

Office of Skills Development

Arkansas Workforce Connections

About us

OSD's mission is to strategically invest in all levels of the Arkansas workforce, from students to incumbent workers, raising education and skill levels, meeting the needs of companies operating in Arkansas, balancing workforce workforce and employer interests, leading to greater economic achievement for workers and companies.

Programs

OSD training grants assist local businesses and the Arkansas workforce by funding programs that aim to close worker skills gaps and provide professional development and customized technical training for employees. Employers can find information on eligibility, requirements, and how to apply for OSD grants online or by contacting OSD.

Apprenticeship is a time-tested means of successfully training individuals for high-paying, in-demand careers. OSD oversees Registered Apprenticeship Programs in Arkansas through the Office of Apprenticeship, which assists companies in designing and launching apprenticeship programs.

High School Career Centers are located at high schools, post-secondary institutions, and technical institutes across the state and offer students the opportunity to gain job skills, career prep, and college credits at no cost.
