## Analysis of Budget Request

**Appropriation:** 34P - Health Operations Paying

The Department of Health is comprised of the Center for Health Protection, the Center for Health Advancement, the Center for Local Public Health, the Center for Public Health Practice, the Office of Minority Health and Health Disparities, the Arkansas Public Health Laboratory and Health Administration, which includes the Offices of the Director, Chief Financial Officer and the Office of System Technology. The Department has 2 central office locations and 92 Local Health Units located throughout the State. Local Health Units are established and maintained through joint efforts of state, county and local governments. Each of the health units has telehealth capabilities allowing them to have real-time video interfacing to promote access to care, particularly in rural areas. This organizational structure enables the Department to provide public health policy and assessment, as well as preventive and regulatory services for the State's citizens. The Department continues to be flexible and responsive to new issues as they arise. One example is the recent internal restructuring to best respond to the opioid epidemic, along with other partners in state government and on the federal level, by creating the new Substance Misuse and Injury Prevention Branch. Another example is the creation of the Medical Marijuana Section, which oversees ADH's responsibilities related to the Arkansas Medical Marijuana Amendment.

In 2017, ADH was given the responsibility of managing the Office of Health Information Technology and improving the health information exchange, SHARE. Significant efforts are underway to realign the operations to meet the needs of health providers, payers and patients.

### **Social Services Block Grant**

The Division of Administrative Services administers the social services block grant (SSBG). The Office of Community Services, Administration for Children and Families, U. S. Department of Health and Human Services is responsible for the administration of the grant program at the federal level with grants made directly to the State. Grant amounts are determined by a statutory formula based on individual state population. Up to 10 percent of block grant funds are allowed to be transferred to other block grant programs for support of health services, health promotion and disease prevention campaigns, and low-income home energy assistance.

Under the provisions of the block grant, each state has the authority to determine the most appropriate social services for the state's citizens. Included are services such as assistance to individuals and families to become more independent relative to financial support and personal care, family maintenance and avoidance of institutional care. These services are rendered through contracts with community programs across the state to provide services to people with developmental disabilities, mental illness, the elderly, and children. The agency has elected to allocate the majority of the SSBG funds to various divisions within the Department and other departments in state government - Workforce Education, Rehabilitation Services and Spinal Cord Commission thus eliminating the need for the majority of this appropriation. Each of the DHS divisions and other departments certify the funds in the respective division/department and budget for utilization of these funds.

Funding for this appropriation is 100% federal funds and is provided under Title XX of the Social Security Act (Omnibus Budget Reconciliation Act of 1981 as amended, P.L. 97-35; Jobs Training Bill, P.L. 98-8; P.L. 98-473; Medicaid and Medicare Patient and Program Act of 1987; Omnibus Budget Reconciliation Act of 1987, P.L. 100-203; Family Support Act of 1988, P.L. 100-485; Omnibus Budget Reconciliation Act of 1993, P.L. 103-66; 42 U.S.C. 1397 et seq.).

### **AmeriCorps Grant**

The Division formally administered the AmeriCorps grant. This program was transferred to the Department of Education - Division of Higher Education due to Act 910, the Transformation and Efficiencies Act of 2019. The Edward M. Kennedy Serve America Act of 2009 focused AmeriCorps' efforts in six key areas:

- **Disaster Services:** AmeriCorps members respond to disasters from tornadoes and hurricanes to fire and floods.

**Education:** AmeriCorps programs place tutors and mentors in low performing schools to help students improve academic performance and skills.

- **Environmental Stewardships:** AmeriCorps members build trails, restore parks, run recycling programs and promote energy efficiency.
- **Healthy Futures:** AmeriCorps members provide education and outreach for healthier lifestyles. Arkansas' AmeriCorps members focus on healthy living and the programs provide students with opportunities to participate in healthy living activities to reduce obesity.
- **Economic Opportunity:** AmeriCorps engages members each year to fight poverty by expanding access to technology, recruiting volunteers to teach literacy, and strengthening antipoverty groups.
- **Veterans and Military Families:** AmeriCorps supports the military community by engaging veterans in service, helping veterans readjust to civilian life, and providing support to military families.

Funding for this appropriation were federal funds provided from the Department of Health and Human Services to assist States in carrying out a national service program as authorized by the National and Community Service Act of 1990, as amended (42 U.S.C. §12501 et seq.)

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

Act 913 of 2017 merged the Division of Behavioral Health Services and Division of Aging and Adult Services to become the new Division of Aging, Adult, and Behavioral Health Services (DAABHS). This appropriation provides for the salaries, maintenance and operations, and other operational expenses of DAABHS, which includes the operation of two facilities, the Arkansas State Hospital and the Arkansas Health Center.

DAABHS currently serves older Arkansans and adult Arkansans with physical disabilities through home- and community-based services; has oversight of the state’s public mental health system through the 13 present community mental health centers; coordinates the state’s substance abuse treatment and prevention efforts as well as the Arkansas State Drug Director’s Office; and as mentioned, operates the Arkansas State Hospital, a 220-bed in-patient psychiatric facility serving civil and forensic admissions, and the Arkansas Health Center, a 290-bed licensed skilled care nursing home.

In FY2020, the Mental Health Center Transfer And Grants/Patient Services appropriation was transferred to the Mental Health Grants appropriation, FC 2MN.

The Foster Grandparent Program was transferred to the Division from Shared Services in FY2020.

DAABHS is implementing Medicaid reforms in the home- and community-based services it oversees, including changes to the state’s HCBS Medicaid waivers, to ensure that taxpayer dollars are used efficiently and that the program is prepared to meet the needs of the growing number of senior citizens needing services. Additionally, the state’s public mental health system will be procured for the first time beginning in 2019 in order to implement behavioral health transformation and initiate a structure better designed to serve beneficiaries.

Funding for this appropriation includes a mix of state general revenue, federal and other revenues. Federal funds include Title III, Title V, Title VII, MFP, FG, MHBG, SPF/PFS, PDO, and STR Opioid Crisis. Other revenues, which is indicated as various program support, include registry fees, ombudsman fees, private funds, patient collections, Medicare and Medicaid reimbursements.

## **Analysis of Budget Request**

**Appropriation:** 898 - DHS-Grants Paying Account

**Funding Sources:** PWE - Grants Paying

The Division of Aging, Adult, and Behavioral Health Services (DAABHS) provides the following programs and/or support services specifically for the Aging and Adult demographic in the State of Arkansas.

The Project Grants appropriation provides the main source of federal revenue for support services to be distributed through Area Agencies on Aging and other community providers on a formula or project basis. Project Grants enables seniors to remain in their own homes with high quality of life for as long as possible through the provision of home and community-based services, including support for family caregivers. Grants awarded to the State through competitive process ensure the rights of older people and prevent abuse, neglect, and exploitation. Priority support services are provided through Project Grants as well as Ombudsman and senior part-time employment program for low income persons aged 55 or older who have poor employment prospects.

The Retired and Senior Volunteer Program (RSVP) appropriation is part of the national, non-profit organization sponsored locally by one of five regional programs. It provides people aged 55 or older with an opportunity to use the skills they spent a lifetime acquiring, in meaningful volunteer activities. RSVP also conducts recognition events for members of the program as a means to recognize the people who donate their time and talents to help their Arkansas communities, providing an opportunity for members to socialize with other active seniors.

The Senior Citizens Centers appropriation provides DAABHS with local hubs for administering the many programs offered to the service areas covered by the more than 200 Centers across the state. They serve as resources for information and assistance regarding eligibility and applications, places of congregation, as well as offering RSVP opportunities.

The Older Worker Program appropriation for DAABHS provides for low-income persons aged 55 or older who have poor employment prospects. Program participants receive assignments at community and government agencies and are paid the Federal or State minimum wage, whichever is higher. Participants may also receive assistance in developing job search skills and in locating a permanent job. Participants are placed in non-profit or public service type host agencies. They receive on-the-job training and work experience. During their training, participants work with their local Employment and Training Coordinator to achieve permanent part-time or full-time unsubsidized employment either at their host agency or with other employment sources in their area. Some of the benefits participants receive while in the program are: temporary paid work experience; improvement of marketable skills; development of new skills; and an opportunity to establish a current work history.

The Community-Based Care and Nursing Home Care Alternative appropriation of DAABHS encompasses two programs: ARChoices in Homecare, and Living Choices Assisted Living. Both are Medicaid home and community-based programs that provide services to Arkansas

residents of several age ranges.

- Living Choices Assisted Living Medicaid waiver program provides 24-hour supervision and supportive services, including limited nursing services in a congregate setting to persons aged 21 or older who have an income of no more than 300% of SSI and limited resources.
- ARChoices in Homecare Medicaid waiver program provides in-home services to individuals 65 or older and to adults with physical disabilities aged 21-64. These services are designed to delay or prevent institutionalization by maintaining, strengthening or restoring an eligible client's functioning in his or her own home. Services may include attendant care, adult day care, adult day health care, home delivered meals, personal emergency response system, environmental accessibility adaptations/adaptive equipment, and respite care.

DAABHS's Nutrition Programs appropriation is designed to provide meals to clients who are age 60 or older (or spouse or disabled dependent of person 60 or older), homebound, and unable to prepare nutritionally adequate meals, and living in an area where the meal can be delivered.

Funding for this appropriation comprises of state general revenue (DBA - Behavioral Health Services Fund Account), federal revenue, special revenue, and other funding. Federal Revenue includes Title II, Title III, Title V, Title VII, Medicaid, Senior Medicaid Fraud, Social Services Block Grant, Money Follows the Person, FG, Senior Farmers Market, and Nutrition Services. Special Revenue is the "In God We Trust License Plate" Fund (A.C.A. §27-15-4904). Other revenue, which is indicated as various program support, includes 45-day rule funding and Area Agency on Aging Income Tax Check-Off (A.C.A. §26-51-454).

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

**Appropriation:** 890 - Food Program

**Funding Sources:** FWF - DHS Federal

The Child and Adult Care Food Program (CACFP) provides nutritious meals in public and non-profit licensed child care centers, adult day care centers, day care homes and outside-school-hours centers. Private-for-profit organizations may qualify if they receive payments under Title XX of the Social Security Act for at least 25% of their clients. Residential programs are not eligible for participation in this food program.

The CACFP assists with initiating, maintaining, and expanding non-profit food service programs for children or adult participants in nonresidential institutions which provide care. The program is intended to enable such institutions to integrate a nutritious food service with organized care services for enrolled participants.

- The National School Lunch Program provides reimbursement to schools, licensed child care institutions, juvenile detention centers and hospitals serving lunches to eligible children. Participating schools and other institutions will serve lunches that are nutritionally adequate and ensure that participating children gain a full understanding of the relationship between proper eating and good health.
- The Summer Food Service Program reimburses organizations for providing nutritious meals and snacks to children during the summer months. The program generally operates during the months of May through September at site locations where regularly scheduled food services are provided for children. Sites may also participate in the program from September through May if the school is closed because of an emergency situation. Service institutions operating food programs for children on school vacation under a continuous year-round calendar may apply for participation in other months.

This appropriation also includes the Emergency Food Program and the Commodity Supplemental Food Program. Both programs were transferred from the Division of County Operations to DCCECE in the 2019 Regular Session.

- The Emergency Food Program provides food on an emergency basis for families in need and the homeless. Donated food is also made available for Disaster Assistance. Additionally, the division utilizes surplus USDA commodities to supplement low-income food programs in Arkansas. Agencies such as Food Banks and Community Program Action Agencies have agreements with the department to provide food through soup kitchens, food pantries, and mass distribution to households.
- The Commodity Supplemental Food Program provides food to seniors in need on a monthly basis. The caseload level can be adjusted each Federal Fiscal Year based on availability of food products and administrative funding. Community Action Agencies throughout the State have agreements with the department to distribute food to this client base.

Funding for this appropriation includes 100% federal revenue consisting of federal reimbursements from the U.S. Department of Agriculture.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 929 - Child Care-Treasury Paying

**Funding Sources:** NHS - Cash in Treasury

The Arkansas Child Care Facilities Loan Guarantee Fund was created to provide loan guarantees to assist with the development of new or to expand existing day care facilities with target areas specifically in low income, rural areas of the State that show demonstrated need for child care.

The Division of Child Care and Early Childhood Education is authorized to develop and implement necessary rules and regulations to receive, review, and approve applications for loan deficiency guarantee assistance. Revision of a loan guarantee may be approved when it becomes necessary to ensure adequate child care financing is available. Loan guarantees should be given the following considerations: geographic distribution, community need, community income, with priority given to those communities with the lowest median family income, proof of viable administrative and financial management, and intended licensure of the facility. The Division is required to report the status of the Loan Guarantee Fund to the Legislative Council each October.

A.C.A. §20-78-503 created and designated the Arkansas Child Care Facilities Loan Guarantee Fund as a Cash Fund Account with initial funds derived from interest income on the investment of state funds. Funds are authorized in \$100,000 annual increments up to a balance of \$350,000. The State Treasurer can replenish the fund when the balance reaches or falls below \$100,000. The Agency is authorized to accept moneys for the Fund from any source in addition to the allocations from the State Treasurer. The fund is a continuing fund and not subject to fiscal year limitations. Interest that has accrued during a fiscal year that is not required to cover loan defaults occurring that fiscal year is made available for non-refundable grants to child care facilities for start-up, development, training scholarships, or expansion.

Funds are transferred to the Grants Paying Appropriation if there are to be any expenses. Payments are only made if a provider defaults on a loan that the division has signed as a guarantor.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

This appropriation provides administrative support for the Division of Children and Family Services (DCFS). This Division is responsible for the protection of children, the continuation of the family-centered approach to service delivery to help strengthen and maintain natural families when possible, the expansion of programs such as therapeutic services, foster care prevention, management information systems and quality assurance and monitoring.

DCFS provides family support to keep children at home, assist families when the families temporarily can't provide the necessary care for their children and help eliminate child maltreatment. DCFS attempts to keep families together and only separates children from their families as a last alternative. Specific services provided by the Division are: Support Services, Foster Care, Adoption Services and Protective Services.

The Division was operating under a Child Welfare Reform Federal Consent Decree until December 2001. The original lawsuit (commonly known as "Angela R") was filed in 1991, alleging gross abuse and neglect of children of this State and the State's failure to protect those children. The consent decree was approved in 1994 and extended in 1999 and again in October 2001. In December 2001, the decree ended when the plaintiffs to the original lawsuit did not challenge DCFS compliance with the federal consent decree.

Beginning in FY18, Child Abuse Neglect and Prevention Board merged with DCFS.

Funding for this appropriation includes general revenue (DCF - Children and Family Services Fund Account), federal revenues and other revenues, which is identified as various program support. The federal funds are derived from Title IV-E, Title IV-B, TANF, Child Abuse Prevention Treatment Act (CAPTA), Social Service Block Grant, Emergency Assessment funding, and Safe and Stable Families Act funding. Other revenues are derived from many sources including federal awards, fees, third party reimbursements and maximization of federal claiming. These other revenues are considered to be non-federal and technically can be expended for any program or service within the Department.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 396 - Cty-Aid To Aged, Blind, Disabled

**Funding Sources:** DGF - DHS Grants Fund

In 1974, the Aid to Aged, Blind and Disabled (AABD) program was converted to the Supplemental Security Income (SSI) Program through an amendment to the Medicaid State Plan. This amendment allowed individuals in the AABD categories that were not eligible under SSI criteria, but meet the State Medicaid eligibility criteria to receive SSI benefits. The Aid to Aged, Blind and Disabled appropriation provides cash assistance to individuals residing in Arkansas to supplement their SSI payments. These payments are made in accordance with section 1616 of the Social Security Act and section 212 of P. L. 93-66.

Through an agreement entered into between the Social Security Administration (SSA) and the Department of Human Services, the Social Security Administration makes these payments to individuals determined eligible by SSA. The State pays Social Security Administration for making the payments to eligible individuals and for administrative fees for determining eligibility.

Funding for this appropriation is from general revenues through the Department of Human Services Grants Fund Account (DGF-DHS Grants Fund) as authorized in Arkansas Code Annotated §19-5-306(10)(A)(iii).

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

**Appropriation:** 412 - Cty-Refugee Resettlement Program

**Funding Sources:** FWF - DHS Federal

The Refugee Resettlement Program provides temporary assistance to refugees and entrants to the state to help in becoming self-sufficient and self-reliant. This program was established by the 1980 Immigration and Nationality Act and authorizes cash assistance and medical assistance for up to eight months following entry. Social services may be provided to refugees for up to five years. Refugees may apply for cash, medical and the supplemental nutrition assistance program (SNAP) assistance at Department of Human Services offices in their county of residence.

Due to the steady decline in eligibles, Arkansas chose to discontinue the optional Social Services component of the program effective October 1, 2002. Refugee Cash Assistance (RCA) and Refugee Medical Assistance (RMA) will continue to be available through the county offices to any new arrivals entering the state in the future. The federal Office of Refugee Resettlement contracts directly with an agency outside of DHS for the social services aspects of the program.

**Appropriation:** 59H - Hunger Coalition  
**Funding Sources:** DCO - County Operations Account

This appropriation was originally authorized by Act 1385 of 2009. The Division of County Operations grants these funds to the Arkansas Hunger Relief Alliance for distribution to the local food distribution networks to purchase Arkansas products through the State Food Purchasing Program.

Funding for this appropriation is 100% general revenue.

**Appropriation:** 896 - DHS–Admin Paying Account

**Funding Sources:** PWP - Administration Paying

The Division of County Operations was established originally in Act 348 of 1985 in the reorganization of the Department of Human Services under the title of Program Operations. Act 164 of 1995 amended Arkansas Code Annotated §25-10-102 and created the Division of Medical Services, renamed the Division of Program Operations to County Operations and transferred functions that were a part of the Division of Economic and Medical Services to County Operations. Functions transferred to the Division of County Operations were Aid to Families with Dependent Children, Food Stamp Program (now called Supplemental Nutrition Assistance Program - SNAP), Project Success and the Community Services Block Grant.

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193, eliminated the open-ended federal entitlement program of Aid to Families with Dependent Children (AFDC) and created a federal block grant program for states to provide cash assistance to families on a time-limited basis under the Temporary Assistance to Needy Families (TANF) program. The Arkansas Personal Responsibility and Public Assistance Reform Act, Act 1058 of 1997 was enacted during the 81<sup>st</sup> General Assembly and signed by the Governor on April 3, 1997, thereby establishing the Transitional Employment Assistance (TEA) program. With the enactment of these laws, the AFDC and Project Success programs were eliminated and replaced by the TEA program. Enacted during the 85<sup>th</sup> General Assembly and signed by the Governor, Act 1705 of 2005 transferred responsibility for the program to the Department of Workforce Services (DWS) and also created the Work Pays program, which is an extension of the TEA program for former TEA recipients who are working. Pursuant to this Act, responsibility for determining eligibility for the program and delivering cash assistance benefits remains with the Division of County Operations while DWS is responsible for the provision of case management services and overall administration of the program.

The Division of County Operations has the primary responsibility for providing the leadership and support in each of the eighty-six (86) county offices in the 75 counties. The Division of County Operations is responsible for administering the SNAP, TEA, Medicaid and ARKids Programs to citizens across Arkansas. Additional programs administered at the county level through local organizations include the Community Services Block Grant; Homeless and Housing Assistance; and Commodity Distribution. The Division is responsible for the physical office space in each of the counties including rent, utilities, telephone charges, janitorial services and other items needed at the local level. The Division coordinates the services of the various DHS Divisions at the local level and provides clerical support. The Division currently has four (4) distinct areas of operation: Field Operations, Program Planning and Development, Community Services and Administrative Support.

The Low Income Home Energy Assistance Program was transferred to the Department of Energy & Environment - Division of Environmental Quality due to Act 910, the Transformation and Efficiencies Act of 2019. This transfer includes:

- (5) positions to the Division of Environmental Quality; and
- (\$182,827) in Regular Salaries, (\$68,090) in Personal Services Matching, (\$48,380) in Operating Expenses, (\$10,000) Conference & Travel Expenses, and (\$23,046) in Data Processing Services appropriations.

This is all 100% federally funded.

Funding for this appropriation is derived from a mix of sources that includes general revenue (DCO - County Operations Fund Account), federal and other revenues. Federal funding sources include revenues derived from administrative costs for TEA, SNAP, Community Services Block Grant, Refugee Resettlement, Emergency Shelter, Commodities, Child Health Insurance (CHIP) and Medicaid (Regular and Enhanced) programs. Other funding which is indicated as various program support can also include sources such as Title XIX match, miscellaneous collections, federal awards, fees, third party reimbursements and maximization of federal claiming. These other funds are considered to be non-federal and technically can be expended for any program or service within the Department.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## Analysis of Budget Request

**Funding Sources:** PWD - Grants Paying

With the enactment of Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 and the Arkansas Personal Responsibility and Public Assistance Reform Act of 1997, open-ended entitlement for Aid to Families with Dependent Children (AFDC) was replaced with federal block grant funding to states. The Arkansas program is entitled Transitional Employment Assistance (TEA). The Arkansas 81<sup>st</sup> General Assembly passed Act 1058 of 1997 declaring that welfare reform is one of the major human service priorities of state government and establishes the goals of achieving a significant reduction in the number of citizens who are enrolled in such programs, transforming a "one-size fits all" welfare system that fosters dependence, low self-esteem, and irresponsible behavior to one that rewards work and fosters self-reliance, responsibility and family stability. Act 1567 of 1999 amended Act 1058 of 1997 by establishing the Arkansas Transitional Employment Board. Act 1264 of 2001 and Act 1306 of 2003 enacted other provisions to strengthen the Arkansas TEA Program. Arkansas Act 1705 of 2005 transferred responsibility for the program to the Department of Workforce Services (DWS). Under this Act, responsibility for determining eligibility for the program and delivering cash assistance benefits remains with the Division of County Operations (DCO) while DWS is responsible for the provision of case management services and overall administration of the program. Act 1705 of 2005 also created the Work Pays program, which is an extension of the TEA program for former TEA recipients who are working. DWS has overall responsibility for the Work Pays program with eligibility determination and benefit delivery remaining with DCO.

TEA Program eligibility is limited to economically needy families with children under the age of 18 who are U.S. citizens or aliens lawfully admitted to the United States under specific criteria and are residing in Arkansas. The parent(s) living with the children must cooperate in child support enforcement activities, if applicable to the family, and must sign and comply with a Personal Responsibility Agreement, which includes ensuring that their children are immunized and that they attend school. All able-bodied parent(s) must actively engage in work related activities as a condition of the family's ongoing eligibility. TEA cash assistance is limited to a maximum of twenty-four (24) months in an adult's lifetime. For those former TEA recipients who are employed at least 24 hours per week and meet the minimum federal work participation rates, an additional twenty-four (24) months of Work Pays benefits are available.

Assistance under the TEA and Work Pays Programs may include: monthly cash assistance payments to help meet the family's basic needs; employment services such as work experience, job search, and job readiness activities; assistance with basic and vocational education; assistance with supportive services such as childcare, transportation and other expenses related to work activity; case management services; and eligibility for extended support services to help the parent retain a job after the cash assistance case closes due to employment.

Congress reauthorized the TANF program through the Deficit Reduction Act of 2005. Although the Act requires States to meet higher rates of

work participation, no significant changes were made in the program design beyond the State initiatives and organizational changes prescribed by Act 1705 of 2005.

Funding for this appropriation is derived from the federal Temporary Assistance for Needy Families (TANF) block grant and general revenue from the Department of Human Services Grants Fund Account (DGF-DHS Grants Fund) as authorized in Arkansas Code Annotated §19-5-306 (10)(A)(iv) and general revenue fund transfers from the Department of Workforce Services as authorized in Section 9 of Act 271 of 2014 for FY2015. Other funding which is indicated as various program support can also include sources such as the payback of the federal share of overpayment collections on AFDC and interest on TEA cash assistance.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 4KS - Nursing Home Quality

**Funding Sources:** TLT - Long Term Care Trust Fund

The Nursing Home Quality of Life appropriation provides funding to initiatives that directly address, and improve, the quality of life of residents of nursing facilities. The fund has no State General Revenue; the monies in the fund are civil money penalties imposed by the federal Centers for Medicare and Medicaid Services (CMS) or the Arkansas Department of Human Services' Office of Long Term Care. Uses include:

- Payment of operating costs when nursing facility operators are unwilling or unable to continue to provide care to residents and the Arkansas Department of Human Services must take over operations temporarily.
- Grants to entities that submit proposals that are reviewed and approved by CMS that directly improve the quality of life of residents. Examples are development of new activities programs or memory stimulation programs.
- Eden Alternative or Greenhouse Project approach to nursing facility designs and operations. Both the Eden Alternative and the Greenhouse Project are attempts to create a new model for long-term care facilities that emphasizes a more home style environment over traditional institutional settings. Evidence indicates that residents of facilities operated under either approach perform significantly better than residents of traditional long-term care facilities.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 896 - DHS–Admin Paying Account

**Funding Sources:** PWP - Administration Paying

Act 348 of 1985 authorized the reorganization of the Department of Human Services. As part of this reorganization, the Division of Social Services became the Division of Economic and Medical Services. Act 164 of 1995 eliminated the Division of Economic and Medical Services, creating the Division of Medical Services, while functions at the county level were assigned to the Division of County Operations (formerly the Division of Program Operations). The Division of Medical Services' primary responsibility is management of the Arkansas Medicaid program, which was created by the passage of Title XIX of the Social Security Act of 1965, with Arkansas implementing the program on January 1, 1970.

Medicaid enables states to furnish:

- Medical assistance to those who have insufficient income and resources to meet the costs of necessary medical services.
- Rehabilitation and other services to help these families and individuals become or remain independent and able to care for themselves.

Each state has some sort of Medicaid program to meet the federal mandates and requirements as laid out in Title XIX. Arkansas, however, established a medical care program 26 years before passage of the federal laws requiring health care for the needy: Section 7 of Act 280 of 1939 and Act 416 of 1977 authorized the State of Arkansas to establish and maintain a medical care program for the indigent and vested responsibility for regulating and administering the program in the Arkansas Department of Human Services. This program receives federal grants under Title XIX. Thus Arkansas Medicaid is a joint federal and state program that provides necessary medical services to eligible persons who are not able to pay for such services. Individuals are certified as eligible for Medicaid services through the state's county Human Services Offices or District Social Security Offices. The Social Security Administration automatically sends SSI recipient information to DHS.

The Arkansas Medicaid Program is divided into three (3) forms of services:

1. Services Mandated by the Federal Government

- Twelve visits to hospital outpatient departments allowed per state fiscal year.
- A total of twelve office visits allowed per state fiscal year for any combination of the following: certified nurse midwife, nurse practitioner, physician, medical services provided by a dentist, medical services furnished by an optometrist, and Rural Health Clinics.

- Three pharmaceutical prescriptions are allowed per month (family planning and tobacco cessation prescriptions are not counted against benefit limit; unlimited prescriptions for nursing facility beneficiaries and EPSDT beneficiaries under age 21). Extensions will be considered up to a maximum of six (6) prescriptions per month for beneficiaries at risk of institutionalization. Beneficiaries receiving services through the Assisted Living waiver may receive up to nine (9) medically necessary prescriptions per month. Medicare-Medicaid beneficiaries (dual eligibles) receive their drugs through the Medicare Part D program as of January 1, 2006.

- Co-Pay: ARKids B beneficiaries must pay a co-payment for most services; for example \$10.00 for most office visits and \$5.00 for most

- Premiums: Based on family income certain TEFRA beneficiaries must pay a premium. TEFRA families whose income is at or below 150% of the Federal Poverty level cannot be assessed a premium.

*Any and all exceptions to benefit limits are based on medical necessity.*

The Division consists of the Director's Office and six(6) distinct organizational units:

**Program and Provider Management:** The Office of Program and Provider Management includes the following operations: Provider & Member Relations, Dental, Visual and EPSDT, Behavioral Health and Utilization Review. The Provider and Member Relations, Dental, Visual and EPSDT section administers the Dental, Visual and Child Health Services (EPSDT) Medicaid programs and oversees the non-emergency transportation program, Medicaid Managed Care Systems and ConnectCare programs. This section also assists providers and beneficiaries in resolving matters related to billing and coverage. The Utilization Review section develops healthcare policies based on recognized standards of care, current healthcare initiatives and participation from community stakeholders to ensure adequate coverage benefits for Medicaid beneficiaries. Utilization review monitors the quality and medical necessity of services delivered by Medicaid health care providers. In addition this section is responsible for the prior authorization of medically necessary services such as transplants, extension of benefits, prosthetics, hearing aids, hyperalimentation services and out of state transportation.

**Medicaid Information Management:** The Office of Medicaid Information Management is responsible for administering the Medicaid Management Information System (MMIS) which processes all Medicaid claims. The MMIS Systems and Support Unit procures and administers the contracted fiscal agent that operates the MMIS. This Unit also monitors the fiscal agent's contract compliance, performs quality assurance reviews on how the MMIS operates, manages requests for modifications to the MMIS, develops enhancements to the MMIS, and develops and produces reports from the Medicaid data warehouse.

**Program and Administrative Support:** The Office of Program and Administrative Support includes the following operations: Financial Activities, Provider Reimbursement and Third Party Liability. The Financial Activities unit performs such functions as program and operational budgeting, expenditure monitoring and evaluation, federal and state reporting, and administrative support such as personnel management, contract issuance and management, requests for proposals, and the preparation of interagency agreements. The Provider Reimbursement unit is responsible for maintaining rate files, establishing and administering methodologies for provider reimbursements, including cost reports and cost settlements, and financial aspects of the Office of Long Term Care such as budgeting, reimbursement, and audits of provider cost reports. The Third Party Liability area is responsible for implementing cost-avoidance procedures to prevent the payment of Medicaid monies when other (third) parties such as private insurance companies should pay the claim. In addition, in those instances where cost-avoidance is not successful, the Third Party Liability unit is responsible for pursuing recoupment of Medicaid monies.

**Pharmacy:** The Pharmacy Office is responsible for assuring that medically necessary pharmaceutical therapy is provided to Arkansas Medicaid recipients. It seeks to deliver these services cost effectively while complying with all state and federal requirements. The OBRA 90 statute requires states to cover all outpatient drugs by a manufacturer who signs a rebate agreement with the Centers for Medicare / Medicaid (CMS) as well as to establish a Drug Utilization Review (DUR) Board which is under the direction of the Pharmacy Office. The Office researches clinical data, develops the clinical criteria and edits for various drugs and drug classes, then works directly with the state's fiscal agent to apply the criteria and edits within the software, is the project manager for the stated evidenced-based prescription drug program, researches and reviews claims information to assist providers, beneficiaries and interested parties and researches exception criteria to assist physicians.

**Policy, Program and Contract Oversight:** The Policy, Program and Contract Oversight consists of three units. The Program Planning and Development (PPD) unit develops and maintains the Medicaid State Plan and the State's Child Health Insurance Program Plan, both required by CMS. This Unit develops and maintains fifty-seven (57) different Medicaid provider policy manuals, which include information on covered services, benefit limits, prior approvals, and billing procedures. The Waiver Quality Assurance unit is responsible for monitoring operation of the Medicaid waiver programs. The Waiver QA unit assures compliance with CMS requirements for operating the waivers through case reviews, data analysis, technical assistance to operating agencies, communication and coordination with CMS, developing new waivers and amendments to existing waivers, and developing QA strategies and interagency agreements for the waivers. The Contract Oversight unit is responsible for assisting program and contract staff in developing performance indicators for contracts and monitoring the performance of all Division of Medical Services contractors.

**Healthcare Innovation:** The Health Care Innovation Unit is responsible for directing the operations and activities to redesign the Medicaid payment and service delivery systems by working with multi-payers, staff, and contractors to design and deliver episodes of care for acute conditions; implement new models of population based health for chronic conditions; develop and coordinate infrastructure requirements; and facilitate stakeholder, provider and patient engagement. Arkansas Medicaid is creating a patient-centered health care system that embraces the triple aim: (1) improving the health of the population; (2) enhancing the patient experience of care, including quality, access, and reliability; and (3) reducing, or at least controlling, the cost of health care. This will be accomplished by transforming the vast majority of care and payment from a fee for service models to models that reward and support providers for delivering improved outcomes and high quality, cost effective care.

**Coordination of Coverage:** The Coordination of Coverage Unit is responsible for coordinating any DMS efforts in the implementation of the Affordable Care Act, identifying potential improvement in the Medicaid consumer experience, and ongoing coordination of coverage for Medicaid recipients as they move in and out of Medicaid and other health insurance plans through the upcoming health insurance exchange. In addition, this new team will participate in other Medicaid changes, and will coordinate with all areas within DMS, several other DHS Divisions, and other State agencies.

The Agency is funded through general revenue (DEM - Medical Services Fund Account), federal and other revenues. Federal revenue is provided through the U. S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Other revenues which are indicated as various program support are derived from Third Party Liability Recovery, Nurse Aide Training and Long-Term Care Licensure Fees.

## **Analysis of Budget Request**

**Appropriation:** 897 - DHS-Grants Paying Account

**Funding Sources:** PWD - Grants Paying

### **Private Nursing Home Care Appropriation**

The Private Nursing Home Care appropriation pays expenses for individuals who reside in nursing homes and are eligible to receive Medicaid Benefits. The residents in nursing home facilities have chronic medical needs. The referring physician must certify medical need with documented evidence of why services are needed in order for a person to be admitted and remain in a nursing home. Each Medicaid certified nursing facility evaluates each nursing home applicant's need for nursing home services. A thorough and complete evaluation must be conducted to ensure that individuals who do not require nursing home services are not admitted to nursing facilities. For Medicaid eligible recipients, the Office of Long Term Care cannot guarantee Medicaid reimbursement for any applicant admitted prior to approval by the Office of Long Term Care Medical Needs Determination section. No applicant with diagnoses or other indicators of mental illness, intellectual disability, or developmental disabilities may be admitted to nursing home care prior to evaluation and approval by the Office of Long Term Care.

In general, nursing homes provide total care for their residents--meeting needs from social to dietary to medical. They are staffed by licensed nurses and certified nursing assistants. Nursing homes accept a variety of payment methods, such as private pay (which includes insurance), Medicaid, and Medicare. No age requirement applies to nursing home placements.

In addition to the provider payments noted above, Act 689 of 1987 created the Long-Term Care Aide Training program. Under this Act, the Office of Long Term Care was required to establish a training program to be completed by all aides in long term care facilities who provide personal care to residents. This program consists of 75 hours of training and is payable from the Private Nursing Home Care appropriation.

Funding for this program is derived from general revenues (DGF - DHS Grants Fund Account), federal and other revenues. Federal revenue derived from Title XIX - Medicaid, U. S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Other revenues which are indicated as quality assurance fee per Act 635 of 2001, various program support which can include nursing home administration fees and Medicaid match, miscellaneous transfers derived from Arkansas Code Annotated §17-24-305(b)(1)(A), and the Medicaid Trust Fund. Additionally, tobacco settlement funding can be utilized in this appropriation if Section 11 of Act 2 of the First Extraordinary Session of 2002 is invoked and approved by the Governor and the Chief Fiscal Officer of the State.

### **Prescription Drugs Appropriation**

The Prescription Drugs appropriation is an optional Medicaid service chosen by Arkansas. The program allows eligible recipients to obtain prescription medication through participating pharmacies in Arkansas. Reimbursement for the program is based on the drug cost and the fee for dispensing pharmaceuticals. The Omnibus Budget Reconciliation Act of 1990 authorized rebates from pharmaceutical manufacturers. The federal share is returned and the amount retained by the state is calculated based upon the state matching rate for Medicaid.

Funding for this program is derived from general revenues (DGF - DHS Grants Fund Account), federal and other revenues. Federal revenue derived from Title XIX - Medicaid, U. S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Other revenues which are indicated as drug rebates, the Medicaid Trust Fund, and various program support which can include Medicaid match. Additionally, tobacco settlement funding can be utilized in this appropriation if Section 11 of Act 2 of the First Extraordinary Session of 2002 is invoked and approved by the Governor and the Chief Fiscal Officer of the State.

### **Hospital and Medical Services Appropriation**

The Hospital and Medical Services appropriation is one of several federally supported and state administered assistance programs within the Medicaid program and consists of many services including inpatient and outpatient hospital, community mental health centers, community health centers, rural health clinics, home health, private duty nursing, personal care, hospice, practitioners such as physicians, dentists, audiologist, psychologist, speech, occupational and physical therapists, maternity clinics, family planning, laboratory and x-ray services, case management, transportation and Early and Periodic Screening, Diagnosis and Treatment (EPSDT) for children under 21 years of age which is the Child Health Services Program. Waiver services are also included in this appropriation. Waiver services are those that the Centers for Medicare and Medicaid Services have waived traditional provisions of the Medicaid regulations and allow deviations in how and where the services are provided and include programs such as Elderchoices, DDS-Non-institutional Waiver and Adults with Physical Disabilities. Payments are made directly to providers for services for individuals who are eligible for Medicaid services. The State establishes reimbursement rates and the methodology for rate setting. However, the Centers for Medicare and Medicaid Services must approve the state's policy(ies) and regulations in order for the State to be in compliance with guidelines established in federal law.

Funding for this program is derived from general revenues (DGF - DHS Grants Fund Account), federal and other revenues. Federal revenue derived from Title XIX - Medicaid, U. S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Other revenues which are indicated as Medicaid Trust Fund, intermediate care facilities for individuals with developmental disabilities or ICF/MR provider fee per Act 433 of 2009, hospital assessment fee per Act 562 of 2009 (as amended per Act 19 of 2011), and as various program support which can include matching funds from UAMS (from general revenue), Department of Education (from cash funds), Arkansas Children's Hospital, DHS Divisions (from general revenue) for services such as Therapies, Transportation, Waiver services, UPL-Upper Payment Limit match, DSH-Disproportionate Share Hospital payments, etc. Additionally, tobacco settlement funding can be utilized in this appropriation if Section 11 of Act 2 of the First Extraordinary Session of 2002 is invoked and approved by the Governor and the Chief Fiscal Officer of the State.

## **ARKIDS B Program Appropriation**

The ArKids B program appropriation provides medical services for children who are without medical insurance coverage. Many of the parents of these children are employed but are unable to afford the necessary coverage for their children. The parents earn sufficient salaries that make them ineligible for coverage by Medicaid, thereby leaving the children without medical care.

ArKids B Program is an optional Medicaid service chosen by Arkansas and is authorized through a federal waiver to the Medicaid program that expands coverage to children in families with income at or below 200 percent of the federal poverty level. Services are available only to children through 18 years of age and are otherwise ineligible to receive Medicaid benefits. Each child must have a Primary Care Physician who will either provide the needed services or make the appropriate referral for medically necessary treatment. A patient co-payment is required per physician visit and per prescription. Effective July 1, 2006, DHS set an annual cap on cost-sharing (co-payments and coinsurance) for ARKids B families. The annual cost-sharing cap is 5% of the family's annual gross (before taxes) income.

The ArKids B Program appropriation has two (2) components and they are as follows:

- Prescription Drugs
- Hospital/Medical

Prescription Drugs component has coverage limits based on medical necessity with a \$5 per prescription co-pay and the recipient must use generic and rebate manufacturers.

Generally, the Hospital/Medical component benefits include such programs as inpatient hospital, physician visits, vision care (1 visit per year for routine exam and 1 pair of eyeglasses), dental services (2 visits per year for cleaning, x-rays, no orthodontia), medical supplies, home health services and emergency room services, ambulance (emergency only), ambulatory surgical center, durable medical equipment (\$500 per year), family planning, FQHC, nurse midwife, outpatient mental and behavior health (\$2,500 limit), podiatry, RHC and speech therapy with some form of co-pay required. Immunizations and preventative health screenings per protocols provided by the primary care physician or Division of Health require no patient co-payments.

Funding for this program is derived from general revenues (DGF - DHS Grants Fund Account), federal and other revenues. Federal revenue derived from Title XIX - Medicaid, U. S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Other revenues which are indicated as the Medicaid Trust Fund, and as various program support which can include Medicaid match. Additionally, tobacco settlement funding can be utilized in this appropriation if Section 11 of Act 2 of the First Extraordinary Session of 2002 is invoked and approved by the Governor and the Chief Fiscal Officer of the State.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019. Department of Human Services – Division of State Services for the Blind appropriation and positions moved to Department of Commerce – Division of Workforce Services.

## **Analysis of Budget Request**

**Appropriation:** 896 - DHS–Admin Paying Account

**Funding Sources:** PWP - Administration Paying

Department of Human Services - Division of State Services for the Blind was transferred to the Department of Commerce - Division of Workforce Services due to Act 910, the Transformation and Efficiencies Act of 2019.

In 1983, Act 481 was passed, creating the Division of State Services for the Blind (DSB). The Act removed the Division from the jurisdiction of the Department of Rehabilitation Services and made it an autonomous state agency within the Department of Human Services. The Division is responsible for its own State Plan under the Federal Rehabilitation Act. Agency direction and performance responsibility lies with a seven (7) member consumer board comprised of organization representatives involved in providing services for people who have visual impairments. The member organizations include those such as Arkansas Lions, Blinded Veterans Association, Lions World Services for the Blind, Arkansas School for the Blind, and the Arkansas Affiliate of the National Federation of the Blind. By law, the majority of the members of the Board must be persons who are blind. This organizational structure was maintained in the reorganization of the Department when Act 348 of 1985 was passed. Services to individuals with visual impairments are provided by agency staff and by contracting with service providers who specialize in services for people with visual impairments.

DSB serves consumers through three interdependent units: Field Services, Vending Facility Program, and the DSB Directors Office. These three service units were designed by the DSB Board to offer two advantages to the State of Arkansas:

- First, to enhance the personal self-sufficiency of consumers eliminating costs associated with unnecessary skilled care; and
- Second, to maximize the potential contributions made by consumers as citizens and taxpayers.

The agency is funded through general revenue (DSB - State Services for the Blind Fund Account). Federal funding sources include revenues derived from the federal Department of Education - Rehabilitation Services Administration, Social Security Administration; as well as, federal grant funding such as the Social Services Block Grant. Other revenues which are indicated as various program support can include sources such as M&R proceeds and refunds.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect the changes impacted by Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 2QZ - Community Based Sanctions

**Funding Sources:** DYS - Youth Services Fund Account

The Community Based Sanctions appropriation, mandated by A.C.A. §9-28-701 et seq., is used by the Division of Youth Services (DYS) to ensure appropriate sanctions for juveniles adjudicated delinquent. This program is intended to provide a range of sanction alternatives for juveniles who are adjudicated delinquent and are non-compliant with court orders or conditions of supervision.

The intent of this program is to provide more options for the Courts and Community Based Providers in working with juveniles in the community rather than committing them to DYS. The primary goal of graduated (progressive) sanctions is to reduce problem behaviors, and include the following examples:

- Verbal Warnings
- Contracts with conditions (curfews, increased treatment, increased drug testing, etc.)
- Community Service/Work Crew hours
- Day Reporting
- Electronic Monitoring
- Short Term Confinement (requires court involvement)
- Long Term Confinement (requires court involvement)

Funding for this appropriation is general revenue (DYS - Youth Services Fund Account) and other revenues, which are indicated as various program support, that become available such as funding certified under the 45 day rule.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

## **Analysis of Budget Request**

**Appropriation:** 2RB - Community Services

**Funding Sources:** DYS - Youth Services Fund Account

The Community Service appropriation is utilized by the Division of Youth Services (DYS) to purchase services from community based providers for youth released from a DYS residential facility, families of youth currently being served in a DYS residential treatment facility, and/or non-committed youth who have been diverted from incarceration or DFYS commitment. These services include electronic monitoring, intensive supervision and tracking, day services (i.e. education services for youth admitted to the program who are not enrolled in school), crime prevention/intervention, and after-care supervision for state custody of youth.

The primary purposes of these contracts are to:

- Provide diversion services as alternatives to incarceration and DYS commitments to youth referred from Juvenile Courts and law enforcement;
- Provide case management and other services in order to maintain and stabilize youth in home and non-secure community settings;
- Promote successful integration and re-entry of DYS committed youth back into the community;
- Ensure the seamless provision of rehabilitative and treatment services between residential and community-based programs and across county lines; and
- Engage the youth's family, fictive kin, school, and community in a culturally competent manner to foster pro-social relationships and activities for the youth and build upon family-based strengths.

Case management services ensure that the youth and family will receive assistance in accessing whatever services they need, whether from the DYS contractor or another community resource. Direct services will include validated risk and needs assessments, case management and casework services, psychosocial classes, sanction services to address compliance with court orders, and direct mental health and supportive services not available through other providers or funding sources such as Medicaid.

Funding for this appropriation is general revenue (DYS - Youth Services Fund Account) and other revenues which are indicated as various program support that become available, such as Rehab funding.

The Legislative Recommendation reflects the FY21 ALC/JBC recommendation from the 2018 Fall Budget Hearings Summary Manuals, any Governor's Letters adopted and member amendments. The Agency Request and Executive Recommendation reflect Act 910, the Transformation and Efficiencies Act of 2019.

The Division of Youth Services (DYS) was created by Act 1296 of 1993 to be entirely devoted to "handle the problems of youths involved with the juvenile justice system." The primary responsibilities of DHS are to:

- Coordinate components of the juvenile justice system;
