## Parental Involvement

- We believe that parental involvement is very important in educational success. Our success lies within the following triad:

LISA Academy

## Parental Involvement

- Home Visits
- Parent Activities
- Watch D.O.G.S
- Parent-Teacher Communication
- Weekly LISA Mail
- Open-Door Policy
- Homeroom Picnics
- Open Houses
- Parent-Teacher Conferences
- Doughnuts with Dads
- Muffins with Moms
- Cookies with Grandparents

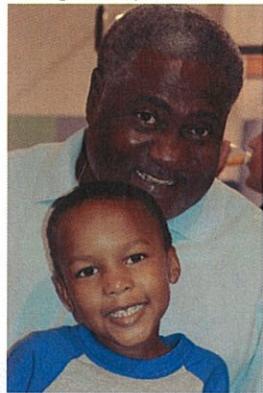

## Parental Involvement

- Parents are able to follow along with their child's classroom activities, grades, homework, attendance, and discipline issues via the internet with the Online Information Center and mobile app

## Discipline and Positive Reinforcement at LISA Academy Public Charter School

The Jaguars' Best Practices

## Detention Point System

- Minor behavioral infractions are assigned numerical value
- Parental notification via database and app
- Accrual of so many points = Saturday Detention
- Deters misbehaviors
- More instructional time

## Positive Reinforcement Points

- Good deeds/ behavior assigned numerical value
- Parental notification via database and app
- Encourages positive behaviors/ atmosphere
- Rewards/ recognizes the good
- Reduces detention points

The screenshot shows a web-based application titled "S-INFO Database". At the top, there is a navigation bar with links for Notifications, Contacts, Test Center, Grades, Homework, Attendance, Schedule, and Discipline. A large yellow star icon is positioned above the navigation bar.

## THE ART OF LAP BOOKING

- **Lap booking can be done by any age, subject or grade.**
- **As you teach mini lessons in a unit, you produce foldables that are pasted into a folder.**

**Foldables  
start like  
this...**

The left side of the slide features a diagram of a three-panel foldable. It shows a vertical fold in the middle and two horizontal folds at the bottom, creating three rectangular panels. The right side shows a photograph of a classroom wall where students have displayed numerous foldable projects, including books, charts, and other educational materials.

# VISUAL KNOWLEDGE

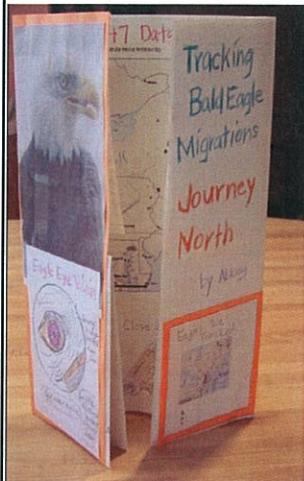

**Interactive**      **Hands-on Learning**      **Create Interest**

**Kinesthetic and Visual**

**Great to recall a lot of info. in small chunks.**

Promotes creative thinking, aids memory skills and recall. Whole Brain Teaching says to teach in small chunks.

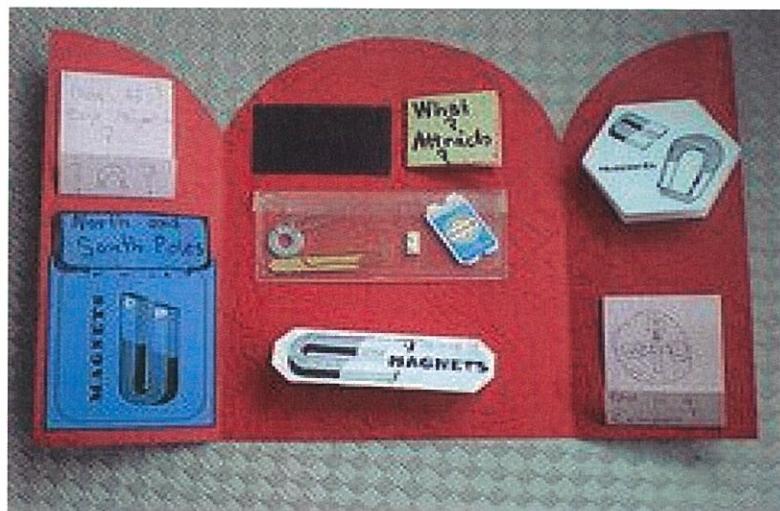

## MINI BOOKS = CHUNKING INFORMATION

**Breaking down information into bite-sized pieces so the brain can more easily digest new information**

## Magnet Lap book

**WHAT DO YOU DO WITH YOUR LAP BOOKS?**

- Review
- Conversation piece about what students have been learning
- Great for vocabulary

Learning how to harness smart crowds to deliver educational resources that make a difference.

In December 2011, Ian Waitz, MIT's Dean of Engineering, launched the MIT-K12 project initiative in the School of Engineering. They successfully launched several pilot rounds of video production in which students were given free rein to write, film, and edit the videos that currently make up the majority of the content you see here today (and you can browse our favorites here!). During these pilot rounds, Dean Waitz, Becky Cassler
