33 (a) The General Assembly finds that in the absence of adequate
34 attention to service quality, government programs often become wasteful,
35 ineffective, and unresponsive; that evaluating the quality of service provided
36 under state agency contracts for professional and consulting services is

1 necessary to protect the integrity of state-funded programs; that the State
2 Hospital Board and the Department of Human Services enter into many of these
3 types of contracts that involve millions of dollars of public funds; that
4 requiring the inclusion of a performance evaluation provision in professional
5 service contracts and consulting services contracts entered into by the State
6 Hospital Board and the Department of Human Services will provide a mechanism
7 for evaluating the quality of service provided under those contracts; and that
8 requiring the State Hospital Board and the Department of Human Services to
9 report annually regarding performance evaluation to the House and Senate
10 Interim Committees on Public Health, Welfare, and Labor or appropriate
11 subcommittees thereof will encourage the State Hospital Board and the

13 which may provide information that can help improve the programs and services
14 they provide. Therefore, it is declared to be the intent of this General
15 Assembly to require the State Hospital Board and the Department of Human
16 Services to include performance evaluation provisions in contracts for
17 professional services and consulting services and to report at least annually
18 regarding the evaluation of each contract.

19 (b) All new professional services contracts and consultant services
20 contracts entered into by the State Hospital Board and the Department of Human
21 Services shall include a performance evaluation provision that outlines a
22 method for evaluating the service provided under the contract. The provision
23 shall identify the goals and performance indicators of the contract and how
24 the state agency intends to evaluate the service provided.

25 (c) The State Hospital Board and the Department of Human Services shall
26 actively seek appropriate remedy when contract performance is less than
27 satisfactory.

29 report to the House and Senate Interim Committees on Public Health, Welfare,
30 and Labor or appropriate subcommittees thereof at least annually regarding the
31 performance evaluation of each professional services contract and each
32 consulting services contract. The House and Senate Interim Committees on
33 Public Health, Welfare, and Labor or appropriate subcommittees thereof may
34 refer contracts related to the Division of Youth Services of the Department of
35 Human Services to the Joint Interim Committee on Children and Youth.

36 (e) The State Hospital Board and the Department of Human Services shall

1 not extend or renew an existing professional services contract or consultant
 2 services contract unless the contract includes a provision for performance
 3 evaluation.

4 (f) This section shall only apply to contracts required to be submitted
 5 under §19-4-1710 and shall not apply to architectural and engineering services
 6 contracts.

7 (g) The House and Senate Interim Committees on Public Health, Welfare,
 8 and Labor or appropriate subcommittees thereof shall report to the other
 9 interim committees and to the General Assembly on the success of including
 10 performance evaluation provisions in professional services and consultant
 11 services contracts with regard to the legislative intent of this section and
 12 make recommendations with regard to the expansion, continuation, or
 13 termination of the use of performance evaluation provisions in professional
 14 services and consultant services contracts."
