Summary

Act 416 of 2019 (see appendix) provides additional revenue annually to the Arkansas Department of Transportation (Department) for the maintenance and preservation of highways and bridges in the State. This revenue is generated from three sources:

1. An increase to the wholesale sales tax on motor fuels;
2. Additional vehicle registration fees on hybrid and electric vehicles; and
3. Revenue generated from the net casino gaming receipts tax that exceeds \$31,200,000 in a fiscal year. This amount of this revenue shall be at least \$35,000,000 each fiscal year. If there is a shortfall from the net casino gaming receipts tax that exceeds \$31,200,000, the difference shall be made up from funds available in the Restricted Reserve Fund or from any other funds designated by the Governor.

Act 416 of 2019 also requires the Department to submit a report to the Governor and Legislative Council no later than November 1 of each year detailing the expenditures of the revenues generated. This report complies with the reporting requirement.

Revenue

Revenue from Act 416 did not begin flowing to the Department until October 2019. Therefore, the amount of revenue received from Act 416 is less than the \$95,000,000 projected for a full year. In SFY 2020, a total of \$72,305,163.56 was received by the Department from Act 416.

Preservation Projects

In SFY 2020, 22 projects funded by Act 416 were let to contract. Approximately 198 miles of roadway and 28 bridges will be improved by these projects. At the time of the submission of this report, all projects have been let to contract, but not all have been completed. Construction activities will continue, as weather permits, in order to complete the described improvements.

The total award amount of the 22 projects is \$81,457,236.58. Job A30006 in Hempstead County includes non-Act 416 funding totaling \$4,500,000. This amount is provided from a partnering agreement with Hempstead County and Tyson Foods. Therefore, the net amount of Act 416 funding for the 22 projects is \$76,957,236.58.

The difference of \$4,652,073.02 will be funded with Act 416 revenue that is received in subsequent months and will be included in the SFY 2021 Act 416 report.

The following pages include detailed information regarding Act 416 Revenue and Preservation Projects.

11 sufficient to pay for refunds made during that month to taxpayers from
12 overpayment of the income tax as certified by the Chief Fiscal Officer of the
13 State and transfer that amount to the Individual Income Tax Withholding Fund,
14 Corporate Income Tax Withholding Fund, and Home Owners Tax Relief Fund, as

35 SECTION 6. Arkansas Code Title 26 is amended to add an additional
36 chapter to read as follows:

CHAPTER 64

WHOLESALE SALES TAX ON FUEL

26-64-101. Wholesale sales tax on motor fuel.

(a) As used in this section:

(1) "Average wholesale selling price" means the United States Gulf Coast regular average wholesale selling price of motor fuel as published in an index by the Energy Information Administration within the United States Department of Energy or other similar reliable index if the index published by the Energy Information Administration within the United States Department of Energy is no longer available; and

(2) "Motor fuel" means the same as defined in § 26-55-202.

(b) In addition to the taxes levied in §§ 26-55-205, 26-55-1002, 26-55-1006, 26-55-1201, and 26-56-601, there is levied a wholesale sales tax upon the average wholesale selling price of motor fuel at the rate determined under this section.

(c)(1) On or before October 1, 2019, the Director of the Department of Finance and Administration shall determine the rate of the wholesale sales tax levied under this section by multiplying the twelve-month average wholesale selling price of motor fuel for the period of January 1, 2018, through December 31, 2018, by one and six-tenths percent (1.6%).

(2) The wholesale sales tax rate determined under this subsection is effective for the period of October 1, 2019, through September 30, 2020.

(3) To make the collection of the wholesale sales tax levied under this subsection more efficient, the director shall convert the wholesale sales tax calculated under subdivision (c)(1) of this section to a cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

(d)(1) Beginning July 1, 2020, and each July 1 thereafter, the director shall calculate the wholesale sales tax levied under this section by multiplying the twelve-month average wholesale selling price of motor fuel for the period of January 1 through December 31 of the immediately preceding year by one and six-tenths percent (1.6%).

(2) The wholesale sales tax rate calculated under this subsection is effective for the twelve-month period beginning on October 1 of the year in which the calculation is made under this subsection.

1 (3) To make the collection of the wholesale sales tax levied
2 under this subsection more efficient, the director shall convert the
3 wholesale sales tax calculated under subdivision (d)(1) of this section to a
4 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

5 (4)(A) If the twelve-month average wholesale selling price
6 calculated in subdivision (d)(1) of this section is more than the twelve-
7 month average wholesale selling price of the year preceding that calculation,
8 the director shall convert the resulting wholesale sales tax to a cent-per-
9 gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

10 (B) If the wholesale sales tax rate calculated in
11 subdivision (d)(1) of this section would result in an increase in the
12 wholesale sales tax of more than one-tenth of one cent (0.1¢) per gallon of
13 motor fuel when converted to a cent-per-gallon amount and rounded to the
14 nearest one-tenth of one cent (0.1¢), the percentage used in the calculation
15 of the wholesale sales tax rate under subdivision (d)(1) of this section
16 shall be limited to the highest percentage that results in a cents-per-gallon
17 amount that does not exceed one-tenth of one cent (0.1¢) for that twelve-
18 month period when rounded to the nearest one-tenth of one cent (0.1¢).

19 (5) If the twelve-month average wholesale selling price used for
20 the calculation in subdivision (d)(1) of this section is less than the
21 twelve-month average wholesale selling price of the preceding year, the
22 calculation under subdivision (d)(1) of this section shall not be made, and
23 the wholesale sales tax rate for the twelve-month period beginning October 1
24 shall be equal to the wholesale sales tax rate for the immediately preceding
25 twelve-month period.

26 (e) The wholesale sales tax levied under this section shall be paid by
27 motor fuel dealers to motor fuel distributors, who shall collect, report, and
28 remit the tax in the same manner and at the same time as is prescribed by law
29 for the collection, reporting, and payment of motor fuel taxes levied in
30 Title 26, Chapter 55, of the Arkansas Code.

31 (f) By August 1 of each year, the Department of Finance and
32 Administration shall publish the cent-per-gallon wholesale sales tax to be
33 collected by motor fuel dealers and paid to motor fuel distributors beginning
34 on October 1 of that year under this section and shall notify motor fuel
35 dealers and motor fuel distributors of the published amount.

36

1 26-64-102. Wholesale sales tax on distillate special fuel.

2 (a) As used in this section:

3 (1) "Average wholesale selling price" means the United States
4 Gulf Coast regular average wholesale selling price of distillate special fuel
5 as published in an index by the Energy Information Administration within the
6 United States Department of Energy or some other similar reliable index if
7 the index published by the Energy Information Administration within the
8 United States Department of Energy is no longer available; and

9 (2) "Distillate special fuel" means the same as defined in § 26-
10 56-102, except that it does not include distillate special fuel used for off-
11 road purposes as identified in § 26-56-224.

12 (b) In addition to the taxes levied in §§ 26-56-201, 26-56-502 and 26-
13 56-601, there is levied a wholesale sales tax upon the average wholesale
14 selling price of distillate special fuel at the rate determined under this
15 section.

16 (c)(1) On or before October 1, 2019, the Director of the Department of
17 Finance and Administration shall determine the rate of the wholesale sales
18 tax levied under this section by multiplying the twelve-month average
19 wholesale selling price of distillate special fuel for the period of January
20 1, 2018, through December 31, 2018, by two and nine-tenths percent (2.9%).

21 (2) The wholesale sales tax rate determined under this
22 subsection is effective for the period of October 1, 2019, through September
23 30, 2020.

24 (3) To make the collection of the wholesale sales tax levied
25 under this subsection more efficient, the director shall convert the
26 wholesale sales tax calculated under subdivision (c)(1) of this section to a
27 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

28 (d)(1) Beginning July 1, 2020, and each July 1 thereafter, the
29 director shall calculate the wholesale sales tax levied under this section by
30 multiplying the twelve-month average wholesale selling price of distillate
31 special fuel for the period of January 1 through December 31 of the
32 immediately preceding year by two and nine-tenths percent (2.9%).

33 (2) The wholesale sales tax rate calculated under this
34 subsection is effective for the twelve-month period beginning on October 1 of
35 the year in which the calculation is made under this subsection.

36 (3) To make the collection of the wholesale sales tax levied

1 under this subsection more efficient, the director shall convert the
2 wholesale sales tax calculated under subdivision (d)(1) of this section to a
3 cent-per-gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

4 (4)(A) If the twelve-month average wholesale selling price
5 calculated in subdivision (d)(1) of this section is more than the twelve-
6 month average wholesale selling price of the year preceding that calculation,
7 the director shall convert the resulting wholesale sales tax to a cent-per-
8 gallon amount rounded to the nearest one-tenth of one cent (0.1¢).

9 (B) If the wholesale sales tax rate calculated in
10 subdivision (d)(1) of this section would result in an increase in the
11 wholesale sales tax of more than one-tenth of one cent (0.1¢) per gallon of
12 distillate special fuel when converted to a cent-per-gallon amount and
13 rounded to the nearest one-tenth of one cent (0.1¢), the percentage used in
14 the calculation of the wholesale sales tax rate under subdivision (d)(1) of
15 this section shall be limited to the highest percentage that results in a
16 cents-per-gallon amount that does not exceed one-tenth of one cent (0.1¢) for
17 that twelve-month period when rounded to the nearest one-tenth of one cent
18 (0.1¢).

19 (5) If the twelve-month average wholesale selling price used for
20 the calculation in subdivision (d)(1) of this section is less than the
21 twelve-month average wholesale selling price of the preceding year, the
22 calculation under subdivision (d)(1) of this section shall not be made, and
23 the wholesale sales tax rate for the twelve-month period beginning October 1
24 shall be equal to the wholesale sales tax rate for the immediately preceding
25 twelve-month period.

26 (e) The wholesale sales tax levied under this section shall be paid by
27 distillate special fuel dealers to distillate special fuel suppliers, who
28 shall collect, report, and remit the tax in the same manner and at the same
29 time as is prescribed by law for the collection, reporting, and payment of
30 distillate special motor fuel taxes levied in Title 26, Chapter 56, of the
31 Arkansas Code.

32 (f) By August 1 of each year, the Department of Finance and
33 Administration shall publish the cent-per-gallon wholesale sales tax to be
34 collected by distillate special fuel dealers and paid to distillate special
35 fuel suppliers beginning on October 1 of each year under this section and
36 shall notify distillate special fuel dealers and distillate special fuel

1 suppliers of the published amount.
