**McCall Harriman, Grants Coordinator**

**Kay Groce, Executive Assistant**

**Arkansas Department of Aeronautics**

# COMMISSION

**Bill Morgan, – Paragould**

**James “Jay” Brain – Rogers**

**Samuel Jackson – Blytheville**

**David Glover – Tillar**

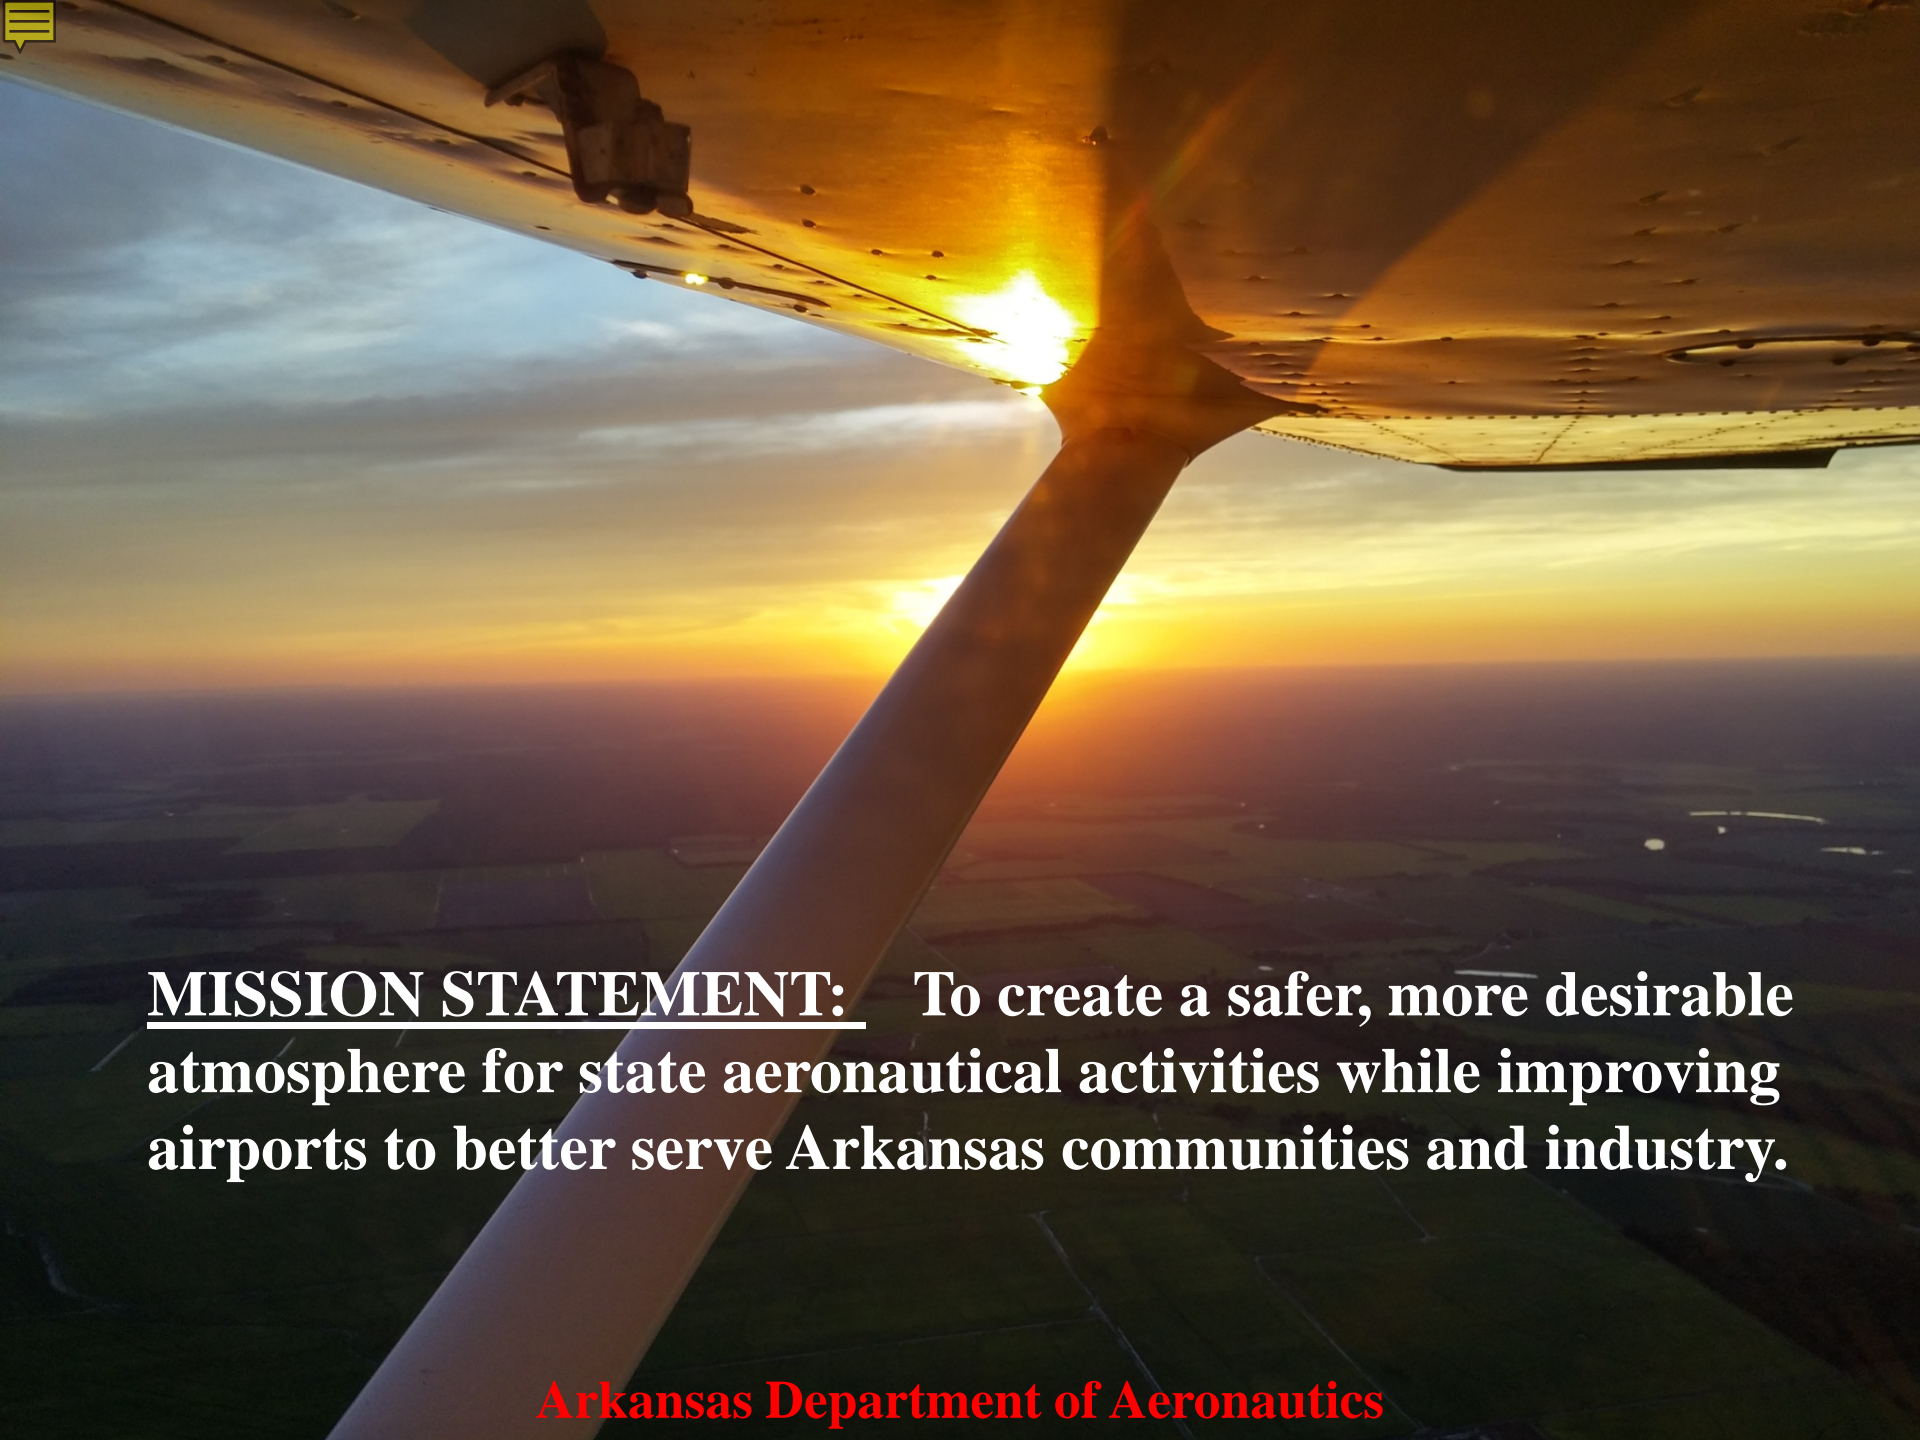

**Wiley Blansett – Searcy**

**Clark Mason – Little Rock**

**William McKenzie – Fayetteville**

**Arkansas Department of Aeronautics**

A low-angle, aerial view of an aircraft's wing and fuselage, looking out over a vast landscape at sunset. The sun is low on the horizon, creating a strong orange and yellow glow that reflects off the underside of the wing. The landscape below is a patchwork of fields and roads, appearing in silhouette against the bright sky. The wing's structure, including rivets and a fuel tank, is visible in the foreground.

**MISSION STATEMENT:** To create a safer, more desirable atmosphere for state aeronautical activities while improving airports to better serve Arkansas communities and industry.

**Arkansas Department of Aeronautics**

**ADA receives revenue funding from a Special Revenue account derived from the sales tax paid on aircraft, aviation fuel, aviation related products, parts and labor.  
NO GENERAL REVENUE FUNDS ARE USED!!  
Our appropriation is \$15,000,000.00 per year.**

**All 92 public owned / public use airports are eligible for funding on a reimbursable, matching basis and all Arkansas airports are actively participating in this grant program.**

**Arkansas Department of Aeronautics**

An aerial photograph of an airplane wing, likely a small general aviation aircraft, taken from a low angle looking up. The wing is silhouetted against a bright, low sun, creating a strong lens flare and illuminating the underside of the wing. The background shows a vast, flat landscape under a hazy sky.

# STATE AIRPORT AID GRANT CLASSIFICATIONS

- SAAG 90-10% match to Federal AIP - \$400,000
- SAAG 50-50% match - \$400,000
- SAAG 80-20% match - \$400,000
- SAAG 90-10% - \$200,000
- SAAG 100%
