The Honorable Andrea Lea
Senate and House Interim Committees on State Agencies and Governmental Affairs
State Capitol, Room 315

Dear Sen. Williams and Rep. Lea,

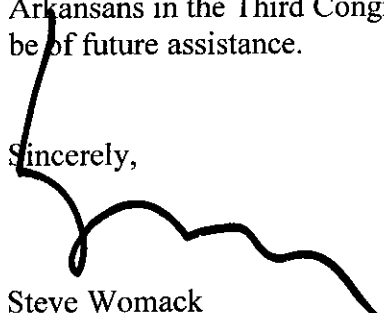

I appreciate your invitation to attend a meeting of the Senate and House Interim Committees on State Agencies and Governmental Affairs on November 10, 2014. While I am unable to be present, I understand that the topic to be discussed pertains to the Plains and Eastern transmission line project being planned by Clean Line Energy.

I want you to know that I am aware of the concerns expressed by those in opposition to this project. I am opposed to the federal government pursuing a partnership on a transmission line project with an entity that is currently not recognized as a licensed utility provider by the State of Arkansas.

I have registered an inquiry with the U.S. Department of Energy regarding its consideration of a partnership with Clean Line at this time and the possible use of federal eminent domain authority if the agency ultimately decides to join the project. The project is currently undergoing a review through the DOE's NEPA process with a draft EIS expected soon. I will continue to remain engaged as this process continues.

I appreciate everything you do to represent your constituents, and I consider it an honor to serve Arkansans in the Third Congressional District. Please do not hesitate to contact me if I can ever be of future assistance.

Sincerely,

Steve Womack
Member of Congress
