History and Organization

The Arkansas General Assembly saw the need to regulate the practice of Engineering. They passed Act 202 of 1925 to create the Agency. A Board was established to review the qualifications of individuals to insure they met certain minimum qualifications to be awarded a license to practice engineering in the State of Arkansas. The Board was also given the authority to discipline individuals that provided substandard engineering services to residents of the State. The original Act has been amended numerous times and at present is A.C.A. §17-30-101 et seq.

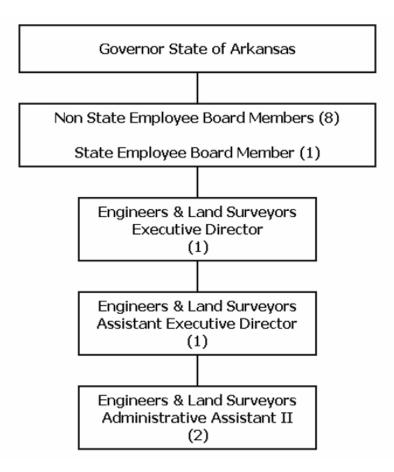

Act 101 of 1967 was passed by the General Assembly which added to the Agency the licensing of Surveyors. The Board reviews the qualifications of individuals to be awarded a license to practice Surveying in the State of Arkansas. Analysis of Budget Request

Appropriation: 857 - Lnd Surveyors-Cash in Treasury

Funding Sources: NES - Cash in Treasury

The purpose of the Arkansas State Board of Registration for Professional Engineers & Land Surveyors is to ensure the public, through rules and regulations, that professional engineers or land surveyors will provide competent services to the State's citizens. The Board is authorized to levy fines and penalties on those individuals or firms who provide substandard engineering services or substandard land surveying services to the public. The Board is funded from application, certificate, and renewal fees charged pursuant to Arkansas Code Annotated §17-30-304.

A cost of living increase is not incorporated in Base Level pending the outcome of the Classification and Compensation Study. The Base Level request of \$166,806 for FY08 and \$166,806 for FY09 for Regular Salaries does include board member Stipend payments. FY07 salary levels have been held flat each year for all incumbents. Personal Services Matching may reflect increases in the Base Level due to the Social Security Tax maximum income limit and certain increases in Worker's Compensation and Unemployment Tax rates. Personal Services Matching also includes a \$30 increase in the monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$350 per month.

The Board requests increases in appropriation of \$24,157 in FY08 and \$29,647 in FY09 for Regular Salaries, Personal Services Matching, Operating Expenses, Travel, and Data Processing. The increase for Salaries and Personal Services Matching line items are to cover board member stipends. Increases in the Operating Expenses line item of \$23,040 in FY08 and \$27,730 in FY09, are for increases in postage, lawn and janitorial services, electricity, board member travel, and educational supplies and materials. Increases in the Travel line item of \$100 for FY08 and \$300 for FY09 is requested to cover increases in the mileage reimbursement rate. The Board also requests increases in the Data Processing line item of \$500 for FY08 and \$1,100 for FY09 to cover increases in service support.

The Executive Recommendation provides for the Agency Request, except it denies the Data Processing increase and reduces Base Level Professional Fees \$3,000.
