1	6-15-1602. School districts.
2	(a) As of December 31, 2003, any school district meeting and
3	continuing to meet the Standards of Accreditation for Arkansas Public
4	Schools, as set forth under §§ 6-15-1701 and 6-15-1704, and the
5	accountability standards as set forth by the General Assembly and other
6	provisions of this act shall continue to exist so long as the district
7	continues to comply with the accreditation and accountability standards as
8	set forth by the General Assembly and other provisions of this act.
9	(b) Any school district that is not meeting the Standards of
10	Accreditation for Arkansas Public Schools, as set forth under §§ 6-15-1701
11	and 6-15-1704, and the accountability standards as set forth by the General
12	Assembly, by December 31, 2003 and thereafter shall voluntarily consolidated
13	by May 1, 2004, as set forth under § 6-15-1603 or be reorganized by the State
14	Board of Education effective July 1, 2004.
15	(c)(l) No school district shall be closed solely because of size, if
16	the district meets the standards set forth in this act without exceeding the
17	state average per student expenditure and the district meets the Standards of
18	Accreditation for Arkansas Public Schools as set by the General Assembly.
19	(2) The State Board of Education shall identify districts with
20	unique demographics that require above the state average funding.
21	
22	6-15-1603. Voluntary reorganization.
23	(a) Any two (2) or more school districts that voluntarily agree to
24	consolidate administrative units, schools, or districts by May 1, 2004 for
25	the 2004-2005 school year and thereafter, may do so by adopting articles of
26	consolidation approved by a majority vote of each district's board of
27	directors and submitting the articles of consolidation to the State Board of
28	Education for approval. Schools voluntarily consolidating under this section
29	shall not be required to comply with § 6-13-1404(a).
30	(b) The State Board of Education shall not unreasonably deny the
31	voluntary consolidation of any school districts' administrative units,
32	schools, or districts unless the provisions contained in the articles of
33	consolidation would violate any state or federal law or if such voluntary
34	consolidation would not contribute to the betterment of the education of
35	students in the district.
36	

1	SECTION 2. Arkansas Code Title 6, Chapter 15, is amended to add an
2	additional subchapter to read as follows:
3	6-15-1701. Standards for accreditation for Arkansas public schools.
4	(a)(1) The provisions as set forth under this subchapter shall be the
5	Standards of Accreditation for Arkansas Public Schools for the 2003-2004,
6	2004-2005, and the 2005-2006 school years.
7	(2) Beginning with the 2006-2007 school year, the State Board
8	of Education shall have authority to set the Standards for Accreditation for
9	Arkansas Public Schools as set forth under § 6-15-202.
10	(b) This subchapter may be cited as the "Standards of Accreditation
11	for Arkansas Public Schools".
12	
13	6-15-1702. Requirements.
14	(a) All school districts' policies and actions shall be
15	nondiscriminatory and shall be in compliance with state and federal laws.
16	(b) Each school district in Arkansas shall be required to develop,
17	with appropriate staff and community participation, a five-year educational
18	plan. School district goals shall be compatible with state and national
19	educational goals and shall address local needs. The plan shall be filed with
20	and reviewed by the Department of Education annually.
21	<u>(c) Each school district shall provide each school year a written</u>
22	report to the public detailing progress toward accomplishing program goals,
23	accreditation standards, and proposals to correct deficiencies.
24	(d) Each school board shall adopt written policies for the operation
25	of the school district in accordance with guidelines established by the
26	Department of Education.
27	(e) Each school shall maintain all reports and records necessary for
28	effective planning, operation, and education.
29	(f) The administrators, teachers, other school staff, and parents of
30	each school shall develop an annual school improvement plan to monitor that
31	school's progress and to project its continuing needs. The annual school
32	improvement plan shall be filed with and reviewed by the Department of
33	Education.
34	(g) Each school shall review in-depth each curriculum area at least
35	every five (5) years.
36	(h) Each accredited school shall use these curriculum frameworks to

HB2539

1	(t) Local districts and individual schools shall involve parents,
2	staff, and students in the formulation and review of their student discipline
3	policies, rules, and procedures.
4	(u) Schools shall inform students and parents of the rules and
5	procedures by which the school is governed. Schools shall make the students
6	aware of the behavior that will call for disciplinary action, as well as the
7	types of corrective actions that may be imposed.
8	(v) Students and parents shall acknowledge that they have received and
9	understand the school's discipline policies by a signed statement. The school
10	shall document procedures and methods used to inform parents and students of
11	the policy.
12	(w) Teachers and administrators, classified school employees, and
13	volunteers shall be provided with appropriate student discipline training.
14	<u>(x) Each school district must provide a full-day kindergarten for each</u>
15	child age five (5) on or before September 15. A parent or guardian shall sign
16	a waiver if they elect not to enroll a child in kindergarten at age five (5).
17	Any six-year-old child who has not completed a state accredited kindergarten
18	program prior to public school enrollment shall be evaluated by the school
19	district to determine whether placement for the child shall be in
20	kindergarten or the first grade.
21	(y) Schools shall be responsible for assessing each student's progress
22	at each grade level in acquiring mastery of the competencies, skills, and
23	other subjects required by law and Arkansas Comprehensive Testing,
24	Assessment, and Accountability Program regulations. Assessment data may
25	include performance assessments, competency test scores, standardized test
26	scores, subject matter mastery test scores, and observations of teachers and
27	parents or guardians.
28	(z) Grades assigned to students for performance in a course shall
29	reflect only the extent to which a student has achieved the expressed
30	academic objectives of the course. Grades that reflect other educational
31	objectives such as the student learning expectations contained in the
32	curriculum frameworks may also be given. The state uniform grading scale
33	shall be used in grades seven through twelve (7-12).
34	(aa) Students with special needs shall have equal access to programs
35	that meet the criteria for their identified Individualized Education Program
36	and shall receive services in the least restrictive environment that meets

1	their needs.
2	(bb) At least a total of twenty-one (21) units earned in grades nine
3	through twelve shall be required for high school graduation. Only one (1) of
4	the units may be in physical education.
5	(cc) A unit of credit shall be defined as the credit given for a
6	course which meets for a minimum of 120 clock hours. A minimum average six-
7	hour day or minimum average thirty (30)-hour week is required.
8	(dd) Each school shall employ at least a half-time principal. A full-
9	time principal shall be employed when a school's enrollment reaches three
10	hundred (300). A school district superintendent may be permitted to serve as
11	a half-time principal (when district enrollment is less than 300) providing
12	the superintendent is appropriately certified and is not already teaching
13	classes. Schools with an enrollment exceeding five hundred (500) shall
14	employ at least one full-time principal and a half-time assistant principal,
15	instructional supervisor, or curriculum specialist.
16	(ee) All administrative, teaching, and other personnel shall, where
17	required by law and rules and regulations, hold a current Arkansas teaching
18	license.
19	(ff) Each school district shall develop and implement a plan for
20	professional development and in-service training based on local educational
21	needs and state educational goals. The plan shall provide education and
22	training for school board members, school and district administrators,
23	teachers, and support staff on a continuing and regular basis throughout the
24	school year. Teachers shall be involved in the development of the plan for
25	their own in-service education. All programs for professional development and
26	in-service training shall be evaluated by the participants in each program.
27	(gg) Each school district shall have flexibility in establishing plans
28	for professional development and in-service training, provided the plans meet
29	standards for inservice education as developed by the Department of
30	Education. A minimum of thirty (30) hours of professional development is
31	required for teachers and administrators annually.
32	(hh) Support services shall be designed to be comprehensive and
33	integral to the process of schooling and the development of all students.
34	Each school district for each school building site shall develop and
35	implement a written plan, as set forth in current laws and regulations. The
36	plans shall be based upon the needs identified by parents, teachers,

1	principals, students, and other agencies with which the school district
2	works. Further, the plan shall be incorporated into the comprehensive school
3	improvement plan for each site.
4	(ii) Each school shall provide a developmentally appropriate guidance
5	program to aid students in educational, personal/social, and career
6	development.
7	(jj) Each school shall provide supportive personnel and appropriate
8	facilities to ensure effective counseling to meet individual needs of
9	students.
10	(kk) Each school shall assign appropriate certified counselor staff
11	with the district being required to maintain an overall ratio of one (1) to
12	four hundred fifty (450).
13	(11) Sufficient resources shall be budgeted and spent yearly for
14	purchasing and maintaining an appropriate, current collection.
15	(mm) The changing role of the library media center shall support
16	technology as a tool for learning. Each school with less than three hundred
17	(300) students enrolled shall employ at least a half-time certified library
18	media specialist. A school with three hundred (300) or more students enrolled
19	shall employ a full-time certified library media specialist. Schools
20	enrolling fifteen hundred (1,500) or more students shall employ two full-time
21	certified library media specialists. For districts with enrollment less than
22	five hundred (500), a full-time library media specialist may serve the
23	district. The library media specialist(s) shall ensure that access to records
24	and resource data bases shall be available to students. The media
25	specialist(s) shall assist students in the development and use of research
26	skills.
27	(nn) Each school district shall have a health services program under
28	the direction of a licensed nurse. The program shall include screening,
29	referral, and follow-up procedures for all students.
30	(oo) Health services shall include but not be limited to: (1) Students
31	with special health care needs, including chronically ill, medically fragile,
32	and technology dependent, and students with other health impairments shall
33	have an Individualized Health Care Plan. (2) Invasive medical procedures
34	required by students and provided at school shall be performed by trained,
35	licensed personnel who are licensed to perform the task, and the regular
36	classroom teacher shall not perform these tasks. (3) Custodial health care

1	services required by students under an Individualized Healthcare Plan shall
2	be provided by trained school employees other than the regular classroom
3	teachers.
4	(pp) Special education programs and special schools shall be
5	accredited in accordance with applicable laws and rules and regulations
6	adopted by the State Board of Education.
7	(qq) Each school district shall develop procedures to identify gifted
8	and talented students in accordance with guidelines established by the
9	Department of Education.
10	(rr) Each school district shall provide educational opportunities for
11	students identified as gifted and talented appropriate to their ability.
12	(ss) Each school district shall provide opportunities for qualified
13	students to enroll in courses at institutions of higher education.
14	(tt) Each school district shall provide appropriate alternative
15	program(s) for students who are identified as requiring such programs to
16	continue their education.
17	(uu) Each room shall be furnished with equipment and instructional
18	materials necessary to provide the environment and working conditions
19	appropriate for subjects or activities assigned.
20	(vv) In reference to required class size and ratios, the Department of
21	Education will review evidence submitted to determine unexpected population
22	shifts, which could result in removal of probation for the violation of these
23	standards.
24	
25	6-15-1703. Curriculum - Core curriculum.
26	(a)(1) The core curriculum for grades kindergarten through eight (K-8)
27	shall encompass all types of developmentally appropriate learning experiences
28	and provide for differences in rates of learning among children.
29	(2) It shall emphasize reasoning and problem solving,
30	communicating, connecting such as linking knowledge, skills, and other
31	understandings within and across disciplines to real-life situations, and
32	internalizing, such as acting on the learning to make it meaningful, useful,
33	and worthwhile.
34	(3) Mastery of core concepts and abilities in the following
35	areas is to be emphasized:
36	(A) For students in grades kindergarten through four (K-4)
