28	BE IT ENACTED BY THE	GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:	
29			
30	SECTION 1. Arl	kansas Code § 5-1-109, pertaining to statutes of	
31	limitations for crim	inal offenses, is amended to add an additional subsec	tion
32	to read as follows:		
33		osecution of a felony offense is not barred by a stat	ute
34		to the effective date of this subsection (j) and	
35		d testing implicates in the commission of the felony	
36	person previously ide	entified through a search of the State DNA Data Base	or

As Engrossed: H3/30/05

HB2857

1 National DNA Index System, then the prosecution of the person previously 2 identified shall not be precluded by any statute of limitation that would otherwise preclude the prosecution. 3 4 5 SECTION 2. Arkansas Code § 16-112-201 is amended to read as follows: 6 16-112-201. Appeals - New scientific evidence. 7 (a) Except when direct appeal is available, a person convicted of a 8 crime may commence a proceeding to secure relief by filing a petition in the 9 court in which the conviction was entered to vacate and set aside the 10 judgment and to discharge the petitioner or to resentence the petitioner or 11 grant a new trial or correct the sentence or make other disposition as may be 12 appropriate, if the person claims under penalty of perjury that: (1) Scientific evidence not available at trial establishes the 13 14 petitioner's actual innocence; or 15 (2) The scientific predicate for the claim could not have been 16 previously discovered through the exercise of due diligence and the facts 17 underlying the claim, if proven and viewed in light of the evidence as a 18 whole, would be sufficient to establish by clear and convincing evidence that 19 no reasonable fact-finder would find the petitioner guilty of the underlying offense. 20 21 (b) Nothing contained in this subchapter shall prevent the Arkansas 22 Supreme Court or the Arkansas Court of Appeals, upon application by a party, 23 from granting a stay of an appeal to allow an application to the trial court 24 for an evidentiary hearing under this subchapter. 25 26 SECTION 3. Arkansas Code § 16-112-202 is amended to read as follows: 27 16-112-202. Form of motion. 28 (a)(1) Except when direct appeal is available, a person convicted of a 29 crime may make a motion for the performance of fingerprinting, forensic 30 deoxyribonucleic acid testing, or other tests which may become available 31 through advances in technology to demonstrate the person's actual innocence 32 if: 33 (A) The testing is to be performed on evidence secured in 34 relation to the trial which resulted in the conviction; and 35 (B) The evidence was not subject to the testing because 36 either the technology for the testing was not available at the time of the

## As Engrossed: H3/30/05

HB2857

1	trial or the testing was not available as evidence at the time of the trial.
2	(2) The motion shall be filed before the court in which the
3	conviction was entered.
4	(3) Reasonable notice of the motion shall be served on the
5	prosecuting attorney who represented the state at trial.
6	(b) A person who makes a motion for the performance of fingerprinting,
7	forensic deoxyribonucleic acid testing, or other tests which may become
8	available through advances in technology to demonstrate the person's actual
9	innocence must present a prima facie case that:
10	(1) Identity was an issue in the trial; and
11	(2) The evidence to be tested has been subject to a chain of
12	custody sufficient to establish that it has not been substituted, tampered
13	with, replaced, or altered in any material aspect.
14	(c)(1) The court shall order that the testing be performed if:
15	(A) A prima facie case has been established under
16	subsection (b) of this section;
17	(B) The testing has the scientific potential to produce
18	new noncumulative evidence materially relevant to the defendant's assertion
19	of actual innocence; and
20	(C) The testing requested employs a scientific method
21	generally accepted within the relevant scientific community.
22	(2) The court shall impose reasonable conditions on the testing
23	designed to protect the state's interests in the integrity of the evidence
24	and the testing process.
25	(1) The specific evidence to be tested was secured as a result
26	of the investigation or prosecution of an offense being appealed under § 16-
27	<u>112-201;</u>
28	(2) The specific evidence to be tested was not previously
29	subjected to testing and the person making the motion under this section did
30	<u>not:</u>
31	(A) Knowingly and voluntarily waive the right to request
32	testing of the evidence in a court proceeding commenced after January 1,
33	<u>2004; or</u>
34	(B) Knowingly fail to request testing of the evidence in a
35	prior motion for post-conviction testing;
36	(3) The specific evidence was previously subjected to testing

As Engrossed: H3/30/05

HB2857

1	and the person making a motion under this section is requesting testing using
2	a new method or technology that is substantially more probative than the
3	prior testing;
4	(4) The specific evidence to be tested is in the possession of
5	the state and has been subject to a chain of custody and retained under
6	conditions sufficient to ensure that the evidence has not been substituted,
7	contaminated, tampered with, replaced, or altered in any respect material to
8	the proposed testing;
9	(5) The proposed testing is reasonable in scope, utilizes
10	scientifically sound methods, and is consistent with accepted forensic
11	practices;
12	(6) The person making a motion under this section identifies a
13	theory of defense that:
14	(A) Is not inconsistent with an affirmative defense
15	presented at the trial of the offense being appealed under § 16-112-201; and
16	(B) Would establish the actual innocence of the person in
17	relation to the offense being appealed under § 16-112-201;
18	(7) The identity of the perpetrator was at issue during the
19	investigation or prosecution of the offense being appealed under § 16-112-
20	<u>201;</u>
21	(8) The proposed testing of the specific evidence may produce
22	new material evidence that would:
23	(A) Support the theory of defense described in subdivision
24	(6) of this section; and
25	(B) Raise a reasonable probability that the person making
26	a motion under this section did not commit the offense;
27	(9) The person making a motion under this section certifies that
28	he or she will provide a deoxyribonucleic acid, fingerprint, or other sample
29	for comparison; and
30	(10) The motion is made in a timely fashion subject to the
31	following conditions:
32	(A) There shall be a rebuttal presumption of timeliness if
33	the motion is made within thirty-six (36) months of the date of conviction.
34	The presumption may be rebutted upon a showing:
35	(i) That the motion for a test under this section is
36	based solely upon information used in a previously denied motion; or

1	(ii) Of clear and convincing evidence that the	
2	motion filed under this section was filed solely to cause delay or	
3	harassment; and	
4	(B) There shall be a rebuttable presumption against	
5	timeliness for any motion not made within thirty-six (36) months of the date	
6	of conviction. The presumption may be rebutted upon a showing:	
7	(i) That the person making a motion under this	
8	section was or is incompetent and the incompetence substantially contributed	
9	to the delay in the motion for a test;	
10	(ii) That the evidence to be tested is newly	
11	discovered evidence;	
12	(iii) That the motion is not based solely upon the	
13	person's own assertion of innocence and a denial of the motion would result	
14	<u>in a manifest injustice; or</u>	
15	(iv) Of good cause.	
16		
17	SECTION 4. Arkansas Code Title 16, Chapter 112, Subchapter 2 is	
18	amended to add an additional section to read as follows:	
19	16-112-208. Testing procedures.	
20	(a)(1) A court that orders any deoxyribonucleic acid testing under	
21	this subchapter shall direct the testing to be carried out by the State Crime	
22	Laboratory.	
23	(2)(A) However, the court may order deoxyribonucleic acid	
24	testing by another qualified laboratory if the court makes all necessary	
25	orders to ensure the integrity of the specific evidence and the reliability	
26	of the testing process and test results.	
27	(B) As used in this section, "qualified laboratory" means	
28	a laboratory that is accredited by the American Society of Crime Laboratory	
29	Directors or certified through the National Forensic Science Technology	
30	<u>Center.</u>	
31	(3) The court may order the person who requested any	
32	deoxyribonucleic acid testing under this subchapter to pay for the cost of	
33	the testing if the court determines that the person has the ability to pay	
34	for the testing.	
35	(b) If the deoxyribonucleic acid test results obtained under this	
36	subchapter are inconclusive, the court may order additional testing or deny	

1	further relief to the person who requested the testing.
2	(c)(1) If deoxyribonucleic acid test results obtained under this
3	subchapter establish that the person who requested the testing was the source
4	of the deoxyribonucleic acid evidence, the court shall deny any relief to the
5	person.
6	(2) On motion of the state, the court shall determine if the
7	person's assertion of actual innocence was false. If the court finds that
8	the person's assertion of actual innocence was false, the court may:
9	(A) Hold the person in contempt;
10	(B) Assess against the person the cost of any
11	deoxyribonucleic acid testing carried out under this subchapter;
12	(C) Forward the finding to the Board of Corrections for
13	consideration in the awarding of meritorious good time to the person; or
14	(D) Forward the finding to the Post Prison Transfer Board
15	for consideration in the granting of parole to the person.
16	(d) In any prosecution of a person for false assertions in a
17	proceeding under this subchapter upon conviction or a plea of guilty or nolo
18	contendere, the person shall be subject to a term of imprisonment of not less
19	than three (3) years that shall run consecutively with any other term of
20	imprisonment the person is serving.
21	(e)(1) If deoxyribonucleic acid test results obtained under this
22	subchapter exclude a person as the source of the deoxyribonucleic acid
23	evidence, the person may file a motion for a new trial or resentencing.
24	(2) The court shall establish a reasonable schedule for the
25	person to file a motion under subdivision (e)(l) of this section and for the
26	state to respond to the motion.
27	(3) The court may grant the motion of the person for a new trial
28	or resentencing if the deoxyribonucleic acid test results, when considered
29	with all other evidence in the case regardless of whether the evidence was
30	introduced at trial, establish by compelling evidence that a new trial would
31	result in an acquittal.
32	(f) In a case in which a person is sentenced to death, any
33	deoxyribonucleic acid testing ordered under this subchapter shall be
34	<u>completed</u> :
35	(1) No later than sixty (60) days after the date on which the
36	state responds to the motion described in §§ 16-112-202 and 16-112-203; or

1	(2) No later than one hundred twenty (120) days after the date
2	on which the deoxyribonucleic acid testing was ordered under any post-
3	conviction testing procedures under this subchapter.
4	(g)(1) The results of any deoxyribonucleic acid testing ordered under
5	this subchapter shall be simultaneously disclosed to the court, the person
6	that requested the testing, and the State of Arkansas.
7	(2)(A) The state shall submit any test results relating to a
8	person's deoxyribonucleic acid to the National DNA Index System.
9	(B) If the deoxyribonucleic acid test results obtained
10	under this subchapter are inconclusive or show that the person tested was the
11	source of the deoxyribonucleic acid evidence, the deoxyribonucleic acid
12	sample of the person tested may be retained in the National DNA Index System
13	and State DNA Data Base.
14	(C) If the deoxyribonucleic acid test results obtained
15	under this subchapter exclude the person tested as the source of the
16	deoxyribonucleic acid evidence but a comparison of the deoxyribonucleic acid
17	sample of the person tested results in a match between the person's sample
18	and another offense, the State Crime Laboratory shall notify the appropriate
19	agency and preserve the deoxyribonucleic acid sample of the person tested.
20	(D) The State Crime Laboratory shall destroy the
21	deoxyribonucleic acid sample of the person tested and ensure that the
22	information is not retained in the National DNA Index System or State DNA
23	<u>Data Base if:</u>
24	(i) The deoxyribonucleic acid test results obtained
25	under this subchapter exclude the person tested as the source of the
26	deoxyribonucleic acid evidence;
27	(ii) A comparison of the deoxyribonucleic acid
28	sample through a search of the State DNA Data Base or National DNA Index
29	System does not match the person's sample and another offense; and
30	(iii) There is no other legal authority to retain
31	the sample of the person tested in the National DNA Index System or State DNA
32	<u>Data Base.</u>
