A Message From the Commissioner

I strongly feel the staff of the Arkansas Insurance Department (AID) work hard every day to fulfill the mission set forth below. I have always been consumer driven, and found when I arrived here at AID in 2009, a group of like-minded individuals. Every insurance complaint we receive is thoroughly investigated. The resolution may not always be what the consumer wanted, but it is within the parameters of the law and regulations.

This past year a great deal of effort has been devoted to meeting deadlines related to the Affordable Care Act (ACA) and ensuring that Arkansas consumers are truly served by its provisions. Arkansas has elected to participate in a State Partnership Exchange or Health Insurance Marketplace (HIM) and a large number of individuals (many as volunteers) have devoted their time to getting the word out to Arkansans as to what to expect as Open Enrollment begins in the fall of 2013 and coverage kicks in on January 1, 2014.

The Beebe administration and the Legislature should be commended for protecting Arkansas consumers by enacting what has come to be known as the "Private Option." This innovative concept uses federal funds to purchase health insurance from private health insurance companies for many Medicaid-eligible consumers.

AID collects and distributes a large amount of funds from various sources, including licenses, permits, and fees. In 2012, more than \$99 million was directed to General Revenue while more than \$50 million went to police and firemen pension funds.

Upon review of the information contained in this report, I hope you will agree with me that we do a good job of regulating and overseeing the business of insurance in Arkansas and protecting the insurance consumers of our great state.

History of Insurance Commissioners

AUDITORS OF STATE

The work of the Insurance Department was formerly placed by law in the office of the Auditor of State. The "Insurance Bureau" was established in the Auditor's office by the Act of April 25, 1873, the Auditor being charged by same with the execution of the laws of the state relating to insurance.

The General Assembly of 1917, by Act No. 190, approved March 7, 1917, on account of the greatly increased volume of work required to be done by the insurance department, separated same from the office of the Auditor of State and created the State Insurance Department. The head of the Insurance Department shall be an Insurance Commissioner appointed by the Governor with the advice and consent of the Senate. The Insurance Commissioner shall enforce the provisions of the Arkansas Insurance Code and shall execute the duties imposed upon him or her by the Arkansas Insurance Code.

The Arkansas Insurance Department is accredited by the NAIC. To achieve this accreditation, the Department must meet stringent national standards that demonstrate it effectively regulates insurance companies for solvency. The Arkansas Insurance Department views accreditation by the NAIC as an important part of our commitment to the citizens of Arkansas. Accreditation standards enable us to provide expanded consumer protections and to institute and maintain the highest standards in financial regulation. NAIC repeats the accreditation review every five years to confirm that the Department continues to meet all requirements. The Department was most recently accredited in March 2011.

AID Divisions and Programs

ADMINISTRATION

501-371-2622

insurance.administration@arkansas.gov

The Administration Division oversees the overall operations of the AID, establishes Department policy, handles all media inquiries, security, and coordinates consumer protection and outreach activities. Each of the divisions works collectively to ensure the Department's mission of consumer protection is fulfilled. This staff of approximately 200 highly skilled and dedicated employees is committed to serving the citizens of Arkansas every day.

ACCOUNTING

501-371-2605

insurance.accounting@arkansas.gov

The Accounting Division collects and oversees fees and premium taxes from all insurance companies conducting business in the State of Arkansas. These fees not only fund the AID (no monies are received from the state's General Revenue Fund), but the taxes are also used to contribute to the state's Police and Firemen Pension Funds and General Revenue. The division handles all purchasing and accounts payable for AID, as well as the development of biennium budgets.

ARKANSAS HEALTH CONNECTOR

501-683-4170

insurance.exchange@arkansas.gov

The Arkansas Health Connector (AHC) was established to manage and implement the new Health Insurance Marketplace (HIM) in Arkansas in accordance with the Patient Protection and Affordable Care Act (PPACA) of 2010. As a State Partnership Marketplace, AHC is responsible for certifying and monitoring health insurance plans sold through the federal HIM, ensuring access, affordability, quality and choice for Arkansans. AHC is also responsible for consumer assistance and outreach operations, informing Arkansans of their new health insurance options and connecting them to the federal Health Insurance Marketplace which opens for enrollment October 1, 2013, with full coverage available January 1, 2014.

COMPLIANCE

501-371-2800

insurance.LnH@arkansas.gov insurance.PnC@arkansas.gov

Life & Health (L&H) is responsible for the review and approval of life and health forms, rates and advertising. L&H must approve premiums for individual health policies and must ensure that benefits on health policies provide an acceptable relationship to the premiums charged. L&H reviews contracts for guaranteed interest policies, including life and annuity and variable contracts, equity indexed annuities, funeral insurance, credit life and disability, individual and group health plans, long-term care, Medicare supplements and supplemental benefits contracts, as well as contracts for health maintenance organizations (HMOs).

Property & Casualty (P&C) is responsible for monitoring and regulating rate and form filing activities. All insurance companies transacting business in the State of Arkansas for surety, workers' compensation, and all other property and casualty coverage must submit their forms to P&C for approval. The forms are then reviewed to ensure compliance with state law. For most lines of insurance, Arkansas is considered a "competitive rating state" and, as such, requests for rate changes are effective 20 days after they are filed unless those changes are excessive, inadequate, or unfairly discriminatory.

CONSUMER SERVICES

501-371-2640 or 800-852-5494

insurance.consumers@arkansas.gov

The Consumer Services Division (CSD) assists insurance consumers with complaints and inquiries regarding insurance companies, producers, and adjusters. CSD investigates all complaints, working with the insurance company and the consumer to determine the appropriate course of action. CSD travels statewide to provide educational information and materials, and in the event of significant storm damage, travels to damaged areas to assist homeowners with filing claims and procuring emergency living expenses. CSD is working to enhance its communication efforts to consumers in order to assist with needs related to the Affordable Care Act.

CRIMINAL INVESTIGATION

501-371-2790 or 866-660-0888

insurance.fraud@arkansas.gov

The Criminal Investigation Division (CID) receives hundreds of referrals of suspected fraud each year. CID investigates and prosecutes all categories of insurance fraud. Investigations that result in a finding of a criminal violation are referred to the appropriate prosecuting attorney's office. In 2012, CID achieved a 100% conviction rate on those cases referred for prosecution.

FINANCE 501-371-2665 insurance.finance@arkansas.gov

The primary goal of the Finance Division is to protect insurance consumers through effective solvency regulation by monitoring the financial condition of all domestic and foreign insurance companies operating in the state; conducting financial and market conduct examinations; reviewing other financial information and reports filed by insurance entities, such as business plans, reinsurance agreements, merger and acquisition documents, company formation documents, market research and feasibility studies; approves the licensing of insurers, captives, risk retention groups, surplus lines, charitable annuities, continuing care facilities, motor clubs, reinsurance intermediaries, service contract providers, and accredited/trusteed reinsurers; examines prepaid funeral contracts and conducts financial examinations of licensees' trust funds and custodial accounts; and oversees statutory security deposits of insurance companies.

HEALTH INSURANCE PREMIUM RATE REVIEW 501-683-7023

insurance.hirr@arkansas.gov

The Health Insurance Premium Rate Review Division (HIPRR) was created in 2010 to enforce provisions of the Affordable Care Act (ACA), and to implement improvements in Arkansas's rate review processes. On July 1, 2011, the Center for Consumer Information and Insurance Oversight (CCIIO) determined that Arkansas has an effective rate review program after careful review of Arkansas's laws, regulations, and bulletins. HIPRR has endeavored to create a health insurance education, outreach and training unit dedicated to accurate and timely dissemination of information about the health insurance rate approval processes and rate trends to a diverse group of stakeholders including the general public, policy makers, health insurers, health care providers, and the business community.

HUMAN RESOURCES

501-371-2818 insurance.human.resources@arkansas.gov

The Human Resources Division is responsible for the recruiting and hiring process, payroll, employee benefits, personnel budget preparation and management.

INFORMATION SYSTEMS

501-371-2657 insurance.information.systems@arkansas.gov

The Information Systems Division (IS) keeps the Department operating effectively and efficiently in the ever-changing world of technology. This is achieved through the IS strategy of leveraging up-to-date, state of the art software and systems technology to continually increase the productivity of the overall Department. The result is minimal growth in the number of Department staff in the face of continued growth in the size of the regulated industry and revenue.

LEGAL 501-371-2820 insurance.legal@arkansas.gov

The Legal Division works closely with every division within the AID, participating in numerous investigations, drafting legislation, rules, bulletins, directives, legal opinions, and investigating consumer complaints. Division attorneys represent the Commissioner and AID staff in lawsuits or other proceedings, administrative hearings and court appeals pertaining to alleged licensee insurance code or rule violations by a licensee and insurance company acquisitions, mergers, reinsurance agreements and similar transactions. 2012 recommendations of the Commissioner as to amendments or supplementation of laws affecting insurance and as to matters affecting the Department were addressed in the 2013 Legislative Session. Legislation passed can be viewed at www.insurance.arkansas.gov/Legal/Bulletins/15-2013.pdf.

The Licensing Division is responsible for the licensing of resident and nonresident producers, adjusters, title agents, and business entities that are soliciting, selling or negotiating insurance in the State of Arkansas. License oversees the producer examinations and investigates all resident applicants by reviewing Arkansas State Police records. It also ensures that necessary laws are followed regarding license renewals and continuing education.

LIQUIDATION

501-371-2776

insurance.liquidation@arkansas.gov

The Liquidation Division, on behalf of the Insurance Commissioner as Receiver, manages the day to day affairs of insolvent insurance company estates and insolvent prepaid funeral benefit trusts. Although the Liquidation Division performs certain functions on behalf of the Commissioner, individuals employed with this division are not employed by the State of Arkansas and are not considered state employees. Liquidation does not receive any funding from the State of Arkansas. Liquidation administers the Arkansas Life and Health Insurance Guaranty Association (ALHIGA) and the Arkansas Property & Casualty Guaranty Fund (APCGF). During 2012, APCGF paid over \$780,287 to adjust, settle or litigate claims and recovered over \$2,124,231 as a result of twenty non-domestic and one domestic insurance company receiverships. During 2012, ALHIGA provided benefits to Arkansas insureds and claimants totaling more than \$4,633,104 and recovered over \$1,109,159 as a result of three domestic and eight non-domestic insurance company receiverships.

PUBLIC EMPLOYEE CLAIMS

501-371-2700 insurance.public.employee.claims@arkansas.gov

The Public Employee Claims Division (PECD) is responsible for the investigation and management of more than 3,600 workers' compensation claims filed each year for Arkansas state employees. Workers' compensation coverage is also provided for emergency service volunteers who are accidentally injured while performing services under the call and supervision of the State of Arkansas. PECD encourages state agencies to implement safety programs, hoping to reduce the number of injuries suffered by state employees. PECD personnel give presentations to several audiences each year. The prevention of injuries helps in three areas: 1) improves the quality of life of employees; 2) helps agencies with staffing issues; and 3) reduces workers' compensation costs for the taxpayers of the State of Arkansas.

RISK MANAGEMENT

501-371-2690 insurance.risk.management@arkansas.gov

The Risk Management Division (Risk) was established to minimize the cost of insurance and surety bonding to Arkansas state agencies, and to analyze and make recommendations on loss control and safety programs in an effort to protect state assets. In 2004, Risk assumed the responsibility of providing insurance coverage, consulting, and loss control services to public schools that choose to participate in the Public School Property and Vehicle Insurance Trust Fund. Property inspections and appraisals are conducted on approximately 5,500 state owned and leased structures and 2,500 school district structures with insured values of \$13 billion. A vehicle safety program covering 5,500 state agency and 5,000 public school vehicles has been in effect for many years, resulting in improved loss ratios. Risk also offers on-site advanced defensive driver training at no cost to state agencies and participating schools.

SENIOR HEALTH INSURANCE INFORMATION PROGRAM

insurance.SHIIP@arkansas.gov

501-371-2782 or 800-224-6330

The job of the Senior Health Insurance Information Program (SHIIP) is to help Arkansans save money and make informed decisions about Medicare. SHIIP recruits and trains a volunteer network throughout the state to provide in-person information, assistance, and presentations as well as help at community events and health fairs. SHIIP produces Medicare, Medicare Advantage, and Medicare Part D publications for order and distribution via its website. In addition, SHIIP assists with applications for Medicare subsidy programs like Medicare Savings Program and Extra Help enabling recipients to save thousands of dollars annually.
