12 (5) "Entity" means a person other than an individual.

13 (6) "Health facility" means an entity licensed under the laws of  
14 this or another state to provide health or veterinary services.

15 (7) "Health practitioner" means an individual licensed under the  
16 laws of this or another state to provide health or veterinary services.

17 (8) "Health services" means the provision of treatment, care,  
18 advice or guidance, or other services, or supplies, related to the health or  
19 death of individuals or human populations, to the extent necessary to respond  
20 to an emergency, including:

21 (A) The following, concerning the physical or mental  
22 condition or functional status of an individual or affecting the structure or

27 receives compensation for those services. The term does not include a  
28 practitioner who receives compensation pursuant to a preexisting employment  
29 relationship with a host entity or affiliate which requires the practitioner  
30 to provide health services in this state, unless the practitioner is not a  
31 resident of this state and is employed by a disaster relief organization  
32 providing services in this state while an emergency declaration is in effect.

33  
34 12-87-103. Applicability to volunteer health practitioners.

35 This chapter applies to volunteer health practitioners registered with  
36 a registration system that complies with § 12-87-105 and who provide health

1 or veterinary services in this state for a host entity while an emergency  
2 declaration is in effect.

3  
4 12-87-104. Regulation of services during emergency.

5 (a) While an emergency declaration is in effect, the Department of  
6 Health may limit, restrict, or otherwise regulate:

7 (1) the duration of practice by volunteer health practitioners;

8 (2) the geographical areas in which volunteer health  
9 practitioners may practice;

10 (3) the types of volunteer health practitioners who may  
11 practice; and

12 (4) any other matters necessary to coordinate effectively the  
13 provision of health or veterinary services during the emergency.

14 (b) An order issued pursuant to subsection (a) may take effect  
15 immediately, without prior notice or comment, and is not a rule within the  
16 meaning of the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

17 (c) A host entity that uses volunteer health practitioners to provide  
18 health or veterinary services in this state shall:

19 (1) consult and coordinate its activities with the Department of  
20 Health to the extent practicable to provide for the efficient and effective  
21 use of volunteer health practitioners; and

22 (2) comply with any laws other than this chapter relating to the  
23 management of emergency health or veterinary services, including the  
24 Emergency Medical Services Revolving Fund Act, § 20-13-101 et seq.

25  
26 12-87-105. Volunteer health practitioner registration systems.

27 (a) To qualify as a volunteer health practitioner registration system,  
28 a system must:

29 (1) accept applications for the registration of volunteer health  
30 practitioners before or during an emergency;

31 (2) include information about the licensure and good standing of  
32 health practitioners which is accessible by authorized persons;

33 (3) be capable of confirming the accuracy of information  
34 concerning whether a health practitioner is licensed and in good standing  
35 before health services or veterinary services are provided under this  
36 chapter; and

1           (4)(A) be designated by the Arkansas Department of Emergency  
2 Management as a registration system for purposes of this chapter.

3           (B) The department may consider and may approve a request  
4 for the designation a registration system submitted by a disaster relief  
5 organization, licensing board, national or regional association of licensing  
6 boards or healthcare practitioners, a health facility that provides  
7 comprehensive inpatient and outpatient healthcare services, or host entity,  
8 or and may on its own initiative approve registration systems established by  
9 this state or other states funded through the Department of Health and Human  
10 Services under Section 3197 of the Public Health Services Act, 42 U.S.C.  
11 §247d, or by medical reserve corps units formed under Section 2801 of the  
12 Public Health Services Act, 42 U.S.C. § 300hh

13           (b) While an emergency declaration is in effect, the Arkansas  
14 Department of Emergency Management, a person authorized to act on behalf of  
15 the Arkansas Department of Emergency Management, or a host entity, may  
16 confirm whether volunteer health practitioners utilized in this state are  
17 registered with a registration system that complies with subsection (a).  
18 Confirmation is limited to obtaining identities of the practitioners from the  
19 system and determining whether the system indicates that the practitioners  
20 are licensed and in good standing.

21           (c) Upon request of a person in this state authorized under subsection  
22 (b), or a similarly authorized person in another state, a registration system  
23 located in this state shall notify the person of the identities of volunteer  
24 health practitioners and whether the practitioners are licensed and in good  
25 standing.

26           (d) A host entity is not required to use the services of a volunteer  
27 health practitioner even if the practitioner is registered with a  
28 registration system that indicates that the practitioner is licensed and in  
29 good standing.

30  
31           12-87-106. Recognition of volunteer health practitioners licensed in  
32 other states.

33           (a) While an emergency declaration is in effect, a volunteer health  
34 practitioner, registered with a registration system that complies with § 12-  
35 87-105 and licensed and in good standing in the state upon which the  
36 practitioner's registration is based, may practice in this state to the

1 extent authorized by this chapter as if the practitioner were licensed in  
2 this state.

3 (b) A volunteer health practitioner qualified under subsection (a) is  
4 not entitled to the protections of this chapter if the practitioner is  
5 licensed in more than one state and any license of the practitioner is  
6 suspended, revoked, or subject to an agency order limiting or restricting  
7 practice privileges, or has been voluntarily terminated under threat of  
8 sanction.

9  
10 12-87-107. No effect on credentialing and privileging.

11 (a) In this section:

12 (1) "Credentialing" means obtaining, verifying, and assessing  
13 the qualifications of a health practitioner to provide treatment, care, or  
14 services in or for a health facility.

15 (2) "Privileging" means the authorizing by an appropriate  
16 authority, such as a governing body, of a health practitioner to provide  
17 specific treatment, care, or services at a health facility subject to limits  
18 based on factors that include license, education, training, experience,  
19 competence, health status, and specialized skill.

20 (b) This chapter does not affect credentialing or privileging  
21 standards of a health facility and does not preclude a health facility from  
22 waiving or modifying those standards while an emergency declaration is in  
23 effect.

24  
25 12-87-108. Provision of volunteer health or veterinary services;  
26 administrative sanctions.

27 (a) Subject to subsections (b) and (c), a volunteer health  
28 practitioner shall adhere to the scope of practice for a similarly licensed  
29 practitioner established by the licensing provisions, practice acts, or other  
30 laws of this state.

31 (b) Except as otherwise provided in subsection (c), this chapter does  
32 not authorize a volunteer health practitioner to provide services that are  
33 outside the practitioner's scope of practice, even if a similarly licensed  
34 practitioner in this state would be permitted to provide the services.

35 (c) The Arkansas Department of Emergency Management may modify or  
36 restrict the health or veterinary services that volunteer health

1 practitioners may provide pursuant to this chapter. An order under this  
2 subsection may take effect immediately, without prior notice or comment, and  
3 is not a rule within the meaning of the Arkansas Administrative Procedure  
4 Act, § 25-15-201 et seq.

5 (d) A host entity may restrict the health or veterinary services that  
6 a volunteer health practitioner may provide pursuant to this chapter.

7 (e) A volunteer health practitioner does not engage in unauthorized  
8 practice unless the practitioner has reason to know of any limitation,  
9 modification, or restriction under this section or that a similarly licensed  
10 practitioner in this state would not be permitted to provide the services. A  
11 volunteer health practitioner has reason to know of a limitation,  
12 modification, or restriction or that a similarly licensed practitioner in  
13 this state would not be permitted to provide a service if:

14 (1) the practitioner knows the limitation, modification, or  
15 restriction exists or that a similarly licensed practitioner in this state  
16 would not be permitted to provide the service; or

17 (2) from all the facts and circumstances known to the  
18 practitioner at the relevant time, a reasonable person would conclude that  
19 the limitation, modification, or restriction exists or that a similarly  
20 licensed practitioner in this state would not be permitted to provide the  
21 service.

22 (f) In addition to the authority granted by law of this state other  
23 than this chapter to regulate the conduct of health practitioners, a  
24 licensing board or other disciplinary authority in this state:

25 (1) May impose administrative sanctions upon a health  
26 practitioner licensed in this state for conduct outside of this state in  
27 response to an out-of-state emergency;

28 (2) may impose administrative sanctions upon a practitioner not  
29 licensed in this state for conduct in this state in response to an in-state  
30 emergency; and

31 (3) Shall report any administrative sanctions imposed upon a  
32 practitioner licensed in another state to the appropriate licensing board or  
33 other disciplinary authority in any other state in which the practitioner is  
34 known to be licensed.

35 (g) In determining whether to impose administrative sanctions under  
36 subsection (f), a licensing board or other disciplinary authority shall

1 consider the circumstances in which the conduct took place, including any  
2 exigent circumstances, and the practitioner's scope of practice, education,  
3 training, experience, and specialized skill.

4  
5 12-87-109. Relation to other laws.

6 (a) This chapter does not limit rights, privileges, or immunities  
7 provided to volunteer health practitioners by laws other than this chapter.  
8 Except as otherwise provided in subsection (b), this chapter does not affect  
9 requirements for the use of health practitioners pursuant to the Emergency  
10 Management Assistance Compact, § 12-49-401 et seq.

11 (b) The Arkansas Department of Emergency Management, pursuant to the  
12 Emergency Management Assistance Compact § 12-49-401 et seq. and the  
13 Interstate Civil Defense and Disaster Compact, § 12-76-101 et seq., may  
14 incorporate into the emergency forces of this state volunteer health  
15 practitioners who are not officers or employees of this state, a political  
16 subdivision of this state, or a municipality or other local government within  
17 this state.

18  
19 12-87-110. Regulatory authority.

20 The Arkansas Department of Emergency Management may promulgate rules to  
21 implement this chapter. In doing so, the Arkansas Department of Emergency  
22 Management shall consult with and consider the recommendations of the entity  
23 established to coordinate the implementation of the Emergency Management  
24 Assistance Compact, codified at § 12-49-401 et seq. and the Interstate Civil  
25 Defense and Disaster Compact, § 12-76-101 et seq. and shall also consult with  
26 and consider rules promulgated by similarly empowered agencies in other  
27 states to promote uniformity of application of this chapter and make the  
28 emergency response systems in the various states reasonably compatible.

29  
30 12-87-111. Limitations on civil liability for volunteer health  
31 practitioners.

32 (a) Subject to subsection (b), a volunteer health practitioner who  
33 receives compensation of five hundred dollars (\$500) or less per year for  
34 providing health or veterinary services pursuant to this chapter is not  
35 liable for damages for an act or omission of the practitioner in providing  
36 those services. Reimbursement of, or allowance for, reasonable expenses, or

1 continuation of salary or other remuneration while on leave, is not  
2 compensation under this subsection.

3 (b) This section does not limit the liability of a volunteer health  
4 practitioner for:

5 (1) willful misconduct or wanton, grossly negligent, reckless,  
6 or criminal conduct;

7 (2) an intentional tort;

8 (3) breach of contract;

9 (4) a claim asserted by a host entity or by an entity located in  
10 this or another state which employs or uses the services of the practitioner;  
11 or

12 (5) an act or omission relating to the operation of a motor  
13 vehicle, vessel, aircraft, or other vehicle.

14 (c) A person that, pursuant to this chapter, operates, uses, or relies  
15 upon information provided by a volunteer health practitioner registration  
16 system is not liable for damages for an act or omission relating to that  
17 operation, use, or reliance unless the act or omission is an intentional tort  
18 or is willful misconduct or wanton, grossly negligent, reckless, or criminal  
19 conduct.

20  
21 12-87-112. Workers' compensation coverage.

22 (a) In this section, "injury" means a physical or mental injury or  
23 disease for which an employee of this state who is injured or contracts the  
24 disease in the course of the employee's employment would be entitled to  
25 benefits under the workers' compensation or occupational disease law of this  
26 state.

27 (b) A registered volunteer health practitioner who dies or is injured  
28 as the result of providing health or veterinary services pursuant to this  
29 chapter is deemed to be an employee of this state for the purpose of  
30 receiving benefits for the death or injury under the workers' compensation or  
31 occupational disease law of this state if:

32 (1) the practitioner is not otherwise eligible for such benefits  
33 for the injury or death under the law of this or another state; and

34 (2) the practitioner, or in the case of death the practitioner's  
35 personal representative, elects coverage under the workers' compensation or  
36 occupational disease law of this state by making a claim under that law; and

1           (3) the practitioner is acting under the control or direction of  
2 the Arkansas Department of Emergency Management, the Governor or another  
3 state government agency.

4           (c) The Arkansas Department of Emergency Management shall certify to  
5 the Public Employee Claims Division of the State Insurance Department the  
6 names and registration information for each registered volunteer health  
7 practitioner working in this state under this chapter.

8           (d)(1) Benefits payable for the injury or death of a registered  
9 volunteer health practitioner covered by this chapter shall be limited to the  
10 provisions of the Workers' Compensation Law, § 11-9-101 et seq. Benefits are  
11 payable if the injury or death occurred while the person was:

12                   (A) actually engaged in emergency service duties, either  
13 during training or during a period of emergency; and

14                   (B) under the supervision and instruction and subject to  
15 the order or control of, or serving pursuant to a request of, the Governor,  
16 the Arkansas Department of Emergency Management, or the chief executive  
17 officer of a county or local government unit making use of registered  
18 volunteer health practitioners.

19           (2) The remedy provided in this section shall be the exclusive  
20 remedy as against the state and political subdivisions of the state.

21           (3)(A) For the purpose of workers' compensation coverage in  
22 cases of injury to or death of an individual, a registered volunteer health  
23 practitioner is deemed a state employee and shall receive compensation and a  
24 survivor of a registered volunteer health practitioner shall receive death  
25 benefits in the same manner as a regular state employee for injury or death  
26 arising out of and in the course of activities as registered volunteer health  
27 practitioners.

28                   (B) If the registered volunteer health practitioner was under  
29 the order or control of a state agency when injured or killed, compensation  
30 and benefits shall be charged against the experience rate of the Arkansas  
31 Department of Emergency Management and paid from the appropriate state  
32 workers' compensation fund.

33           (4)(A) For the purpose of subdivision (d)(3) of this section,  
34 the weekly compensation benefits for a registered volunteer health  
35 practitioner who receives no monetary compensation for services rendered as a  
36 worker under this chapter shall be calculated based upon the wages received

1 from his or her regular or usual employment, the same as a regular state  
2 employee, with respect to injury, disability, or death.

3 (B) The reimbursement of twenty-five dollars (\$25.00) or  
4 less for out-of-pocket expenses for gasoline, oil, uniforms, required  
5 equipment, or similar expenses incurred in response to an emergency situation  
6 shall not be construed to be monetary compensation for the registered  
7 volunteer health practitioner.

8  
9 12-87-113. Uniformity of application and construction.

10 In applying and construing this uniform act, consideration must be  
11 given to the need to promote uniformity of the law with respect to its  
12 subject matter among states that enact it.

13  
14 12-87-114. [Reserved]

15  
16 12-87-115. Effective date.

17 This chapter takes effect October 1, 2009.

18  
19 SECTION 2. Arkansas Code § 12-75-128(e)(2), concerning limitations on  
20 out-of-state physicians acting as emergency responders, is amended to read as  
21 follows.

22 ~~(2)(A) — However, subdivision (e)(1) of this section shall not~~  
23 ~~apply to required medical licenses except in cases of first aid treatment.~~  
24 Subdivision (e)(1) of this section does not apply to a license issued to a  
25 health practitioner, as defined in § 12-87-102.

26 (B) However, a health practitioner license issued by  
27 another state is recognized in this state to the extent provided under this  
28 chapter, the Interstate Civil Defense and Disaster Compact, § 12-76-101 et  
29 seq., the Uniform Volunteer Health Practitioners Act, § 12-87-101 et seq.,  
30 and other laws of this state.
