## 7 **For An Act To Be Entitled**

8 "AN ACT TO ESTABLISH A PROGRAM TO PROVIDE ASSISTANCE TO  
9 INVENTORS IN ARKANSAS; AND FOR OTHER PURPOSES."

10

11 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

12

13 SECTION 1. This act shall be known and may be cited as the "Inventors  
14 Assistance Act."

15

16 SECTION 2. As used in this act, unless context otherwise requires:

17 (1) "The Center" means the Center for Prototype Development and  
18 Emerging Technologies to be developed and operated by the University of  
19 Arkansas at Little Rock;

20 (2) "Commercial state" means the point at which a product has  
21 been developed beyond the theoretical and prototype stage and is capable of  
22 being manufactured or practiced commercially;

23 (3) "Inventor" means any person who conceives a new concept which  
24 may result in a proprietary product;

25 (4) "Person" means any individual, sole proprietor, partnership,  
26 or corporation;

27 (5) "Product" means any device, technique, process, item of  
28 manufacture, composition of matter or work of authorship;

29 (6) "Proposal" means a plan provided by the inventor which  
30 includes technical and descriptive information on a *product*;

31 (7) "Royalties" means all things of value received by an inventor  
32 in connection with the licensing of a proprietary product or the assignment,  
33 sale or licensing of intellectual property;

34 (8) "Proprietary Product" means a product patented, copyrighted,  
35 or trademarked pursuant to federal or state law, or for which an application

1 for patent or for copyright or trademark registration is pending;

2                   (9) "Gross Sales Revenues" means all revenues or anything of  
3 value received by any person from the sale of a proprietary product;

4                   (10) "Intellectual Property" means patents, copyrights, or  
5 trademarks acquired pursuant to federal or state law, or applications for  
6 patent or for copyright or trademark registration; and

7                   (11) "Product Development Plan" means a plan prepared by the  
8 Center for developing a product to the commercial state.

9

10                 *SECTION 3. The Board of Trustees of the University of Arkansas, in  
11 consultation with the Arkansas Inventors Congress is authorized to establish a  
12 prototype development center at the University of Arkansas at Little Rock to  
13 provide assistance to inventors. The inventors assistance program shall be  
14 designed to:*

15                 (1) Attract inventors from throughout this State, the nation, and  
16 other countries, and encourage them to submit their proposals for review and  
17 evaluation;

18                 (2) Provide assistance to inventors whose proposals are accepted  
19 after evaluation and review. Assistance may include limited patent searches,  
20 market analysis, product research and development, assistance in obtaining  
21 financing, business counseling, and any other assistance not prohibited by the  
22 Constitution or laws of this State which is necessary to develop the product  
23 to the commercial state. To protect both the State and the inventor, a  
24 disclosure document shall be on file with the U.S. Patent Office before the  
25 Center will review a proposal;

26                 (3) Provide assistance to enable the manufacturing, marketing and  
27 distribution of the product; and

28                 (4) Protect the confidentiality of each inventor's proposals to  
29 the extent permitted by law.

30

31                 *SECTION 4. The Board of Trustees of the University of Arkansas, on  
32 behalf of the Center, may:*

33                 (1) Enter into contracts on a competitive bid basis or non-  
34 competitive bid basis, consistent with state laws and regulations with public  
35 and private agencies, institutions, organizations and individuals for the  
36 purpose of providing assistance to and services for inventors as required by

1 this act;

2 (2) Solicit the support and contribution of public and private  
3 agencies, organizations, institutions and individuals;

4 (3) Receive and administer funds for the purpose of operating the  
5 inventors assistance program;

6 (4) Advertise and promote the inventors assistance program;

7 (5) *Adopt policies and procedures to implement the provisions of*  
8 *this act; and*

9 (6) Acquire security interests in intellectual property to the  
10 extent necessary to protect the state's interest in the fees charged pursuant  
11 to Section 5.

12

13 SECTION 5. (a) The Center shall charge a filing fee of up to five  
14 hundred dollars (\$500.00) for each proposal submitted for review and  
15 evaluation, depending upon the cost to research the proposal as determined by  
16 the Center.

17 (b) After review and evaluation, proposals shall be accepted or  
18 rejected for product development under the inventors assistance program.

19 (c) If a proposal is accepted for product development, the Center  
20 shall prepare a product development plan which will include a technical plan  
21 for developing the product, time schedule and estimated cost. The Center will  
22 have an established policy for making decisions to develop products utilizing  
23 appropriate resources and bringing the products to a commercial state. The  
24 services of the Center may include patent searches, applications for patent,  
25 copyright registration, market analysis, product research and development,  
26 assistance in obtaining financing including financing from private resources  
27 and business counseling.

28 (d) If the inventor wants the Center to develop the product  
29 according to the product development plan, but is unable to finance all or  
30 part of the development, then the Center may develop the product using in part  
31 its own or other resources, provided such resources are available. The  
32 inventor shall be liable to pay a fee according to the policy set forth in  
33 Section 5 (e)(3). The inventor may finance the product development plan in  
34 full and, in such cases, there will not be any additional fee involved.

35 (e) Before services to aid in the development of the product

1 shall commence, the Board of Trustees of the University of Arkansas on behalf  
2 of the Center shall enter into a written contract with the inventor which  
3 shall include, in addition to any other provisions consistent with this act:

4                         (1) The services which the Center will provide to aid in  
5 the development of the product;

6                         (2) Any other services which the Center will assist the  
7 inventor in obtaining and for which the inventor shall be liable pursuant to  
8 written consent;

9                         (3) (A) Authorization for the Center to receive a fee not  
10 to exceed an amount equal to:

11                         (i) Ten percent (10%) of all royalties from the  
12 product for a period not to exceed ten (10) years from the first day after  
13 royalties are first received by the inventor;

14                         (ii) One percent (1%) of the gross sales revenue for  
15 a period not to exceed ten (10) years from the first day after the product  
16 reaches the commercial state; and/or

17                         (iii) an equitable percentage of any consideration  
18 received from the sale, licensing or transfer of any interest in intellectual  
19 property or proprietary products.

20                         (B) The fee shall be based on a consideration of the  
21 following factors:

22                         (i) The inventor's contribution to the financing of  
23 the product according to the product development plan;

24                         (ii) The Center's contribution to the financing of the  
25 product according to the product development plan; and

26                         (iii) The potential for commercial success of the  
27 product;

28                         (4) A written agreement from the inventor that all products  
29 developed under the program shall be researched, developed, manufactured,  
30 packaged within this State and distributed from this State to the extent that  
31 it is economically feasible. Provided, wherever the products are manufactured  
32 the fee set forth in Section 5 (e) (3) shall accrue to this State pursuant to  
33 the provisions of this act;

34                         (5) Provision for acquisition by the Center of any security  
35 interest in intellectual property as required to protect the state's interest

1 in the fee set forth in Section 5 (e) (3);

11                             (f) The Board of Trustees of the University of Arkansas on behalf  
12 of the Center is authorized to enter into a written contract with each Center  
13 employee which shall include provisions designed to protect the  
14 confidentiality of inventors' proposals and to prohibit the employee from  
15 using information gained at the Center to compete with or disadvantage any  
16 inventor.

17

18           SECTION 6. Provided that the proprietary product is registered with the  
19 Center, royalties earned by an inventor from a proprietary product developed  
20 and manufactured in this State shall be exempt from state income tax for a  
21 period of seven (7) years beginning January 1 of the first year in which the  
22 royalties are received.

23

24 SECTION 7. There is hereby established on the books of the State  
25 Treasurer, State Auditor, and Chief Fiscal Officer of the State a fund to be  
26 known as the "Inventor's Assistance Program Fund". This fund shall consist of  
27 all monies received by the Center for implementation of the Inventors  
28 Assistance Act and all fees received pursuant to this act. *Monies received*  
29 *into the fund are authorized to be applied to implement this act.* Any amount  
30 in said fund not directly needed to implement this act shall go to the General  
31 Revenue Fund of the State.

32

33 SECTION 8. The Center shall submit an annual report based on the fiscal  
34 year on or before December 31 of each year to the Governor and shall mail the  
35 report to the Legislative Council of the General Assembly to be reviewed by

1 the Joint Interim Committee on State Agencies and Governmental Affairs. The  
2 report shall include, but not be limited to:

3                 (1) The number of proposals submitted for review and evaluation;

4                 (2) The number of proposals accepted for development and the  
5 number rejected;

6                 (3) The number of products patented;

7                 (4) The number of products developed to the commercial state;

8                 (5) The number of jobs created and preserved as a result of the  
9 manufacturing, marketing, packaging, warehousing and distribution of products;  
10 and

11                 (6) An estimate of the multiplier effect on the Arkansas economy  
12 as a result of jobs so created and preserved.

13

14                 SECTION 9. All provisions of this act of a general and permanent nature  
15 are amendatory to the Arkansas Code of 1987 Annotated and the Arkansas Code  
16 Revision Commission shall incorporate the same in the Code.

17

18                 SECTION 10. If any provision of this act or the application thereof to  
19 any person or circumstance is held invalid, such invalidity shall not affect  
20 other provisions or applications of the act which can be given effect without  
21 the invalid provision or application, and to this end the provisions of this  
22 act are declared to be severable.

23

24                 SECTION 11. All laws and parts of laws in conflict with this act are  
25 hereby repealed.

26

27                 SECTION 12. EMERGENCY. It is hereby found and determined by the  
28 General Assembly that establishment of businesses by inventors results in  
29 numerous benefits to the state; that these benefits include industrial  
30 diversification, broadening of the economic base, the creation of jobs, and  
31 benefits to the residents of the state through new products and processes;  
32 that it is estimated that ninety-five percent (95%) of all inventions are  
33 never authoritatively considered primarily because inventors are unfamiliar  
34 with the business environment or financial structure necessary for  
35 implementing their proposals; that this act would provide assistance to

1 inventors and at the same time create benefits to the state and its residents;  
2 and that the need for assistance constitutes such an emergency that the  
3 immediate passage of this act is necessary in order to provide for assistance  
4 to inventors. Therefore, an emergency is declared to exist and this act being  
5 necessary for the preservation of the public peace, health, and safety shall  
6 take effect and be in full force from and after its passage and approval.
