21 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

22

23 SECTION 1. Legislative Findings.

24 (a) The Arkansas General Assembly hereby recognizes that:

(1) Modern warfare and the corresponding advancements in weapons require a higher level of intelligence and skill and, therefore, a better educated soldier. Minimum enlistment criteria are increasing with the passage of time and the advent of new technology;

(2) While enlistment incentives have remained the same for Reserve forces, they have steadily declined or have been eliminated for the National Guard;

(3) States surrounding Arkansas have increased incentives to National Guard members, including tuition exemptions and waivers of out-of-state tuition for qualified active Guard members;

(4) Other states have lost National Guard units but, because of

1 Arkansas' historically high strength, the state has been selected to receive
2 high-priority, high-strength units, actually increasing strength requirements
3 for certain high-readiness units;

4 (5) The combined effect of these factors has caused assigned
5 personnel strength relative to authorized strength levels in the Arkansas
6 National Guard to decline steadily since early 1994;

7 (6) As educational requirements increase, there are fewer
8 enlistees who can qualify for critical specialties and as officer candidates.

9 (b) The Arkansas General Assembly further recognizes that:

10 (1) In the absence of additional incentives, Arkansas' potential
11 enlistees and current members will be attracted to active duty or to Reserve
12 or National Guard units in surrounding states;

13 (2) While tuition incentives may replace other incentives that
14 have been eliminated and may encourage college-qualified persons to enlist
15 and continue their education, a loan repayment program encourages personal
16 responsibility and long-term commitment to pursuit of educational goals;

17 (3) Utilizing a combined program of education loans and tuition
18 incentives for new recruits, and education loans for eligible existing
19 members, encourages a better-educated population, while rewarding bright and
20 responsible young persons for long-term community service in the National
21 Guard;

22 (4) An incentive that is targeted as an educational loan
23 re-payment has the dual benefit of encouraging and assisting the pursuit of
24 post-secondary education while making enlistment in the Arkansas National
25 Guard more attractive. The program also brings Arkansas' incentives for
26 enlistment more in parity with surrounding states.

27
