### **Subtitle**

13  
14 DECLARING A GOAL FOR INCREASED CONSUMPTION OF FRUIT AND  
15 VEGETABLES.

16

17 WHEREAS, the prevention of heart disease and cancer is one of the most  
18 urgent medical challenges of our day; and

19

20 WHEREAS, heart disease is the number one killer in Arkansas and cancer  
21 is predicted to strike three (3) out of four (4) Arkansas families during a  
22 lifetime; and

23

24 WHEREAS, the 1988 Surgeon General's Report on Nutrition and Health  
25 estimates that two-thirds (2/3) of the deaths from heart disease and cancer  
26 are attributable to the type of diet which is currently typical in the United  
27 States; and

28

29 WHEREAS, the American Heart Association and the American Cancer Society  
30 recommend that people should reduce their intake of fats and increase their  
31 consumption of high fiber foods, such as fruits and vegetables, as part of a  
32 diet that may help reduce heart disease and cancer risk; and

33

34 WHEREAS, the American Diabetes Association, and the United States

35

1 Departments of Agriculture and Health and Human Services also make similar  
2 dietary recommendations to reduce the risk of diabetes, and other chronic  
3 diseases; and

4

5 WHEREAS, the United States Department of Agriculture encourages the  
6 consumption of a variety of foods from all food groups in proportion to one's  
7 needs; and

8

9 WHEREAS, the Arkansas Department of Health has recognized the  
10 significant relationship between diet and heart disease and cancer as a threat  
11 to public health and is actively promoting a doubling of the current  
12 consumption of fruits and vegetables in the typical Arkansas diet as one (1)  
13 of the ways to reduce the risk of heart disease and cancer,

14

15 NOW THEREFORE,

16 BE IT RESOLVED BY THE SENATE OF THE SEVENTY-NINTH GENERAL ASSEMBLY OF THE  
17 STATE OF ARKANSAS, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

18

19 THAT the General Assembly of the State of Arkansas declares a goal for  
20 yearly consumption of fruit and vegetables of five hundred (500) pounds, the  
21 equivalent of a minimum of five (5) servings per day, per person in Arkansas  
22 by the year 2,000 A.D. as a chronic disease prevention measure; and

23

24 BE IT FURTHER RESOLVED that the Secretaries of the House and Senate  
25 transmit copies of this resolution to the Governor, the Director of the  
26 Department of Human Services, and the Director of the Department of Health.
