## Subtitle

AN ACT TO CHANGE THE USAGE AND DEFINITION OF AVERAGE DAI LY MEMBERSHIP TO AVERAGE DAILY ATTENDANCE IN SCHOOL FUNDING.

```
BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
```

SECTION 1. Arkansas Code 6-10-108(d) pertaining to a twelve (12) month school year is amended to read as follows:
(d) The State Board of Education is authorized to establish appropriate standards, guidelines, rules, and regulations for the determination of average daily membership attendance of school districts and for the distribution of state equalization aid and other forms of state aid and financial assistance to each local school district that elects to operate the public schools of the district on a twelvemonth basis, in order to provide the district with an equitable share of the aid funds designated to equate a twelve-month school operation by the district to the educational opportunities provided by a district offering nine (9) months of public school instruction. Provided, however, the school district shall not receive any more state financial aid for offering twelve (12) months of public school instruction than it would have received for offering nine (9) months of public school instruction.

SECTION 2. Arkansas Code 6-10-117(d)(1) pertaining to a four-day school week is amended to read as follows:
(d)(1) The State Board of Education shall establish appropriate standards, guidelines, rules, and regulations for the determination of average daily membership attendance of school districts and for the distribution of state aid to each local school district that elects to operate any or all of the public schools of its district on a four-day school-week basis, to provide the district with an equitable share of aid funds designated to equate a four day school-week operation by the district to the educational opportunities provided by a district offering a fiveday school week.

SECTION 3. Arkansas Code 6-18-205(a)(2) pertaining to liability for attendance in another school district is amended to read as follows:
(2) Such students shall be counted in the receiving district's average daily membership attendance and not in the average daily membership attendance of the district of residence.

SECTION 4. Arkansas Code 6-18-206(f) pertaining to the public school choice is amended to read as follows:
(f) For purposes of determining a school district's state equalization aid, the nonresident student shall be counted as a part of the average daily membership attendance of the district to which the student has transferred.

SECTION 5. Arkansas Code 6-18-307(c) pertaining to transfers to an adjoining school district is amended to read as follows:
(c) The transfer of any child or children from one district to another as permitted herein shall constitute a transfer of the legal responsibility for the education of the child or children to the receiving district, and the child or children shall be included in the average daily membership attendance of the receiving district for state aid purposes.

SECTION 6. Arkansas Code 6-18-316(d) pertaining to transfers on petition of the student is amended to read as follows:
(d) This legal transfer of a student fromone (1) district to another places the responsibility for the education of the student on the receiving district and permits the receiving district to count these children in average
daily membership attendance for state aid purposes.

SECTION 7. Arkansas Code 6-20-216 is amended to read as follows:
6-20-216. General school fund - Apportionment generally. HEffective
fuly 1, 2000.1
The county quor um court shall apportion the general school fund of the county based upon the average daily membership attendance of the districts within the county. Each school district within the county shall receive its pro rata share of the general school fund of the county.

SECTION 8. Arkansas Code 6-20-303 pertaining to definitions in the Equitable School Finance System Act of 1995 is amended to read as follows:

6-20-303. Definitions.
As used in this subchapter, unless the context otherwise requires:
(1) "Additional base funding" means the state funding to local school districts to ensure that a local school district's total state and local revenue per average daily membership attendance is no less than the mi nimm state and local revenue per average daily membership attendance;
(2) "Additional mills for maintenance and operation" means millage I evied by the electors of a local school district for maintenance and operation in excess of those allocated to the uniform rate of tax;
(3) "Alternative I earning environment" means an intervention program, i n compliance with §§ 6-18-508 and 6-18-509, that seeks to eliminate traditional barriers to learning for students and includes a component for the education of gifted and talented students;
(4) "Average daily membership" means the total number of days attended plus the total number of days absent by students in grades kindergarten through twelve (K-12) during the first three (3) quarters of each school year,
divided by the number of school days actually taught in the district during
that period of time rounded up to the nearest hundredth. In those instances in
Which the average daily membership for less than three (3) quarters is
specified, the number of days used in the calculation shall be the days in the
specified period of time. As applied to this subchapter, students who may be
counted for average daily membership are:
(A) Students who reside within the boundaries of the school
district and who are enrolled in a public school operated by the district or a
private school for special education students, with their attendance resulting
from a written tuition agreement approved by the Department of Education;
(B) Legally transferred students living outside the district but
attending a public school in the district; and
(C) Students who reside within the boundaries of the school
district and who are enrolled in the Arkansas National Guard Youth Challenge
program, solong as the students are participants in the program;
(4) "Average daily attendance" means the sum of the days attended by
all students in grades kindergarten through twelve (K-12) inclusive, divided
by the days of school actually taught during the first three (3) quarters of
each school year. As applied to this subchapter, students who may be counted
for average daily attendance are:
(A) Students who reside within the boundaries of the school
district and who are enrolled in a public school operated by the district or a
private school for special education students, with their attendance resulting
from a written tuition agreement approved by the Department of Education; and
(B) Legally transferred students Iiving outside the district but
attending school in the district;
(5) "Base local revenue per student" means:
(A) If Category 1 is fully funded, the local revenue per student
in the local school district with the highest amount of ocal revenue per
student; or
(B) If Category 1 is not fully funded, the revenue per student to which the state equalizes, which is calculated by taking the sum of:
(i) The total available state aid for state equalization
funding per student;
( i i) Ninety-eight percent ( $98 \%$ ) of the uniform rate of tax times the total state-assessed valuation; and
(iii) Seventy-five percent (75\%) of the average mi scellaneous funds collected in the previous five (5) years or previous year whichever is Iess;
and by dividing the sum by the total state average daily membership attendance for the previous year;
(6) "Classroom teacher" means:
(A) An individual who is required to hold a teaching license from the Department of Education and who is engaged directly in instruction with
students in classroom setting for more than seventy percent (70\%) of the individual's contracted time;
(B) A guidance counselor; or
(C) A librarian;
(7) "Debt service funding supplement" means the state financial aid provided to qualifying local school districts for the purpose of reducing existing debt service burdens and increasing the amount of local revenue available for maintenance and operations expenditures and calculated as follows: For each mill of eligible debt service millage required, the local school shall be provided a dollar amount of no less than fifteen dollars $(\$ 15.00)$ per average daily membership attendance times the state wealth index;
(8) "Debt service millage" means the total number of mills voted by the electors of a school district to be pledged as security for the retirement of bonded indebtedness;
(9) "Debt service millage required" means the calculated millage rate equal to the amount of millage pledged to mandatory callable bonds plus the result of the scheduled calendar year bonded debt payment divided by the tot al assessed value of real, personal, and utility property in the local school district;
(10) "Eligible debt service millage required" means, in the computation of the debt service funding supplement, the debt service millage required for bonds issued before May 30 of each year;
(11) "Excess debt service millage" means the difference between the debt service millage levied and the debt service millage required. This amount shall be presumed to be available for maintenance and operation but may be used for other school purposes provided that the district is in compliance with the uniform rate of tax;
(12) "General facility funding" means the state financial aid provided to each local school district from funds made available for that purpose and based on a facilities needs assessment justification approved by the Department of Education and calculated as follows: Multiply the local school district's average daily membership attendance for the previous year times the state wealth index, times a rate established by the state Board of Education;
(13) "Incentive funding" means the state financial aid provided to local school districts below the ninety-fifth percentile for the purpose of el i minating the incentive a local school district may have to reduce its
additional mills available for maintenance and operations and which is calculated by taking one-half (1/2) of the difference between the amount of additional base funding a local school district would have received if it had only levied the uniform rate of tax and the additional base funding the district receives in the current school year. For purposes of the calculation of the a mount of additional base funding a district would have received if it had only levied the uniform rate of tax, twenty-five percent ( $25 \%$ of the miscellaneous funds received by any local school district shall be excluded from the calculation;
(14) "Isolated funding" means the state financial aid provided to local school districts with an average daily membership attendance of less than three hundred fifty (350) from funds made available for that purpose which is calculated as follows:
(A) (350-Previous year's average daily membership attendance) divided by 850 times previous year's average daily membership attendance times the base local revenue per student;
(B) Local school districts with an average daily membership attendance density of less than one and two tenths (1.2) shall receive additional funds equal to fifty percent ( $50 \%$ ) of aid received under subdivision (14)(A) of this section;
(C) For the purpose of calculating isolated funding, any local school district that has an average daily membership attendance density greater than 5.0 shall be excluded. Provided, however, if a local school district has a local revenue per student less than sixty percent (60\%) of the effective average, it shall receive isolated funding; and
(D) No school district shall receive less isolated funding in future years than the district received during the 1996-1997 school year because of subdivision (14)(C) of this section;
(15) "Local revenue per student" means in each year ninety-eight percent ( $98 \%$ of the a mount of revenue available, whether or not collected, in a local school district solely from the levy of the uniform rate of tax plus seventy-five percent (75\%) of the average miscellaneous funds collected in the previous five (5) years or previous year, whichever is less, divided by the average daily membership attendance of the local school district for the previous year;
(16) "Local school district" means a geographic area with an elected
board of directors which qualifies as a taxing unit for purposes of ad valorem property taxes under § 26-1-101 et seq. and which board conducts the daily affairs of public schools pursuant to the supervisory authority vested in it by the General Assembly;
(17) "Local school district at the ninety-fifth percentile" means, when ranking districts in descending order by the total state and local revenue per average daily membership attendance, a district which falls at the ninetyfifth percentile of the total number of pils in attendance in the schools of this state, as described by 34 C.F.R. § 222.63 (1994);
(18) "Mandatory callable bonds" means a bond issue in which all net proceeds from debt service millage used to secure the issuance of that bond must be applied to payment of the issue and cannot be used for any other purpose;
(19) "Minimum state and local revenue per average daily membership attendance" means an amount no less than eighty percent ( $80 \%$ of the total state and local revenue per average daily membership attendance of the local school district at the ninety-fifth percentile;
(20) "Miscellaneous funds" means those funds received by a local school district from federal forest reserves, federal grazing rights, federal mineral rights, federal impact aid, federal flood control, wildiferefuge funds, severance taxes, funds received by the district in lieu of taxes, and local sales and use taxes dedicated to education pursuant to § 26-74-201 et seq., § 26-74-301 et seq., § 26-75-301 et seq., and § 14-164-301 et seq.;
(21) "Previous year" means the school year immediately preceding the school year in which funds are allocated;
(22) "State equalization funding per student" means the amount of state financial aid per average daily member attendance for the previous year provided to each local school district calculated by subtracting the local revenue per student from the base local revenue per student;
(23) "State wealth index" means the result of one (1) minus the ratio of local revenue per student divided by state equalization funding per student;
(24) "Student classroom teacher funding" means the state financial aid provided to each local school district calculated as an amount equal to the a mount allocated for student classroom teacher funding divided by the tot al state average daily membership attendance for the previous year times the
receiving school district's average daily membership attendance for the previous year;
(25) "Student growth funding" means the amount of state financial aid provided to each local school district from the funds made available for that purpose calculated as the base local revenue per student multiplied by the increase, if any, in the local school district's two-quarter average of the average daily membership attendance of the current year over the local school district's average daily membership attendance for the previous year;
(26) "Student needs funding" means the amount of state financial aid provided to each local school district from available special education funding, vocational education funding, at-risk funding, isolated funding, transportation aid, and any other categories of student needs funding which may be subsequently identified pursuant to rules and regulations promulgated by the State Board of Education;
(27) "Student unit funding" means the state financial aid provided to each local school district, which is calculated as follows: By dividing the total funds available for textbook aid, alternative education, including gifted and talented education programs, restructuring, and staff development by the total state average daily members attendance for the previous year and multiplying by the local school district's average daily membership attendance for the previous year;
(28) "Total state and local revenue per average daily membership attendance" means in each local school district, the amount calculated by taking the sum of:
(A) The local school district's uniform rate of tax times ninetyeight percent ( $98 \%$ ) of the district's assessed valuation;
(B) The local school district's additional mills for maintenance and operation times ninety-eight percent ( $98 \%$ of the district's assessed valuation;
(C) The local school district's miscellaneous funds; and
(D) State equalization funding, student classroom teacher funding, student unit funding, vocational funding, general facilities funding, and student growth funding available to the local school district and by dividing by the average daily membership attendance of the local school district;
(29) "Uniform rate of tax" means a uniform rate of ad valorem property
tax of twenty-five (25) mills to be levied on the assessed value of all taxable real, personal, and utility property in the state to be used solely for the maintenance and operation of the schools. In calculating the uniform rate of tax i mposed by Arkansas Constitution, Article 14, § 3, as amended by Amendments 11, 40, and 74, the following categories of millage may be utilized to meet the minimum base millage requirement:
(A) The local school district's maintenance and operation millage;
(B) The dedicated maintenance and operation millage;
(C) Excess debt service millage; and
(D) The millage derived from the ratio of the debt service funding supplements divided by the total assessment; and
(30) "Weighted average millage rate" means a millage rate calculated by taking the sum of:
(A) The millage levied on real property times the real property assessment base;
(B) The millage levied on personal property times the personal property assessment base; plus
(C) The millage levied on utility property times the utility property assessment base;
and by dividing by the total assessed value on taxable real, personal, and utility property.

SECTION 9. Arkansas Code 6-20-308(a)(1) pertaining to school funding is amended to read as follows:
(a) (1) After determining the amount of state equalization funding, student classroom teacher funding, student unit funding, vocational funding, general facilities funding, and student growth funding available to each local school district, the Department of Education shall provide any additional base funding necessary to ensure that the total state and local revenue per average daily membership attendance of each local school district is no less than the mi ni mum state and local revenue per average daily membership attendance.

SECTION 10. Arkansas Code 6-20-310(2) and (3) pertaining to required expenditures of a local school district are amended to read as follows:
(2) Local school districts shall expend from state and local revenues
not less than the following amounts on alternative education programs in accordance with rules and regulations promulgated by the State Board of Education: The previous year's average daily membership attendance participating in alternative education, up to two percent (2\%) of the previous year's average daily membership attendance, multiplied by fifteen onehundredths (0.15) times the base local revenue per student; and
(3) Local school districts shall expend from state and local revenues not less than the following amounts on gifted and talented programs, in accordance with rules and regulations promulgated by the board: The previous year's average daily membership attendance participating in gifted and talented programs, up to five percent (5\%) of the previous year's average daily membership attendance, multiplied by fifteen one-hundredths (0.15) times the base local revenue per student.

SECTION 11. Arkansas Code 6-20-325(c)(1) pertaining to funding for natural disaster areas is amended to read as follows:
(c) (1) Funding shall be provided for two (2) years, based on the loss in revenues from the loss in average daily membership attendance in the first year subsequent to the natural disaster as compared to the year in which the natural disaster occurred.

SECTION 12. Arkansas Code 6-20-326(a) pertaining to funding for districts losing revenue is amended to read as follows:
(a) The Department of Education shall provide funding to local school districts from available funds to aid local school districts which have suffered a significant loss of revenues. The loss of revenues considered under this section shall have occurred in a one-year period. Funding under this section shall only be for one (1) year and shall be considered nonrestricted revenues included in the calculation of total state and local funding per average daily membership attendance.

SECTION 13. Arkansas Code 6-20-504(b)(1) pertaining to children Iiving in foster homes is amended to read as follows:
(b) (1) In those instances in which a child living in a foster home attends a public school in a school district in which the foster family home or child care facility is located but, during the previous school year,
attended another school district in this state which, due to the average daily membership attendance of that child during the previous school year, receives state equalization aid and other state aid and federal funds for or in behalf of the education of the child during the current school year, the school district in which the foster child is a student may make application to the other school district receiving state and federal funds for the education of the child to remit the pro rata part of such state, federal, and local funds available for the education of the child, including special education funds if the foster child is a child with disabilities, to the school district in which the foster child is now a student.

SECTION 14. Arkansas Code 6-20-601(b) through (e) pertaining to i solation funding is amended to read as follows:
(b) An isolated school district shall be eligible to receive isolated funding if:
(1) The district's budget is prepared by the local district with Department of Education approval;
(2) The district has an average daily membership attendance of Iess than three hundred fifty (350); and
(3) The district meets the mi nimumandards for accreditation of public schools prescribed by law and regulation.
(c) Any school district designated as an isolated school district for the 1996-1997 fiscal year that used geographic barriers as one (1) of the four (4) criteria necessary to receive isolated funding shall be allowed to continue to use geographic barriers as a criterion for future allocations of isolated funding.
(d) (1) State financial aid in the form of isolated funding shall be provided to local school districts qualifying under this section and shall be calculated as follows:
(350-Previous year's ADM average daily attendance) divided by 850 Previous times the previous year's ADM average daily attendance times the base local revenue per student.
(2) There shall be two (2) categories of isolated funding:
(A) Category i isolated funding shall be provided to all school districts that qualify under this section; and
(B) Category II isolated funding shall be further provided
to those school districts that qualify under this section and have an ADM ADA density ratio of less than 1.2 students per square mile and shall be calculated at fifty percent ( $50 \%$ ) of Category I funding.
(3) Those school districts that qualify under this section and whose local revenue per student exceeds the base local revenue per student shall receive isolated funding calculated as follows:
(Category $\mid$ + Category $\|$ ) = (base local revenue per student - |ocal revenue per student) times previous year's average daily membership attendance.
(e) No school district which may qualify under other law to receive additional state aid because its average daily membership attendance is less than three hundred fifty (350) shall be eligible to receive funding under this section except that a district qualifying under other law for such aid and qualifying for funds under this section may elect to receive funds under this section in lieu of aid under the other.

SECTION 15. Arkansas Code 6-20-1702(5) pertaining to transportation funding is amended to read as follows:
(5) "Average daily membership attendance" means the total number of days attended plus the total number of days absent by students in grades kindergarten through twelve (K-12) during the first three (3) quarters of each school year, divided by the number of school days actually taught in the district during that period of time rounded up to the nearest hundredth;

SECTION 16. Arkansas Code 6-20-1709(a) pertaining to high cost transportation is amended to read as follows:
(a) Total transportation aid shall be adjusted by application of the high cost transportation factor as follows:
(1) Multiply the high cost transportation factor, to be determined annually by the Department of Education, times the average daily membership attendance of the district; and
(2) Subtract the result in subdivision (a) (1) of this section from the sum of adjusted base aid pursuant to § 6-20-1708, handicapped aid, and disaster aid on the transportation worksheet in § 6-20-1716.

SECTION 17. Arkansas Code 6-20-1712(a)(2) pertaining to annexation and consolidation incentive is amended to read as follows:
(2) To calculate this incentive factor, the average daily membership attendance of the nontransported students shall be added to the average daily transported before completing the transportation worksheet in § 6-20-1716.

SECTION 18. Arkansas Code 6-23-501(a)(1) and (2) pertaining to funding for open enrollment charter schools are amended to read as follows:
(a) (1) An open-enrollment charter school shall receive funds equal to the minimum state and local revenue per average daily membership attendance as defined in § 6-20-303.
(2) Funding for an open-enroll ment charter school shall be based upon the current year three-quarter average daily membership attendance of the open-enroll ment charter school:
(A) The initial funding estimate for each school year shall be based on enroll ment as of April 15 preceding the school year in which the students are to attend;
(B) In December, funding will be adjusted based on the first quarter attendance report; and
(C) A final adjustment will be made after the current year three-quarter average daily membership attendance is established.

SECTION 19. Arkansas Code 12-29-304(a) pertaining to funding for the Department of Correction School District is amended to read as follows:
(a) The cost of implementing and operating the school program in the district authorized by this subchapter shall be borne by the state and shall be paid from funds appropriated by the General Assembly from the general revenues of the state to the Department of Correction and the Department of Education, together with any federal funds that may be available for that purpose and from any funds generated from the operations of the Department of Correction, in the following manner:
(1) The cost of facilities, equipment, and current operation in excess of the amount of grants and aids received from the Department of Education shall be borne by the Department of Correction;
(2) (A) The Department of Correction School District, as other school districts in the state, shall share in the distribution of grants and aids from the Department of Education.
(B) In no case, however, shall the moneys from the Public

School Fund to the Department of Correction School District be in excess of the statewide average state equalization funding per student, as defined in § 6-20-303, multiplied by the average daily membership attendance of the Department of Correction School District.

SECTION 20. Arkansas Code 19-7-801(a) pertaining to federal lands is amended to read as follows:
(a) Such funds as are received from and after April 15, 1983, by the Treasurer of State from the federal government on account of the sale of minerals, oil, and gas or the lease of minerals, oil, and gas on lands other than military lands belonging to the federal government located in the state shall be deposited in the State Treasury, and the Treasurer of State shall credit the funds as follows:
(1) All these funds received during each calendar year shall be first distributed to the respective counties in which the funds were generated until the benefiting counties receive a distribution of these funds equal to the a mount of the funds received in the 1981-82 fiscal year, and all moneys in excess of the a mount generated in the counties in excess of the a mount received in the 1981-82 fiscal year shall be retained by the Treasurer of State for distribution as provided in subdivision (2) of this subsection. Funds received by each benefiting county under this subsection shall be allocated in the same proportion, to be used for the same purposes as funds received by each county under the provisions of subdivision (2) of this subsection.
(2) After the requirements of subdivision (a) (1) have been met each year, all additional funds so deposited in the state Treasury shall be credited by the Treasurer of State as follows:
(A) Fifty percent ( $50 \%$ ) of the funds shall be credited to the General Revenue Fund Account of the State Apportionment Fund, for distribution to the various funds participating in the distribution of general revenues in the respective proportions to each such fund, to be used for the respective purposes as set forth in the Revenue Stabilization Law, § 19-5-101 et seq.;
(B) Fifty percent ( $50 \%$ ) of the funds shall be distributed to the counties having land in the nonmilitary federal installation from which the sale or lease of minerals, oil, or gas has generated the funds, with each
county to receive a proportionate part of the funds equal to the ratio of the total number of acres of land in the federal installation in each county as the acreage bears to the total number of acres of the federal installation in all counties having land in the federal installation to be distributed by the State Treasurer as follows:
(i) Sixty percent ( $60 \%$ ) of the funds to be transferred to the Public School Fund, to be distributed by the Department of Education to the school districts whose boundaries include a portion of the nonmilitary federal installation in the counties. Should there be more than one (1) school district whose boundaries include a portion of the federal installation within a county receiving these funds, then each school district in that county shall receive a proportionate share of the funds allocated by this section to the Public School Fund for the county, to be distributed as follows:
(a) Fifty percent ( $50 \%$ ) of the funds shall be divided between the chool districts based on the ratio of the total number of acres of land in each school district within the boundaries of the federal installation in the county as the acreage bears to the total number of acres in the federal installation in the county; and
(b) The other fifty percent (50\%) of the funds shall be divided between the school districts based on the most recent average daily membership attendance of each school district as defined in § 6-20-303;
(ii) Fifteen percent ( $15 \%$ ) of the funds shall be distributed to the County Aid Fund, to be distributed by the Treasurer of State to the county road funds of the counties to which these moneys are allocated;
(iii) Twenty-five percent ( $25 \%$ ) of the funds shall be distributed to the County Aid Fund, for distribution by the Treasurer of State to the county treasurer of the county to which the funds are to be distributed. Upon receipt of these funds, the county treasurer of the county shall distribute the funds to the county general fund and to the respective cities, towns, school districts, community college districts, and county and municipal libraries in the county in a proportion that each taxing unit shares in the real and personal property taxes collected in the county, with the exception that the school districts in the county and the county road fund which received a distribution as set out in subdivisions (i), (ii), and (iii)
of this subsection shall not be entitled to receive an additional share of the funds to be distributed under the provisions of this subdivision.

SECTION 21. Arkansas Code 19-7-802(a) pertaining to federal military I ands is amended to read as follows:
(a) Such funds as are received from and after April 15, 1983, by the Treasurer of State from the federal government on account of the sale of minerals, oil, and gas or the lease of minerals, oil, and gas on military I ands belonging to the federal government located in this state, referred to in this section as "federal military lands", shall be deposited in the state Treasury, and the Treasurer of State shall credit funds as follows:
(1) Fifty percent ( $50 \%$ ) of the funds shall be credited to the General Revenue Fund Account of the State Apportionment Fund, for distribution to the various funds participating in the distribution of general revenues in the respective proportions to each such fund, to be used for the respective purposes set forth in the Revenue Stabilization Law, § 19-5-101 et seq.;
(2) Fifty percent ( $50 \%$ ) of the funds shall be distributed to the counties having land in the military reservation from which the sale or lease of minerals, oil, or gas has generated such funds, with each county to receive a proportionate part equal to the ratio of the total number of acres of federal mi litary lands in each county as the land bears to the total acreage of the federal military lands in all the counties having such lands in them, to be distributed by the Treasurer of State as follows:
(A) Sixty percent ( $60 \%$ of the funds to be transferred to the Public School Fund, to be distributed by the Department of Education to the school districts whose boundaries include a portion of the federal mi litary lands in these counties. Should there be more than one (1) school district whose boundaries include a portion of the federal military lands wi thin a county receiving these funds, then each school district in that county shall receive a proportionate share of the funds allocated by this section to the Public School Fund for the county, to be distributed as follows:
(i) Fifty percent ( $50 \%$ ) of the funds shall be divided between the school districts based on the ratio of the total number of acres of federal military lands in each school district in the county as the acreage bears to the total number of acres in the federal military lands in the
county; and
(ii) The other fifty percent ( $50 \%$ ) of the funds shall be divided between the school districts based on the most recent average daily membership attendance of each school district as defined in § 6-20-303;
(B) Fifteen percent ( $15 \%$ ) of the funds to the County Aid Fund, to be distributed by the Treasurer of State to the county road fund of the county to which the moneys are allocated; and
(C) Twenty-five percent ( $25 \%$ ) of the funds to the County Aid Fund for distribution by the Treasurer of State to the county treasurer of the county to which the funds are to be distributed. Upon receipt of these funds, the county treasurer of the county shall distribute the funds to the county general fund and to the respective cities, towns, school districts, community college districts, and county and muncipal libraries in the county in a proportion that each taxing unit shares in the real and personal property taxes as collected in the county, with the exception that the school districts in the county and the county road fund which received a distribution as set out in subdivisions (a) (2) (A) and (B) of this section shall not be entitled to receive an additional share of the funds to be distributed under the provisions of subdivision (a) (2) (C) of this section.

SECTION 22. Arkansas Code 25-30-102(e) pertaining to the funding of vocational education in public schools is amended to read as follows:
(e) The State Board of Education shall be responsible for the administration of all funds appropriated by the General Assembly for public education based on the average daily membership attendance of students enrolled in vocational education programs in the public schools, and these funds shall be admi nistered through the Department of Education.

SECTION 23. Arkansas Code 26-80-111(b) pertaining to the millage rate for consolidated or annexed school districts is amended to read as follows:
(b) If a new school district is created from all or parts of two (2) or more districts or a district is dissolved and all or part of the area of the dissolved district is annexed to or consolidated with an existing district and if the electors have failed to approve a proposed millage rate at an annual school election, then the millage rate for the district shall be the millage rate levied, at the last school election prior to the consolidation,
annexation or merger in the district which had the highest average daily membership attendance during the school year preceding the consolidation, annexation, or merger, provided such rate complies with the uniform rate of tax.
