BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Section 1 of Act 315 of 1983, as amended, the same being Arkansas Statute 75-730.1, is hereby amended to read as follows:

"Section 1. It is unlawful for any person to operate a motor vehicle which has any substance or material, except rearview mirrors and decals required by law, attached to the windshield at any point more than four and one-half (4½) inches above the bottom of the windshield. It is unlawful for any person to operate a motor vehicle which has any substance or material attached to the window of either front door except substances or materials attached by the manufacturer. The provisions of this Act shall not apply to motorists driving motor vehicles registered in other states that have enacted legislation regulating the shading of windshields or windows of motor vehicles and are driving on Arkansas roads and highways. Furthermore, this Act shall not prohibit the shading of windshields or windows of a motor vehicle if the operator or a passenger has been advised by a medical doctor that the person's exposure to the sun should be limited for medical reasons."

SECTION 2. All laws and parts of laws in conflict with this Act are hereby repealed.
