

DEPARTMENT OF HEALTH, ARKANSAS STATE BOARD OF NURSING

SUBJECT: Delegation, 17 CAR pt. 124

DESCRIPTION:

Purpose

Act 959 of 2025 now allows APRNs to delegate certain tasks to Unlicensed Healthcare Workers. This amendment excludes APRN delegation to Unlicensed Healthcare Workers pursuant to 17 CAR § 123-402(h) from the list of nursing tasks that shall not be delegated. 17 CAR § 123-402(h) outlines the parameters for delegation to unlicensed healthcare workers.

Background

17 CAR § 124-105 lists nursing tasks that shall not be delegated. Paragraph (5) states that administration of medications or intravenous therapy shall not be delegated. However, there were two previous exceptions listed in subparagraphs (A) and (B). Because Act 959 now allows delegation of some medications to unlicensed healthcare workers, subparagraph (C) is added as another exception to paragraph (5).

Key Points

Delegation of certain medication administrations to unlicensed healthcare workers is now allowed by Act 959 of 2025, therefore that exception to the list of nursing tasks that shall not be delegated should be added to this rule to comply with the Act.

Discussion

This amendment complies with Act 959 of 2025.

PUBLIC COMMENT: A public hearing was not held on this matter. The public comment period expired March 13, 2026. The agency indicated that it received no public comments.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency has indicated that the rule has no financial impact.

LEGAL AUTHORIZATION: The Arkansas State Board of Nursing shall have the power and responsibility to promulgate whatever rules it deems necessary for the implementation of Arkansas Code Title 17, Chapter 87, concerning nurses. *See* Arkansas Code § 17-87-203(1)(A).

The proposed rule implements Act 959 of 2025, sponsored by Representative Aaron Pilkington, which authorized an advanced practice registered nurse to delegate certain tasks to medical assistants and other unlicensed staff.

Subchapter A. Generally

Part 124. Delegation

(2) Assessment of the nursing needs of a client, the plan of nursing actions, implementation of the plan, and evaluation of the plan under the direction of a registered professional nurse are essential components of nursing practice.

(3) Unlicensed personnel may be used to complement the licensed nurse in the performance of nursing functions, but such personnel cannot be used as a substitute for the licensed nurse.

(A) Occur within the framework of the job description of the delegatee and organizational policies and procedures; and

(B) Be in compliance with the Arkansas Nurse Practice Act.

DRAFT

06/12/2025 10:02:47 AM

(3) The following sections govern the licensed nurse in delegating and supervising nursing tasks to unlicensed personnel in all settings.

17 CAR § 124-102. Criteria for delegation.

(a) Delegation of nursing tasks to unlicensed persons shall comply with the following requirements:

(1) A licensed nurse delegating the task is responsible for the:

(A) Nursing care given to the client; and

(B) Final decision regarding which nursing tasks can be safely delegated;

(2)(A) A licensed nurse must make an assessment of the client's nursing care needs prior to delegating the nursing task.

(B) Reference 17 CAR § 124-103 for exceptions;

(3) The nursing task must be one that:

(A) A reasonable and prudent licensed nurse would assess to be appropriately delegated;

(B) Would not require the unlicensed person to exercise nursing assessment, judgment, evaluation, or teaching skill; and

(C) Can be properly and safely performed by the unlicensed person involved without jeopardizing the client's welfare;

(4) A licensed nurse shall have:

(7)(A) Unlicensed nursing students may work only as unlicensed nursing personnel.

(B) They may not represent themselves or practice as nursing students except as part of a scheduled clinical learning activity in the curriculum of an Arkansas State Board of Nursing-approved nursing program; and

(8) The licensed nurse shall adequately supervise the performance of delegated nursing tasks in accordance with the requirements of supervision that follow.

(b) **Supervision.** The degree of supervision required shall be determined by the licensed nurse after an evaluation of appropriate factors involved, including, but not limited to, the following:

- (1) The stability of the condition of the client;
- (2) The training and capability of the unlicensed person to whom the nursing task is delegated;
- (3) The nature of the nursing task being delegated; and

17 CAR § 124-103. Specific nursing tasks that may be delegated without prior nursing assessment.

By way of example, and not in limitation, the following nursing tasks are ones that are within the scope of sound nursing practice to be delegated, provided the delegation is in compliance with Arkansas Code § 17-87-102 and the level of supervision required is determined by the nurse:

(1) Noninvasive and nonsterile treatments unless otherwise prohibited by 17 CAR § 124-104 (relating to nursing tasks that may not be routinely delegated);

(3) If the licensed nurse delegating the task is directly responsible for the nursing care given to the client;

(4) If the agency, facility, or institution employing unlicensed personnel follows a current protocol for the instruction and training of unlicensed personnel performing nursing tasks under this subsection and that said protocol:
