or requires treatment and services similar to those required for such persons. This determination must be based on the results of a team evaluation including at least a licensed Physician and a licensed Psychologist.
