Whenever the Director of the Department of Computer Services deems it necessary to expend such additional appropriation, he shall provide the Chief Fiscal Officer necessary justification for such expenditures including a statement that the service requested by the State agency cannot be provided within other appropriations made to the Department without jeopardizing continued operations, or that the need for growth to meet expanded needs by State agencies or increase in public utility rates was unanticipated at the time of passage of this Act.

SECTION 7. CARRY FORWARD PROVISION. The balance of the appropriation made in Section 5 herein which remains at the close of the fiscal year ending June 30, 1990, may be carried forward and used for the same purpose in the fiscal year ending June 30, 1991.

SECTION 8. LEGISLATIVE INTENT. It is the intent of the General Assembly that any funds disbursed for data processing under the authority of the appropriations contained in this Act be made from the Data Processing line item, and any funds disbursed for telecommunications under the authority of the appropriations contained in this Act be made from the Operating Expenses line item.

SECTION 11. LEGISLATIVE INTENT. SECTION 13. EMERGENCY CLAUSE. It is hereby found and determined by the Seventy-Seventh General Assembly, that the Constitution of the State of Arkansas prohibits the appropriation of funds for more than a two (2) year period; that the effectiveness of this Act on July 1, 1989 is essential to the operation of the agency for which the appropriations in this Act are provided, and that in the event of an extension of the Regular Session, the delay in the effective date of this Act beyond July 1, 1989 could work irreparable harm upon the proper administration and provision of essential governmental

programs. Therefore, an emergency is hereby declared to exist and this Act being necessary for the immediate preservation of the public peace, health and safety shall be in full force and effect from and after July 1, 1989.
