## APSCN Broadband Upgrades

Senator Jane English

Department of Information Systems

#### **APSCN BROADBAND UPGRADE**

|   | Installed | Scheduled | Ordered | FY17 Install |
|---|-----------|-----------|---------|--------------|
| North Little Rock School<br>District*     |           |           |         |              |
| Pulaski County Special<br>School District |           |           |         |              |

\* The NLR School District signed five-year contract with vendor for direct internet access (DIA) that does not expire until 2020. DIS continues to discuss DIA contracts with vendors to release districts from long term contracts so APSCN upgrades can be completed. DIS has completed an initial phase of the APSCN upgrade, but is delaying completion to allow for the maximum amount of contract fulfillment as possible.

### APSCN Broadband Upgrades

**Representative Mark Lowery** 

Department of Information Systems

#### **APSCN BROADBAND UPGRADE**

|   | Installed | Scheduled | Ordered | FY17 Install |
|---|-----------|-----------|---------|--------------|
| North Little Rock School<br>District*     |           |           |         |              |
| Pulaski County Special<br>School District |           |           |         |              |

\* The NLR School District signed five-year contract with vendor for direct internet access (DIA) that does not expire until 2020. DIS continues to discuss DIA contracts with vendors to release districts from long term contracts so APSCN upgrades can be completed. DIS has completed an initial phase of the APSCN upgrade, but is delaying completion to allow for the maximum amount of contract fulfillment as possible.
