The current board is revising this rule currently and while the term "reciprocity" is in use today, the board is changing the terminology to "License by Endorsement". This rule provides an allowance for an out of state license that is active, current, with no disciplinary action, to transfer to AR with only a few stipulations. The board will further clarify the portability steps in the rules to allow for an avenue of transfer for military (spouses), and out of state licensees.

The is particularly important for out of state candidates wanting to practice in AR as each state has different rules around privilege communication, mandated reporter laws, duty to warn, record keeping, and other practice specific issues.
