24 SECTION 1. Arkansas Code Title 24, Chapter 1, Subchapter 1 is amended  
25 to add an additional section to read as follows:

26 24-1-108. Effect of concurrent employment on a member's benefits -  
27 Notice.

28 (a) The purpose of this section is to provide notice to an applicant  
29 for concurrent employment in a public employee position that the concurrent  
30 employment might affect the employee's retirement benefits and to allow the  
31 employee and employer an opportunity to consider an alternative method of  
32 employment that would allow an enhanced retirement benefit for the  
33 prospective employee.

34 (b) If an applicant for concurrent employment in a public employee  
35 position provides information to a prospective public employer that the  
36 applicant is a current public employee and is enrolled as a member of a

1 reciprocal system, then the prospective employer shall notify the applicant  
2 that it may be in the applicant's best interest to contact his or her current  
3 retirement system regarding the legal status of retirement benefits that may  
4 result if the applicant is employed by two (2) or more state-supported  
5 retirement systems.

6 (c) The failure of a state-supported retirement system to notify a  
7 prospective employee under this section does not create a legal obligation on  
8 behalf of the state-supported retirement system or a legal right on behalf of  
9 the prospective employee.
