The Honorable David Wallace, Co-Chairperson
The Honorable David Hillman, Co-Chairperson
Uniform Personnel Classification and
Compensation Plan Subcommittee
Arkansas Legislative Council
State Capitol Building, Room 315
Little Rock, Arkansas 72201

Dear Senator Wallace and Representative Hillman:

The office of Personnel Management is submitting the attached documents in accordance with Act 796 of the 93rd General Assembly which requires the identification of positions that have been vacant for two years or more. There are 912 vacant positions that are subject to this criterion.

The positions that are in this category have been reviewed by each department and OPM has received feedback on each position. The departments have identified positions as critical for current operations and these requests are reflected on the attached listing and are marked as "Retain" on each department's spreadsheet. Those positions that are marked as "796 Hold" are positions that the department had determined are not necessary at the current time.

The Office of Personnel Management has compiled the following summary data for your review. Spreadsheets for each department then follow that identify each two-year vacant position and the department's request for each position.
