Subtitle

15 AN ACT TO CLARIFY THE MEANING OF
16 "TELECOMMUNICATIONS" AND PRESERVE
17 CURRENT COLLECTIONS FROM THE GROSS
18 RECEIPTS TAX ON TELECOMMUNICATIONS
19 SERVICES.
20
21
22

23 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
24

25 SECTION 1. Arkansas Code § 26-52-301(3)(A) [Effective until
26 contingency in Acts 2003, No. 1273, § 88 is met], concerning the tax on the
27 gross receipts or gross proceeds from telecommunication services, is amended
28 to add additional subdivisions to read as follows:

29 (viii) Telecommunications services subject to tax
30 include the one-way or two-way transmission of messages, voice messages,
31 images, or other real-time or essentially real-time communications whether
32 accomplished by any means including wire, cable, fiber optics, laser,
33 microwave, radio, satellite, voice-over Internet protocol, or similar
34 facilities.

35 (ix)(a) In addition to any other provision of this
36 section, taxable service shall include any taxable telephone,

1 telecommunications, or telegraph service charged to an Arkansas place of
2 primary use.

3 (b)(1) As used in subdivision (3)(A)(ix)(a) of
4 this section, "place of primary use" means the location of the
5 telecommunications equipment from which telecommunications services are
6 originated or at which telecommunications services are received by a buyer.

7 (2) If the location of the
8 telecommunications equipment in subdivision (3)(A)(ix)(b) of this section is
9 not a defined location, "place of primary use" means the location where a
10 buyer makes primary use of the telecommunications equipment as defined by
11 telephone number, authorization code, or location where bills are sent.

12
13 SECTION 2. Arkansas Code § 26-52-315(b) [Effective when contingency in
14 Acts 2003, No. 1273, § 88 is met], concerning the tax on the gross receipts
15 or gross proceeds from telecommunication services, is amended to add an
16 additional subdivision to read as follows:

17 (4) Telecommunications services subject to tax include the one-
18 way or two-way transmission of messages, voice messages, images, or other
19 real-time or essentially real-time communications whether accomplished by any
20 means including wire, cable, fiber optics, laser, microwave, radio,
21 satellite, voice-over Internet protocol, or similar facilities.

22
23 SECTION 3. EMERGENCY CLAUSE. It is found and determined by the
24 General Assembly of the State of Arkansas that changes in technology have
25 created confusion as to the taxability of various innovative and rapidly
26 growing telecommunications services and that such confusion threatens to
27 disrupt the flow of revenues that are critically needed by the state for the
28 support of schools, to address deficiencies in school facilities as
29 determined by the Supreme Court, to maintain prisons, and to ensure the
30 uninterrupted provisions of critical services to the public. Therefore, an
31 emergency is declared to exist and this act being immediately necessary for
32 the preservation of the public peace, health, and safety shall become
33 effective on:

34 (1) The date of its approval by the Governor;

35 (2) If the bill is neither approved nor vetoed by the Governor,
36 the expiration of the period of time during which the Governor may veto the

1 bill; or

2 (3) If the bill is vetoed by the Governor and the veto is
3 overridden, the date the last house overrides the veto.
