

# Southwestern Energy

Southwestern Energy (NYSE: SWN) is a growing independent energy company primarily engaged in natural gas and crude oil exploration, development and production within North America.

## Our Formula

SWN is most clearly defined by our unique Formula. It represents the way we go about our business. The principles behind the Formula are what drive us to invest in communities, operate in a socially responsible manner and strive to enhance the quality of life where we live and work.

# 7<sup>th</sup> LARGEST Natural Gas Producer in the United States

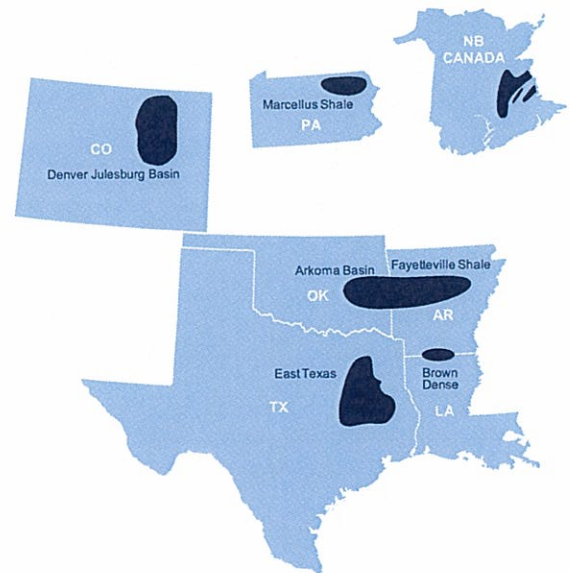

## Our Commitment

The challenge of unlocking emerging resources to help meet our country's growing energy needs feeds our passion for finding energy and developing innovative ways to responsibly harvest it.

SWN's commitment starts with a focus on health, safety and the environment (HS&E), which helps us ensure we're developing safe and environmentally friendly solutions for all of our operations. In every community where we operate, we strive to improve the quality of life and make it a better place for all. As our operations grow in an area, our philanthropy grows as well. Being a good operator means being a good neighbor.

## Our Operations

Finding and producing energy is a complex and highly technical endeavor. Our team of more than 2,300 skilled employees combines innovation and expertise to access natural gas and crude oil reserves and deliver them to our country.
