OPTION 1

2015 DRAFT Imagery Acquisition Plan Option 1.

Plan Objectives: Contiguous Block, covers 40% of the State by Area based on \$35 per square mile estimated cost.

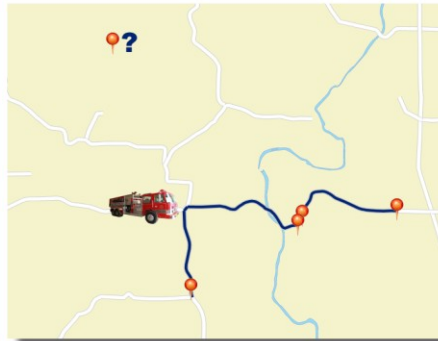

Additional contiguous areas added subject to availability of funding or reduced cost.

Areas shown in red 21,793 square miles would be covered. Under this plan.

ARKANSAS
GIS OFFICE

Our first responders need good maps.

A good map contains road and address data that are needed for routing emergency responders.

- Faster response to the **RIGHT** location.
- Shorter time saves property and **LIVES!**
