

Rule 1151 Amendment Summary

This Amendment removes the word “graded,” as obsolete, and defines the time for payment of purses for the two remaining types of races – stakes and overnight races.

Rule 1151 Mark Up

1151. All portions of purse money earned by horses competing in ~~graded~~ stakes races shall be made available to the owners of such horse following the clearance of chemical analysis results from those horses who have undergone chemical analysis in such ~~graded~~ stakes races. All portions of purse money for horses running in ~~non-graded stakes races and all other overnight races that have not undergone chemical analysis~~ shall be made available to the owners of such horses on the next racing day following the day such horses competed and earned purse money. ~~Portions of purse money for horses running in non-graded stakes races and all other over night races that have undergone chemical analysis shall be paid to the owners of such horses within ninety-six (96) hours following the race in which the horse earned purse money.~~ Provided, however, any purse money earned by any horse in any race may be ordered by the Stewards to be withheld, pending a hearing and resolution of all appeals, should the chemical analysis of the horse indicate the presence of a drug, except as allowed in Rule 1232, or for any other good cause indicating that the horse involved (or its owner, trainer or jockey) may have violated any rule or regulation of the Racing Commission, or otherwise engaged in any conduct, which reasonably warrants withholding the purse under the circumstances. Provided, further, however, should the chemical analysis of any sample of a horse entitled to a share of the purse indicate the presence of a drug, except as allowed by Rule 1232, the purse may be revoked at any time up to nine (9) months following the race and ordered redistributed by the Racing Commission. The failure of the owner or jockey of the horse testing positive for the presence of a drug to repay the funds to the proper person(s) as ordered by the Racing Commission shall result in the suspension and/or revocation of the owner's or jockey's license. The money shall be repaid to the proper person(s) for distribution as soon as possible after recovery. After the period of nine (9) months following the race, all tests and obligations shall be void.
