DATE: April 10, 2018

RE: APRIL 11, 2018 MEETING

It is my understanding that the Water Provider Task Force will be holding a day-long meeting on Wednesday, April 11, 2018, to discuss the background information and complaints regarding the Hot Springs Municipal Water System. Unfortunately, I have a medical procedure scheduled for that date, and will not be able to attend.

In light of the agenda, I wanted to provide each of you with the statistical information regarding water connection applications from April 1, 2013 to present. The following three (3) tables are a compilation of the number of applications received during the identified periods, and the approvals of during that same duration.

There are many factors that are considered in evaluating any application, including adequate pressure, access to a public road, and the location of a proposed service line. I hope that the data below will be of some assistance to you in your deliberations. Please know that I am available to answer any questions that you may have. Feel free to contact me at (501) 321-6860, or bburrough@cityhs.net.
