8 "AN ACT ENABLING THE DIRECTOR OF THE DEPARTMENT OF
9 POLLUTION CONTROL AND ECOLOGY TO GRANT VARIANCES AND
10 TEMPORARY OPERATIONAL AUTHORITY PURSUANT TO THE WATER AND
11 AIR POLLUTION CONTROL ACT; AND FOR OTHER PURPOSES."

12

Subtitle

14 "THE ENVIRONMENTAL VARIANCES ACT"

15

16 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

17

18 SECTION 1. Arkansas Code Title 8, Chapter 4, Subchapter 2 is amended
19 by adding the following section:

20 "§ 8-4-230. Variances and interim authority.

21 (a) Unless otherwise prohibited by preemptive federal law, the
22 director may, for *compelling reasons and good cause shown*, grant:

23 (1) temporary variances from the requirements of any permit; or
24 (2) interim authority to construct or operate during the
25 pendency of any applicable public notice period.

26 Such variance or interim authorization shall not exceed a period of ninety
27 (90) days, except when a longer period is justified by circumstances beyond
28 the applicant's control.

29 (b) In considering any request for a variance pursuant to subsection
30 (a)(1), the director shall consider the environmental and public health
31 effects of the temporary variance and any economic advantage obtained by the
32 party requesting the variance over other similarly situated facilities
33 operating in accordance with similar permit conditions. In addition, the
34 director may take into account the following factors:

35 (1) whether strict compliance with permit terms is inappropriate

1 because of conditions beyond the control of the person requesting the
2 variance;

3 (2) whether strict compliance would result in substantial
4 curtailment or closing down of a business, plant, or operation;

5 (3) whether the variance request is prompted by recurrent or
6 avoidable compliance problems;

7 (4) a review of the operational history of the requesting
8 facility; and

9 (5) whether the public interest will be served by a temporary
10 variance.

11 (c) When considering any request for interim authority during the
12 pendency of a public notice period pursuant to subsection (a)(2), the
13 director may take into account the following factors in addition to the
14 applicable factors of subsection (b):

15 (1) whether the applicable permitting applications were timely
16 and completely submitted;

17 (2) whether the delay in final permitting action is attributable
18 to actions or omissions of the department;

19 (3) whether contractual or other business obligations will
20 become due before the applicable public comment period expires; and

21 (4) whether the public interest will be served by construction
22 or operation during the pendency of public notice.

23 (d) Every director's decision to grant a variance or interim authority
24 to construct or operate shall be publicly noticed, at the applicant's
25 expense, within ten (10) business days of the director's decision. Any
26 member of the public may object to the director's decision within ten (10)
27 business days of the notice. Any variance or interim authority granted by
28 the director during this notice and comment period is contingent upon the
29 right of the public to object. Any actions of the applicant in reliance upon
30 the grant of the variance or interim authority during the public comment
31 period are strictly at the applicant's own risk, and no actions or
32 expenditures by the applicant during this period shall be construed as
33 accruing equities in the applicant's favor.

34 (e) An applicant who has been denied a variance or interim authority,
35 or a third-party who submitted timely objections during the subsection (d)

1 comment period, may appeal the director's final decision. Such an action
2 shall be processed as a permit appeal under A.C.A. § 8-4-205, provided
3 however that the decision of the director shall remain in effect during the
4 appeal, the adjudicatory review shall be completed as expeditiously as
5 possible, and a final decision shall be issued by the commission within sixty
6 (60) days unless all parties agree to extend the review time.

7 (f) Any party aggrieved by a commission decision on a request for
8 variance or interim authority may appeal as provided by applicable law."

9

10 SECTION 2. Arkansas Code 8-4-304 is amended to read as follows:

11 "§ 8-4-304. Applicability of water pollution provisions.

12 All provisions of §§ 8-4-101 - 8-4-106 and 8-4-201 - 8-4-230 relating to
13 water pollution shall apply to this subchapter unless manifestly inconsistent
14 therewith, including, but not limited to, the provisions of §§ 8-4-205,
15 8-4-212 - 8-4-214, and 8-4-218 - 8-4-229 relating to hearings before the
16 commission, notice, right to appeal, and procedure, and § 8-4-230 relating to
17 variances and interim authority."

18

19 SECTION 3. All provisions of this act of a general and permanent
20 nature are amendatory to the Arkansas Code of 1987 Annotated and the Arkansas
21 Code Revision Commission shall incorporate the same in the Code.

22

23 SECTION 4. If any provision of this act or the application thereof to
24 any person or circumstance is held invalid, such invalidity shall not affect
25 other provisions or applications of the act which can be given effect without
26 the invalid provision or application, and to this end the provisions of this
27 act are declared to be severable.

28

29 SECTION 5. All laws and parts of laws in conflict with this act are
30 hereby repealed.

31

32 SECTION 6. EMERGENCY. It is hereby found and determined by the
33 General Assembly that, in order to avoid the needless disruption of business
34 in this state, the director of the Department of Pollution Control and
35 Ecology should be given authority to grant temporary variances and interim

1 authority to construct or operate regulated activities. Therefore, an
2 emergency is hereby declared to exist and this act being necessary for the
3 immediate preservation of the public peace, health and safety shall be in
4 full force and effect from and after its passage and approval.
