15

16 BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTIETH GENERAL  
17 ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE SENATE, A MAJORITY OF ALL  
18 MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:

19

20 That the following is hereby proposed as an amendment to the  
21 Constitution of the state of Arkansas, and upon being submitted to the  
22 electors of the state for approval or rejection at the next general election  
23 for Representatives and Senators, if a majority of the electors voting  
24 thereon at such election, adopt such amendment, the same shall become a part  
25 of the Constitution of the state of Arkansas, to wit:

26

27 SECTION 1. (a) For the purpose of acquiring, constructing, installing  
28 or renting real property or tangible personal property having an expected  
29 useful life of more than one (1) year, municipalities and counties may incur  
30 short-term financing obligations maturing over a period of, or having a term,  
31 not to exceed five (5) years. Such obligations may bear interest at either:

32 (1) a fixed rate throughout the term thereof, including a fixed  
33 interest rate which is to be determined by reference to an index or other  
34 formula, but not to exceed the maximum lawful rate of interest for fixed rate  
35 obligations, or

1                             (2) a rate which may vary at such times and under such  
2 circumstances as the parties may agree, whether or not the interest rate in  
3 fact varies, but not to exceed the maximum lawful rate of interest for  
4 variable rate obligations. The maximum lawful rate of interest for fixed  
5 rate obligations is the formula rate in effect on the date the obligation is  
6 incurred, regardless of when such interest is to begin to accrue. The  
7 maximum lawful rate of interest for variable rate obligations is the formula  
8 rate in effect on the date such interest accrues. The aggregate principal  
9 amount of short-term financing obligations incurred by a municipality or a  
10 county pursuant to this section shall not exceed twenty percent (20%) of the  
11 assessed value of taxable property located within the municipality or ten  
12 percent (10%) of the assessed value of taxable property located within the  
13 county, as determined by the last tax assessment completed before the last  
14 obligation was incurred by the city or county. The total annual principal  
15 and interest payments in each fiscal year on all outstanding obligations of a  
16 municipality or a county pursuant to this section shall be charged against  
17 and paid from the general revenues for such fiscal year, which may include  
18 road fund revenues. *Tax revenues earmarked for solid waste disposal purposes*  
19 *may be used to pay printing and other costs associated with bonds issued*  
20 *under this amendment for solid waste disposal purposes.*

21                             (b) As used here:

22                             (1) "Short-term financing obligation" means a debt, a note, an  
23 installment purchase agreement, a lease, a lease-purchase contract, or any  
24 other similar agreement, whether secured or unsecured; provided, that the  
25 obligation shall mature over a period of, or have a term, not to exceed five  
26 (5) years;

27                             (2) "Formula rate" means that rate of interest which is five  
28 percentage points (5%) above the equivalent bond yield of one year United  
29 States Treasury Bills offered by the United States Treasury at the last  
30 auction during the immediately preceding calendar quarter, calculated by  
31 rounding up to the nearest one-fourth of one percentage point (0.25%) (unless  
32 the equivalent bond yield is already by a multiple of one-fourth of one  
33 percentage point), and announced by the State Bank Commissioner (or such  
34 successor official who may be performing substantially the same duties) from  
35 information available from the Federal Reserve System of the United States.

1 The calculation of the formula rate shall be made on or before the tenth  
2 (10th) day of each calendar quarter. The formula rate so calculated shall be  
3 effective on the eleventh (11th) day of the calendar quarter and shall  
4 continue in effect until the formula rate for the succeeding calendar quarter  
5 shall have been calculated and becomes effective. If, for any reason, the  
6 United States ceases to issue one year Treasury Bills, such calculation shall  
7 be made using a debt instrument of the United States having substantially the  
8 same general character and maturity. The calculation and announcement of the  
9 formula rate by the State Bank Commissioner shall be final.

10           (c) The provisions of this section shall be self-executing.

11

12           SECTION 2. The authority conferred by this amendment shall be in  
13 addition to the authority of municipalities and counties to issue bonds and  
14 other debt obligations pursuant to Amendments 62, 65, and 72, and other  
15 provisions of the Constitution and laws of the state.

16

17           SECTION 3. This amendment goes into effect on January 1, 1997.
