Arkansas Home Energy Performance Label

HERS Index

Address: 1234 Main Street
 Anytown, AR 70000
 Home Size: 2,400 SF

HERS Index: 100

Total Estimated Annual Energy Cost*
\$X,XXX.XX

Estimated Annual Energy Use: XXX MMWh
 Estimated First Year Savings: \$XXXX.XX

Builder License #: XXXXXXXX | Meter Identification #: XXXXXXXX | Date of Rating: XX/XX/XXXX

*This label estimates the first year energy costs for the 2013 Arkansas Energy Code. These estimates are based on the 2009 IECC. The actual energy costs may vary based on actual utility rates, weather conditions, and homeowner behavior. Energy audits are recommended to determine the most effective energy improvements.

Energy Cost Disclosure Label

Two-year, phased-in approach: 1/1/2015, Testing and Labeling Begin. 1/1/2016, Code requirements are effective.
