BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. PURPOSE. The General Assembly is cognizant of the significant role aviation has played in the economic development and growth of this state and of the many contributions that citizens of Arkansas have made to aviation. The Arkansas Aviation Historical Society, Inc., a non-profit corporation, has been established to engage in the preservation and public display of a significant number of aircraft that have played an important role in the aviation history in this state, and proposes to develop an Arkansas Museum of Aviation History for such purpose, including the maintenance of archival materials of major events and circumstances that exemplify Arkansas' contribution to aviation history. In addition, the Little Rock Air Force Base Historical Foundation, Inc., a private non-profit corporation, has been founded to provide for the construction and operation, at a site on the Little Rock Air Force Base, of an Outdoor Air Park for the preservation and display of military aircraft of historical and military significance, and of the role that Arkansas has played in the aviation efforts for the national defense. The General Assembly hereby determines that the development of an Arkansas Museum of Aviation History and the development of the Outdoor Air Park at the Little Rock Air Force Base would make available to this and future generations a living memorial to the history and development of the aviation industry in

this state, and the providing of the aforementioned facilities would serve a public purpose.
