25 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
26

27 SECTION 1. Arkansas Code Title 8, Chapter 7 is amended to add an  
28 additional subchapter to read as follows:

29 8-7-1401. Title.

30 This subchapter shall be known and may be cited as the "Controlled  
31 Substances Contaminated Property Cleanup Act".  
32

33 8-7-1402. Professional cleanup of properties contaminated through the  
34 manufacture of controlled substances.

35 (a) The Arkansas Department of Environmental Quality shall:

36 (1) Establish and administer a certification program to:

1                   (A) Certify contractors who choose to undertake the  
2 inspection, sampling, remediation, and removal of contaminated materials from  
3 property contaminated through the manufacture of controlled substances; and

4                   (B) Require as a condition of certification that the  
5 contractors demonstrate that they have qualifications required to undertake  
6 inspection, sampling, remediation, and removal of contaminated materials from  
7 property contaminated through the manufacture of controlled substances;

8                   (2) Have established the certification program no later than May  
9 1, 2008;

10                   (3) By March 1, 2008, establish standards for the remediation of  
11 properties contaminated through the manufacture of controlled substances;

12                   (4) Make the certification program rules and the remediation  
13 standards available to law enforcement officials and the public:

14                   (A) On the department's website; and

15                   (B) In hard copy upon request to the department; and

16                   (5) Annually review and update the remediation standards.

17                   (b)(1) The Arkansas Pollution Control and Ecology Commission shall  
18 promulgate rules to implement the certification program for contractors in  
19 the inspection, sampling, remediation, and removal of contaminated materials  
20 from property contaminated through the manufacture of controlled substances.

21                   (2) The rules promulgated by the commission under this section  
22 shall including without limitation:

23                   (A) Application forms for certification;

24                   (B) Continuing education requirements;

25                   (C) Professional and technical standards for  
26 certification;

27                   (D) Renewals of certification;

28                   (E) Procedures for revocation and other actions that  
29 affect the status of certification; and

30                   (F) Reasonable fees.

31  
32                   8-7-1403. Reporting of properties contaminated through the manufacture  
33 of controlled substances.

34                   (a) If a private property owner finds an abandoned laboratory for the  
35 manufacture of controlled substances on his or her property and there has  
36 been no active on-site law enforcement involvement, the property owner shall

1 notify local law enforcement for proper removal of contaminated material.

2 (b)(1) If a property owner finds or becomes aware of evidence of a  
3 laboratory for the manufacture of controlled substances on his or her  
4 property, the property owner shall notify the Arkansas Department of  
5 Environmental Quality and request that an employee of the department  
6 specially trained to deal with laboratories for the manufacture of controlled  
7 substances perform an inspection in accordance with the guidelines  
8 established by the department under this subchapter.

9 (2) If the employee of the department verifies that a laboratory  
10 for the manufacture of controlled substances has been on the property, the  
11 department shall place the property on the contaminated properties list  
12 required under § 8-7-1404.

13  
14 8-7-1404. Recordkeeping required.

15 (a) By May 1, 2008, the Arkansas Department of Environmental Quality  
16 shall maintain records concerning properties contaminated through the  
17 manufacture of controlled substances.

18 (b) The department shall:

19 (1) Create a list of properties contaminated through the  
20 manufacture of controlled substances;

21 (2) Place a contaminated property on the contaminated properties  
22 list;

23 (3) Not determine that a property has been adequately remediated  
24 unless:

25 (A)(i) The inspection, sampling, remediation, and removal  
26 of contaminated materials is performed by or under the direction and  
27 responsible charge of an individual who has obtained a certification under  
28 the rules established by the Arkansas Pollution Control and Ecology  
29 Commission under this subchapter.

30 (ii) The inspection, sampling, remediation, and  
31 removal of contaminated materials is performed by an employee of a public  
32 agency that has the responsibility of regulatory enforcement, emergency  
33 response, the protection of public health and welfare or the protection of  
34 the environment while the employee is acting in the course of that  
35 employment; and

36 (B) The property has met the remediation standards

1 developed by the department;

2 (4)(A) Post the results of a cleanup on the department's website  
3 for ten (10) working days after the department determines that the property  
4 has been adequately remediated.

5 (B) After the ten (10) working days of posting required  
6 under subdivision (b)(4)(A) of this section, the department shall remove from  
7 the department's website the formerly contaminated property and the results  
8 of the cleanup; and

9 (5) Remove a property from the list when the department finds  
10 that the property has been adequately remediated.

11 (c)(1) The department shall make the list of properties contaminated  
12 through the manufacture of controlled substances available to law enforcement  
13 officials and to the public:

14 (A) On the department's website; and

15 (B) In hard copy upon request to the department.

16 (2) The department shall keep hard copies of the information  
17 required under this section until the department has removed the property  
18 from the list of properties contaminated through the manufacture of  
19 controlled substances.

20  
21 8-7-1405. Notice – Cleanup – Residual contamination.

22 (a) If a law enforcement officer discovers a laboratory for the  
23 manufacture of controlled substances or arrests a person for having equipment  
24 used in manufacturing controlled substances on any real property, the law  
25 enforcement officer shall at the time of the discovery or arrest deliver a  
26 copy of the notice of removal required under subsection (d) of this section  
27 to:

28 (1) The owner of the real property if the owner is present at  
29 the time of the discovery or arrest;

30 (2) The on-site manager if the on-site manager is present at the  
31 time of the discovery or arrest;

32 (3) An on-site drop box if available; or

33 (4) In the case of a tenant-owner unit in a space-rental mobile  
34 home or a recreational vehicle park to:

35 (A) The occupant if the occupant is on site at the time of  
36 delivery; or

1                   (B) The on-site park landlord if the on-site park landlord  
2 is present at the time of delivery.

3           (b)(1) If neither the owner nor the on-site manager of a property used  
4 in manufacturing controlled substances is on the property at the time of the  
5 discovery of or arrest regarding a laboratory for the manufacture of  
6 controlled substances, the law enforcement officer shall make every  
7 reasonable effort to obtain the necessary contact information concerning the  
8 owner from the tenant, property manager, or neighbors.

9                   (2) Within five (5) business days after the discovery of or  
10 arrest regarding a laboratory for the manufacture of controlled substances,  
11 the law enforcement officer shall send the notice of removal required under  
12 subsection (d) of this section by certified mail and regular mail to the  
13 owner of the property and the owner's on-site manager or in the case of a  
14 space-rental mobile home or a recreational vehicle park to the park landlord.

15                   (3) The Arkansas Department of Environmental Quality shall  
16 cooperate with the Arkansas Crime Information Center to create a computer  
17 link that will allow the center to transfer to the department information  
18 from the National Clandestine Laboratory Seizure Report required under 28  
19 C.F.R. Part 23 that is relevant to the notice of removal required under  
20 subsection (d) of this section.

21           (c)(1) At the time a law enforcement officer removes the gross  
22 contamination from property used as a laboratory for the manufacture of  
23 controlled substances, the law enforcement officer shall order the removal of  
24 all persons from the residually contaminated portion of the property or  
25 dwelling unit or in the case of a space-rental mobile home or a recreational  
26 vehicle park from the unit located on the property.

27                   (2) After the law enforcement officer removes all persons under  
28 subdivision (c)(1) of this section, the law enforcement officer shall affix  
29 the notice of removal required under subsection (d) of this section in a  
30 conspicuous place on the property or in the case of a space-rental mobile  
31 home or a recreational vehicle park on the unit located on the property.

32           (d) The notice of removal under this section shall be in writing and  
33 shall contain all of the following:

34                   (1) The word "WARNING" in large bold type at the top and the  
35 bottom of the notice;

36                   (2) The date of the seizure and removal;

1           (3) The address or location of the property, including the  
2 identification of any dwelling unit, room number, apartment number, or  
3 vehicle number;

4           (4) The name of the law enforcement agency that seized the  
5 laboratory for the manufacture of controlled substances and the agency's  
6 contact telephone number;

7           (5) A list of telephone numbers and contact information for all  
8 local and state agencies involved in the process of remediation;

9           (6) The contact numbers for local and state agencies associated  
10 with the cleanup of laboratories for the manufacture of controlled  
11 substances; and

12           (7) A statement that:

13                   (A) A laboratory for the manufacture of controlled  
14 substances was discovered on the property;

15                   (B) Chemicals or equipment, or both, that were used in the  
16 manufacture of controlled substances were seized at the property;

17                   (C) Hazardous substances, toxic chemicals, or other waste  
18 products may still be present on the property or in the case of space-rental  
19 mobile home or a recreational vehicle park, in the unit located on the  
20 property;

21                   (D) It is unlawful for any unauthorized person to enter a  
22 residually contaminated property or in the case of a space-rental mobile home  
23 or recreational vehicle park the unit located on the property until the  
24 Arkansas Department of Environmental Quality establishes that the portion of  
25 the property identified as residually contaminated has been properly  
26 remediated;

27                   (E) Failure to comply with § 8-7-1405 is a violation of  
28 the department's rules pertaining to the cleanup of laboratories for the  
29 manufacture of controlled substances;

30                   (F) Disturbing the notice of removal posted on the  
31 property is a violation of the department's rules concerning the cleanup of  
32 laboratories for the manufacture of controlled substances; and

33                   (G) The owner of the property is responsible for  
34 remediating the residually contaminated portion of the property in compliance  
35 with the department's rules concerning the cleanup of laboratories for the  
36 manufacture of controlled substances.
