18

19 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

20

21 SECTION 1. Arkansas Code Annotated Title 8, Chapter 9, is amended by
22 adding new Subchapter 5 to read as follows:

23 "8-9-501.

24 The provisions of this subchapter shall be known and may be cited as the
25 Beverage Container Recycling and Litter Reduction Act.

26 8-9-502.

27 The General Assembly declares that in order for the State of Arkansas to
28 be able to meet the municipal waste reduction goal adopted in Act 749 of 1991,
29 as codified at Arkansas Code §8-9-101, it is imperative that new opportunities
30 for recycling, particularly in rural areas of the state, be developed. The
31 General Assembly finds that containers, especially beverage containers, are
32 the most valuable and recyclable commodity in the waste stream and that the
33 discarding of these containers is an unnecessary addition to the state's
34 litter problem and its already overburdened solid waste disposal system. The
35 General Assembly further finds that it is in the public interest to establish

1 a program for the recycling of containers which:
2 (1) Reduces the volume of waste and litter;
3 (2) Increases opportunities for recycling and provides financial
4 incentives for consumers to do so;
5 (3) Builds upon existing recycling infrastructure;
6 (4) Stimulates statewide creation of new jobs and wider employment in
7 the recycling industry.

8 8-9-503.
