

DFA - DISBURSING OFFICER

Enabling Laws

Act 2298 of 2005
AR Code §19-4-101 - §19-4-2004

History and Organization

The Department of Finance and Administration's Disbursing Officer was created when the General Assembly designated the department to be disbursing officer for any miscellaneous appropriations whose purpose was not clearly chargeable to any specific state agency.

The mission is to manage the disbursing officer function in a manner that ensures that non-agency specific appropriations are disbursed in a manner that is timely, consistent with legislation, and legal under the fiscal laws of the State of Arkansas, while providing an accurate record of such disbursements.

The appropriations can generally be separated into three categories - contributions, holding accounts and special purposes. The contribution appropriations allow for legislative and executive participation in conferences, councils, associations, and organizational memberships that provide intergovernmental discussion of public issues. The holding account appropriations provide appropriation for state agencies for the following purposes:

- Personal Services Matching for deficient appropriations
- Cash fund appropriations to allow the expenditure of funds that are not exempt from Section 7 of Act 5 of 1975, but were not specifically appropriated by the General Assembly
- Regular Salaries appropriation in the event that there is not sufficient appropriation provided for by the General Assembly for any state agency due to legislative enactments on compensation levels for the biennial period in question
- A method of distributing Marketing and Redistribution proceeds from the sale of State property
- Provide overtime compensation appropriation to agencies that have had to use overtime to complete critical projects, but had no overtime appropriation to make payments
- Provide appropriation to state agencies receiving federal grants and aid or reimbursement monies that were unanticipated at the time of the last session of the Legislature
- A method of returning appropriation to state agencies for refunds to expenditures in accordance with Act 1027 of 1979

The special purpose appropriations provide funds that are disbursed to state agencies for the following purposes:

- For disaster assistance to individuals and families in the form of grants and temporary housing, public assistance, response assistance, catastrophic loss, and hazard mitigation as authorized by Act 511 of 1973 as amended
- For reimbursement of the Department of Workforce Services for state agency unemployment benefits paid in the previous calendar quarter
- Miscellaneous grants and expenses for Planning and Development Districts, Inter-state and Intra-state Planning Organizations, Arkansas Sheriff's Association, Agriculture Marketing Grants, University of Arkansas for Medical Sciences - Child Abuse/Rape/Domestic Violence Section, University of Arkansas for Medical Sciences - Child Welfare Restructuring, and Arkansas Children's Hospital
- For making reimbursements to counties all expenses incurred in holding and bringing to trial persons charged with escape from the Department of Correction
- For Emergency Medical Services programs and other programs funded by the Indigent Patients Fund
- To alleviate conditions arising in public emergencies by issuance of emergency proclamations by the Governor
- To provide both appropriation and funds for the acquisition of new and replacement vehicles for the Motor Vehicle Acquisition Program
- To provide additional funding to Arkansas Fire Departments in order to reduce homeowner insurance rates through the Fire Protection Program
- To collect uniform filing fees and court costs from City, Municipal, and County courts and distribute these funds to various State Agencies
- To distribute insurance premium taxes to police and fire departments pension programs

Agency Commentary

The Department of Finance and Administration (DFA) - Disbursing Officer Agency was created when the General Assembly designated DFA to be disbursing officer for any miscellaneous appropriations whose purpose was not clearly chargeable to any specific state agency.

The Disbursing Officer Agency is a collection of special use appropriations. The appropriations can generally be separated into three categories - contributions, reserves, and special purposes. The contribution appropriations allow for legislative and executive participation in conferences, councils, associations, and organizational memberships that provide intergovernmental discussion of public issues. The reserve appropriations provide appropriation for state agencies for the following

purposes: personal services matching, cash funds, regular salaries, distributing Marketing and Redistribution proceeds, overtime compensation, federal grants and aid, and refunds to expenditures. The special purpose appropriations provide appropriation for funds that are disbursed to state agencies for the following purposes: disaster assistance, unemployment benefits, miscellaneous grants and expenses, reimbursements to counties for escapee trials, in-state Emergency Medical Services Programs and other programs funded by the Indigent Patients Fund, issuance of emergency proclamations, Motor Vehicle Acquisition Program, Fire Protection Program, and collect uniform filing fees and court costs from city, municipal, and county courts and distribute these funds to various state agencies.

The Disbursing Officer is requesting the following change levels:

- Additional appropriation in the amount of \$30,000,000 each year is needed for the Fireman & Police Officers' Pension and Relief Fund appropriation, in order to have the desired level of appropriation to adequately disburse all funds
- Escalating disaster costs, an increasing number of disasters, and the potential for increased expenditures from the Governor's Emergency Response Fund lend to the requested increase of \$3,750,000 each year in the Disaster Assistance Grants Appropriation; special language also added to update A.C.A. § 12-75-114
- Reduce the appropriation and allocations in special language by the amount of \$125,134 each year to align the funding and appropriation amounts disbursed from the Administration of Justice Fund
- Continue the biennial appropriation for funds remaining in the 84th Session Projects Account of the General Improvement Fund in the amount of \$1,000,000
- Additional biennial appropriation for funds remaining in the 85th Session Projects Account of the General Improvement Fund in the amount of \$1,000,000
- To provide sufficient appropriation for distribution to counties an increase of \$4,000,000 each year is needed for the Fire Protection Services - Additional Funding appropriation
- To provide a level of appropriation necessary in the event that collections received from corporate income taxes continue to trend upward, the Agency requests an additional \$4,000,000 each year for technical institute accreditation and \$15,000,000 each year for technical college accreditation line items in the Workforce 2000 Distribution appropriation
- Change the current Special Language to delete the Phillips County Juvenile Detention Center that is no longer in existence and reallocate the \$400,000 between fourteen Juvenile Detention Facilities and to allow redistribution on a proportional basis if any remaining facilities cease operations
- Additional general revenue funding in the amount of \$5,185,000 each year of the biennium is requested to fund Motor Vehicle Acquisition

- Additional appropriation in the amounts of \$542,785 for FY08 and \$1,050,743 for FY09 and general revenue funding for the Merit Adjustment Fund in the amount of \$3,191,594 for FY08 and \$3,433,315 for FY09 for the Annual Career Service Recognition appropriation
- \$400,000 each year in general revenue funding and appropriation for the Arkansas Children's Hospital Reproductive Health Monitoring Grant to help cover the costs for research for routine statewide birth defects surveillance; update special language with corresponding amount of increase
- Arkansas Children's Hospital Burn Center which serves children and adults is requesting \$1,000,000 each year in general revenue funding and appropriation to cover uncompensated care costs that have grown due to Medicaid coverage for adults is much less than for children; addition of special language to allow for the funds to be transferred to DHHS Grants Fund to match federal funds for supplemental Medicaid payments
- Increases in State's Contributions to various organizations funded by general revenue in the amount of \$168, 033 for FY08 and \$288,385 for FY09

Analysis of Budget Request

Appropriation: 067 - Disaster Assistance Grants

Funding Sources: MMA - Disaster Assistance Fund

This appropriation provides for disaster assistance to individuals, families, and public entities as authorized by the Disaster Relief Act of 1974 and for complying with the Arkansas Emergency Services Act of 1973 (A.C.A. §12-75-101 et seq.). Expenditures from this fund are made upon Executive Order of the Governor declaring a disaster and are utilized for individual assistance, public assistance, hazard assistance, and immediate emergency response according to the State Disaster Plan prepared and maintained by the Arkansas Department of Emergency Management.

The Agency is requesting the following increases for the Arkansas Department of Emergency Management (ADEM). Increases are based on escalating disaster costs, an increasing number of disasters, and the potential for increased expenditures from the Governor's Emergency Response Fund due to drought, forest fire, flooding, and other emergency response conditions. Special language is also requested to update the allocations in A.C.A. § 12-75-114.

Funding Sources: SFP - Fire Protection Premium Tax Fund

Act 10 of the First Extraordinary Session of 1992 (Arkansas Code §14-284-401 et seq. and §26-57-614) established a premium tax of 1/2 of 1% to be collected by the Insurance Commissioner on policies written for coverage on real and personal property. The tax, dedicated as special revenues, is distributed by a formula set out in Act 10 to Arkansas counties. Funds distributed to counties are used by fire departments to upgrade fire protection services as a safeguard to the lives and property of Arkansas citizens. The Base Level for this appropriation is \$11,000,000 each year of the biennium.

Funds collected for this program has increased each year and it is anticipated that future increases may have the funding level exceed the available appropriation. Appropriation: ACH - Arkansas Children's Hospital

Funding Sources: HUA - Miscellaneous Agencies Fund

This general revenue funded appropriation provides State grant assistance to the Arkansas Children's Hospital. These funds assist the hospital in providing services to children who are unable to pay, as well as providing additional services in the areas of intensive care and reproductive health research. The Base Level for this appropriation is \$2,133,600 each year of the biennium.

The Agency is requesting the following increases for the Arkansas Children's Hospital:

- \$400,000 each year for the Reproductive Health Monitoring Grant to help cover the costs for research for routine statewide birth defects surveillance.
- Arkansas Children's Hospital Burn Center which serves children and adults is requesting \$1,000,000 each year of the biennium. Adults now make up about 2/3 of the patients in the Burn Center and because Medicaid coverage for adults is much less than for children, the Burn Center's uncompensated care has continued to grow. Over the last 3 years, the Burn Center has averaged \$3.8 million in unpaid charges. Although not a state hospital, the Burn Center provides a service unavailable at any other hospital in Arkansas. Special Language allowing the transfer of these funds to the DHHS Grants Fund to match federal funds used for supplemental Medicaid payments to Arkansas Children's Hospital has also been requested.

The Executive Recommendation provides for the Agency Request for additional appropriation and general revenue funding over Base Level for the following:

- \$400,000 each year for the Reproductive Health Monitoring Grant
- \$1,000,000 each year for the Arkansas Children's Hospital Burn Center and requested Special Language

Justification

C02	The Delta Regional Authority is a federal-state partnership servicing a 240-county/parish area in an eight-state region and is designed to remedy severe and chronic economic distress by stimulating economically distressed communities to leverage other federal and state programs; and focuses on basic infrastructure development and transportation improvements, business development and job training services. 5% of federally appropriated funds of the Delta Regional Authority can be spent for administrative purposes and without participating states equally dividing the remaining administrative expenses of the Authority and its staff, this partnership would be unable to continue its services to the citizens of the eight-state region; and the Authority is in need of its Fiscal Year 2007 state assessment to continue the efforts to impact economically distressed regions in Arkansas.

Justification

C01	The Arkansas Public Administration Consortium (APAC) is needing additional appropriation to expand their training programs into areas of public service in which their training services are needed and being requested. With little other alternatives for government and nonprofit leaders and managers, with the high costs of travel for state agencies, and with a proven record of professional development and training through APAC, requests for the provision of more training are becoming more frequent, with emphasis being placed on remote locations.
