**PUBLIC COMMENT:** A public hearing was held on this rule on June 4, 2024. The public comment period expired on June 5, 2024. The agency indicated it allowed additional time for industry members to submit additional comments through June 13, 2024. The agency provided the following public comment summary:

**Commenter's Name:** Donna McGriff

**COMMENT:** I have an issue with section 10-6 regarding cupping. There is no qualifying requirements for who can teach the Cupping in a school. I suggest you add that the instructor has been approved by the DOH to teach this class. **RESPONSE:** All continuing education hours are approved by the Massage Therapy Technical Advisory Committee and each applicant wishing to teach continuing education hours must submit documentation that they are properly trained in the subject matter they intend to teach.

**Commenter's Name:** Christabelle Carpenter

**COMMENT:** The proposed changes to the massage rules/laws, is vague on the wording of inspectors being allowed to enter any room of a massage clinic/office/school. In the past, no one except the massage therapist was allowed to enter the massage room if a client was in that room or on the massage table. The current proposed changes to the inspection part of the laws/rules, makes it sound like an inspector can enter that massage room if a client is in that room or on the massage table, regardless of whether the inspector came at an appointed time or made an unannounced visit. Clarification is needed on this point, please. **RESPONSE:** Ark. Code §17-86-203(b)(2) specifically prohibits inspectors from entering a room in which a client is receiving treatment. The Department of Health follows the law in this matter, and will review this for addition of the law in future rule revisions.

**Commenter's Name:** Rachel McKeethen

**COMMENT:** Is control or direction of licensed physician, medical hospital or similar licensed medical institution defined by review, access, or control of a plan of care or treatment plan by licensed physician or medical institution of patient and or client records that are receiving touch base therapy or massage therapy? Ex; Physician owns and rents out a space, room, or building that is used by a non-licensed person to practice massage. This physician has no supervision or access to patient or client records, treatment plan, plan of care, or treatment notes. Is this still considered exempt from Arkansas Massage Therapy Law Rules and Regulations? **RESPONSE:** Ark. Code §17-86-301(b)(1) specifically exempts from licensure persons authorized by the laws of this state to practice medicine, osteopathy, podiatry, or physical therapy, and licensed physicians' assistants, licensed nurses, licensed physical therapy assistants, licensed acupuncturists, licensed midwives, and chiropractors. This exemption extends to individuals to whom the exempt professional delegates tasks within their scope of practice. Supervision and oversight for those professionals are subject to their licensing entity and any complaints must be directed to that licensing entity for investigation.

Commenter's Name: Ashley Hernandez, Federation of State Massage Therapy Boards\

**COMMENT:** Dear Members of the Massage Therapy Technical Advisory Committee (MTTAC):

The FSMTB is a not-for-profit organization comprised of 45 massage therapy regulatory boards/agencies in the United States with a mission to support its membership in their work to ensure that the practice of massage therapy is provided to the public safely and competently. Arkansas' MTTAC is a member of the FSMTB. The FSMTB provides collective wisdom and best practices to its membership to promote uniformity of massage therapy regulation, ensuring protection of the health, safety, and welfare of the consuming public. It is imperative that therapists have a basic, entry-level knowledge of the massage therapy profession. FSMTB is writing in concern of the current proposed rules for approved massage therapy apprenticeship programs. The rule defers to the federal apprenticeship guidelines for approval and does not provide any additional state level requirements. Therefore, if the federal guideline were to change, the state would have no choice but to defer to those requirements without any state minimum standards. FSMTB recommends that the MTTAC add minimum standards for apprenticeships to the proposed rules, including minimum program hours, apprenticeship ratio, compensation provisions, and structural guidelines including visual learning to hands-on requirements and competency needs. FSMTB does not oppose apprenticeships as a pathway to licensure but acknowledges that without proper oversight and guidelines, apprenticeships can be a source of workers' rights abuse, human trafficking, and a means for cheap labor. Apprenticeships can be abused by the mentor, resulting in a form of indentured servitude. Therefore, FSMTB urges MTTAC to consider additional guidelines for apprenticeships to fortify the standards outlined by the Federal Office of Apprenticeships to protect apprentices and uphold professional standards. Thank you for the opportunity to present you with testimony. Should you have any questions or would like additional information, please contact Ashley Hernandez, Government Relations Specialist at (913) 681-0380 or [ahernandez@fsmthb.org](mailto:ahernandez@fsmthb.org).

**RESPONSE:** With the exception of issuance of learning permits for the purposes of background checks, the MTTAC and the Board of Health have no authority over apprenticeship programs under Act 811 of 2021 ("Earn and Learn Act"). Regulatory authority regarding apprenticeship programs was delegated to the Federal Government under said Act. See Ark. Code Ann. §17-6-101, et seq.

The proposed effective date is pending legislative review and approval.

**FINANCIAL IMPACT:** The agency indicated that this rule has no financial impact.

**LEGAL AUTHORIZATION:** The State Board of Health may promulgate and enforce reasonable rules for the purpose of carrying out Title 17, Chapter 86 of the Arkansas Code, regarding massage therapists. This rule implements Acts 45, 137, 167, 457, and 531 of 2023.

Act 45, sponsored by Senator Missy Irvin, created a student and apprentice level of licensure in the massage therapy profession.

Act 137, sponsored by Senator Ricky Hill, amended the Arkansas Occupational Licensing of Uniformed Service Members, Veterans, and Spouses Act of 2021, added consideration of national certifications toward initial occupational licensure and extended the application to spouses, and eliminated the one-year limit for veterans to apply service education, training, or certifications toward initial occupational licensure.

Act 167, sponsored by Representative John Maddox, amended the definition and requirements of a master massage therapist within the Massage Therapy Act.

Act 531, sponsored by Representative Zack Gramlich, amended the list of persons who are mandated reporters under the Child Maltreatment Act and named a licensed massage therapist as a mandated reporter under the Child Maltreatment Act.

Yes      No

If yes, the agency is required by Ark. Code Ann. § 25-15-204(e)(4) to file written findings at the time of filing the financial impact statement. The written findings shall be filed simultaneously with the financial impact statement and shall include, without limitation, the following:

- (1) a statement of the rule's basis and purpose;
- (2) the problem the agency seeks to address with the proposed rule, including a statement of whether a rule is required by statute;
- (3) a description of the factual evidence that:
  - (a) justifies the agency's need for the proposed rule; and
  - (b) describes how the benefits of the rule meet the relevant statutory objectives and justify the rule's costs;
- (4) a list of less costly alternatives to the proposed rule and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;
- (5) a list of alternatives to the proposed rule that were suggested as a result of public comment and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;
- (6) a statement of whether existing rules have created or contributed to the problem the agency seeks to address with the proposed rule and, if existing rules have created or contributed to the problem, an explanation of why amendment or repeal of the rule creating or contributing to the problem is not a sufficient response; and
- (7) an agency plan for review of the rule no less than every ten (10) years to determine whether, based upon the evidence, there remains a need for the rule including, without limitation, whether:
  - (a) the rule is achieving the statutory objectives;
  - (b) the benefits of the rule continue to justify its costs; and
  - (c) the rule can be amended or repealed to reduce costs while continuing to achieve the statutory objectives.

### **Section 2** **Principles, Methods and Definitions**

Terms found in Arkansas Code §17-86-102 are descriptive rather than limiting, and massage therapy includes those techniques which are utilized in all phases of massage and bodywork for the purposes of relaxation, stress reduction, pain relief, injury prevention, injury repair, postural improvement and/or health enhancement.

1. "Apprenticeship" means a program that meets the federal guidelines set out in 29 C.F.R. Part 29, as existing on March 1, 2021, and approved by the United States Office of Apprenticeship as meeting the requirements of an apprenticeship.
2. "Assist" means acting as an aide to a master massage therapist or massage therapy instructor.

*I have an issue with section 10-6 regarding cupping. There is no qualifying requirements for who can teach the Cupping in a school. I suggest you add that the instructor has been approved by the DOH to teach this class.*

### **AGENCY RESPONSE:**

All continuing education hours are approved by the Massage Therapy Technical Advisory Committee and each applicant wishing to teach continuing education hours must submit documentation that they are properly trained in the subject matter they intend to teach.

*The proposed changes to the massage rules/laws, is vague on the wording of inspectors being allowed to enter any room of a massage clinic/office/school. In the past, no one except the massage therapist was allowed to enter the massage room if a client was in that room or on the massage table. The current proposed changes to the inspection part of the laws/rules, makes it sound like an inspector can enter that massage room if a client is in that room or on the massage table, regardless of whether the inspector came at an appointed time or made an unannounced visit. Clarification is needed on this point, please.*

### **AGENCY RESPONSE:**

Ark. Code §17-86-203(b)(2) specifically prohibits inspectors from entering a room in which a client is receiving treatment. The Department of Health follows the law in this matter, and will review this for addition of the law in future rule revisions.

*Is control or direction of licensed physician, medical hospital or similar licensed medical intuition defined by review, access, or control of a plan of care or treatment plan by licensed physician or medical institution of patient and or client records that are receiving touch base therapy or massage therapy? Ex; Physician owns and rents out a space, room, or building that is used by a non-licensed person to practice massage. This physician has no supervision or access to patient or client records, treatment plan, plan of care, or treatment notes. Is this still considered exempt from Arkansas Massage Therapy Law Rules and Regulations?*

## AGENCY RESPONSE:

Ark. Code §17-86-301(b)(1) specifically exempts from licensure persons authorized by the laws of this state to practice medicine, osteopathy, podiatry, or physical therapy, and licensed physicians' assistants, licensed nurses, licensed physical therapy assistants, licensed acupuncturists, licensed midwives, and chiropractors. This exemption extends to individuals to whom the exempt professional delegates tasks within their scope of practice. Supervision and oversight for those professionals are subject to their licensing entity and any complaints must be directed to that licensing entity for investigation.

Ashley Hernandez, Federation of State Massage Therapy Boards\

Received June 4, 2024

*Dear Members of the Massage Therapy Technical Advisory Committee (MTTAC):  
The FSMTB is a not-for-profit organization comprised of 45 massage therapy regulatory boards/agencies in the United States with a mission to support its membership in their work to ensure that the practice of massage therapy is provided to the public safely and competently. Arkansas' MTTAC is a member of the FSMTB. The FSMTB provides collective wisdom and best practices to its membership to promote uniformity of massage therapy regulation, ensuring protection of the health, safety, and welfare of the consuming public. It is imperative that therapists have a basic, entry-level knowledge of the massage therapy profession. FSMTB is writing in concern of the current proposed rules for approved massage therapy apprenticeship programs. The rule defers to the federal apprenticeship guidelines for approval and does not provide any additional state level requirements. Therefore, if the federal guideline were to change, the state would have no choice but to defer to those requirements without any state minimum standards. FSMTB recommends that the MTTAC add minimum standards for apprenticeships to the proposed rules, including minimum program hours, apprenticeship ratio, compensation provisions, and structural guidelines including visual learning to hands-on requirements*

*and competency needs. FSMTB does not oppose apprenticeships as a pathway to licensure but acknowledges that without proper oversight and guidelines, apprenticeships can be a source of workers' rights abuse, human trafficking, and a means for cheap labor. Apprenticeships can be abused by the mentor, resulting in a form of indentured servitude. Therefore, FSMTB urges MTTAC to consider additional guidelines for apprenticeships to fortify the standards outlined by the Federal Office of Apprenticeships to protect apprentices and uphold professional standards. Thank you for the opportunity to present you with testimony. Should you have any questions or would like additional information, please contact Ashley Hernandez, Government Relations Specialist at (913) 681-0380 or [ahernandez@fsmtb.org](mailto:ahernandez@fsmtb.org).*

## AGENCY RESPONSE:

With the exception of issuance of learning permits for the purposes of background checks, the MTTAC and the Board of Health have no authority over apprenticeship programs under Act 811 of 2021 ("Earn and Learn Act). Regulatory authority regarding apprenticeship programs was delegated to the Federal Government under said Act. See Ark. Code Ann. §17-6-101, et seq.

Proceed to adoption.
