Acts 142 and 2099 of 2005.  
 A.C.A. §13-3-101 to 108, §13-3-201 to 206.

## History and Organization

The History Commission was created by Act 215 of 1905, but its existence as a functioning state agency was uncertain until after the passage of Act 355 by the General Assembly of 1911. The latter Act, as amended by Act 207 of 1963, is the basic law under which the Commission operates. This fundamental Act charges the History Commission with the responsibility of keeping and caring for the official archives of the State, collecting materials relating to Arkansas history, and encouraging the use of historical source materials such as documents, newspaper files, maps and photographs. A documents restoration laboratory and a microfilm section assist with preservation. In 1996, the ark-ives.com web site was developed to enhance educational and informational efforts.

The History Commission itself is composed of seven members appointed by the Governor with the approval of the Senate. Since the passage of Act 38 of 1971, the Commission has operated within the Department of Parks and Tourism. The Arkansas Black History Advisory Committee, created by Act 1233 of 1991, operates in connection with the History Commission.

## Agency Commentary

The History Commission's budget request is Base Level plus (1) funds for new positions and operating expenses needed to establish the Northeast Arkansas Regional Archives at Powhatan, an operation similar to the existing program at Old Washington; (2) funds for technology-related equipment and services to enable the State Archives to meet ever-increasing demands for information delivered via the internet; and (3) program improvements needed as a result of growth of outreach activities and increased services for visitors/patrons.

The proposed budget also reflects an increase of \$10,000/year for the cash fund's authorized spending. The cash funds come from photocopying charges and fees for duplication of microfilm, photographs, maps, and other materials. With the addition of the facility at Powhatan and increases in availability of information on the AHC website, the amount of revenue generated through sales is anticipated to increase. This money, in turn, will be used to purchase microfilm and photographic supplies for preservation purposes.

## **Analysis of Budget Request**

**Appropriation:** 226 - History Commission-St Oprs  
**Funding Sources:** HGA Parks and Tourism - History Commission Account

This appropriation provides for the personal services and operating expenses of the History Commission. As stated in Arkansas Code Annotated §13-3-101, the History Commission maintains official archives of the State, collects historical materials, and encourages historic research. Funding is provided by general revenues.

Last biennium, the History Commission received approval to incorporate the Southwest Arkansas Regional Archives (SARA) into its fold. This biennium, the Commission is requesting to open the Northeast Arkansas Regional Archives (NEARA) near Powhatan State Park in Lawrence County in cooperation with the Department of Parks & Tourism and the Lawrence County Historical Society.

A cost of living increase is not incorporated in Base Level pending the outcome of the Classification and Compensation Study. The Base Level request of \$771,040 each year for Regular Salaries does include Board Member Stipend payments. FY07 salary levels have been held flat each year for all incumbents. Personal Services Matching may reflect increases in the Base Level due to the Social Security Tax maximum income limit and certain increases in Worker's Compensation and Unemployment Tax rates. Personal Services Matching also includes a \$30 increase in the monthly contribution for State employee's health insurance for a total State match per budgeted employee of \$350 per month.

The Agency's Change Level requests total \$448,580 in FY08 and \$456,580 in FY09 and reflect the following:

Regular Salaries & Personal Services Matching totaling \$256,707 each year for seven (7) new positions, including: an Archival Manager (Grade 20), two (2) Archivists (Grade 19), a Historical Researcher (Grade 18), and Exhibits Specialist (Grade 17), and an Administrative Assistant I (Grade 15). These positions will be utilized to support the NEARA, SARA and an increasing number of visitors to the Commission's main offices.

Extra Help & Personal Services Matching increase of \$21,530 each year to provide funding for current Extra Help positions to provide assistance at the NEARA, SARA and the Commission's main offices.

Additional Operating Expenses in the amount of \$58,239 in FY08 and \$66,239 in FY09 for software & networking, database subscriptions, office supplies, educational & photographic supplies, member travel, vehicle maintenance and fuel.

Conference & Travel Expenses totaling \$2,104 each year for staff professional development.

Professional Fees in the sum of \$10,000 each year for website development and online archival.

REPLACEMENT PAGES

Capital Outlay totaling \$50,000 each year for compact storage shelving for artifacts, office furniture for the NEARA and computer equipment as outlined in the Department's IT plan.

Additional Black History Advisory Committee increase of \$50,000 each year for grants to minority community groups involved in preserving Arkansas history.

The Executive Recommendation provides for Base Level.

## Justification

C01	Growth in public programming activities and the resulting increases in patronage create the need for additional funds in a variety of areas: office equipment maintenance (additional amount needed for 2008-2009 for new reader-printers purchased summer 2006 through ANCRC grant), vehicle maintenance (additional use results in more expense), conference/seminar expense, board member travel, office supplies, educational supplies, and archival photo supplies. Naturally, the acquisition of the Southwest Arkansas Regional Archives in Washington in 2005 and the opening of the Northeast Arkansas Regional Archives planned for spring 2008 generate greater activity in these areas. Both funds and personnel are necessary in order to support the increased needs.
C02	Beginning in the spring of 2008, the Arkansas History Commission will open the NorthEast Arkansas Regional Archives (NEARA) facility at Powhatan Historic State Park. NEARA will serve the northeastern portion of the state, much as the AHC's Southwest Arkansas Regional Archives (SARA) serves that section. SARA's area of emphasis is the original Hempstead County, which includes portions of twelve different counties. Likewise, NEARA will focus on the original Lawrence County. Lawrence County was created in 1815 and was among the State's first counties to be established. That county's records will comprise the core of the facility's research collection. The requested funds will enable the AHC to preserve and make available some of Arkansas's earliest official government documents, created while the Arkansas area was still a part of Missouri Territory. A regional archival facility, NEARA will be the result of a cooperative effort between the History Commission, Arkansas State Parks, and the Lawrence County Historical Society, and it is anticipated that the facility will host hundreds of researchers during its first months of operation. Without additional funding for initial start-up, operations, and positions, the History Commission will be unable to operate the new archive.
C08	The Arkansas History Commission (AHC) serves as the State Archives and is the State's largest archival institution and keeper of Arkansas's documentary heritage. The AHC's primary goals are to collect historical Arkansas material, encourage research in Arkansas history, broaden knowledge of the State's origins, and to preserve historical objects and archival materials important to the overall understanding of Arkansas history and culture. The History Commission hosts thousands of researchers in its public research room each year and receives hundreds of thousands of "hits" on its website. However, during its century-long existence, the AHC has devoted only a small amount of its budget to technology-related equipment and services. To bring the State Archives up to levels achieved by other states and meet today's ever-increasing demands by the public for information delivered via computer, the AHC must continually work to develop the AHC's website and databases. This provides greater research capabilities as well as offer digital images of original documents and museum objects to users in Arkansas and around the world. Increases in amounts spent for computer equipment/accessories, software, webpage development, and subscriptions to online databases of historical records, reflect those growing needs.

**Funding Sources:** NPT-History Commission-Cash in Treasury

This appropriation is utilized to provide for the operating expenses of the History Commission. Funding is derived from cash receipts generated from sales of microfilm, photographs, and photocopies.

The Agency's Change Level request for Operating Expenses totaling \$10,000 each year provides for additional film supplies and processing fees.

The Executive Recommendation provides for Base Level.
