9 108.

10 (4) "Emergency Management Assistance Compact" means the
11 interstate compact approved by Congress by Public Law No. 104-321, 110 Stat.

15 this or another state to provide health or veterinary services.

16 (7) "Health practitioner" means an individual licensed under the
17 laws of this or another state to provide health or veterinary services.

18 (8) "Health services" means the provision of treatment, care,
19 advice or guidance, or other services, or supplies, related to the health or
20 death of individuals or human populations, to the extent necessary to respond
21 to an emergency, including:

22 (A) The following, concerning the physical or mental
23 condition or functional status of an individual or affecting the structure or
24 function of the body:

4 (11) "Person" means an individual, corporation, business trust,
5 trust, partnership, limited liability company, association, joint venture,
6 public corporation, government or governmental subdivision, agency, or
7 instrumentality, or any other legal or commercial entity.

8 (12) "Scope of practice" means the extent of the authorization

25 diseases that have spread or demonstrate the potential to spread to humans.

26 (15) "Volunteer health practitioner" means a health practitioner
27 who provides health or veterinary services, whether or not the practitioner
28 receives compensation for those services. The term does not include a
29 practitioner who receives compensation pursuant to a preexisting employment
30 relationship with a host entity or affiliate which requires the practitioner
31 to provide health services in this state, unless the practitioner is not a
32 resident of this state and is employed by a disaster relief organization
33 providing services in this state while an emergency declaration is in effect.

34
35 12-87-103. Applicability to volunteer health practitioners.

36 This chapter applies to volunteer health practitioners registered with

1 a registration system that complies with § 12-87-105 and who provide health
2 or veterinary services in this state for a host entity while an emergency
3 declaration is in effect.

4
5 12-87-104. Regulation of services during emergency.

6 (a) While an emergency declaration is in effect, the Department of
7 Health may limit, restrict, or otherwise regulate:

8 (1) the duration of practice by volunteer health practitioners;

9 (2) the geographical areas in which volunteer health
10 practitioners may practice;

11 (3) the types of volunteer health practitioners who may
12 practice; and

13 (4) any other matters necessary to coordinate effectively the
14 provision of health or veterinary services during the emergency.

15 (b) An order issued pursuant to subsection (a) may take effect
16 immediately, without prior notice or comment, and is not a rule within the
17 meaning of the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

18 (c) A host entity that uses volunteer health practitioners to provide
19 health or veterinary services in this state shall:

20 (1) consult and coordinate its activities with the Department of
21 Health to the extent practicable to provide for the efficient and effective
22 use of volunteer health practitioners; and

23 (2) comply with any laws other than this chapter relating to the
24 management of emergency health or veterinary services, including the
25 Emergency Medical Services Revolving Fund Act, § 20-13-101 et seq.

26
27 12-87-105. Volunteer health practitioner registration systems.

28 (a) To qualify as a volunteer health practitioner registration system,
29 a system must:

30 (1) accept applications for the registration of volunteer health
31 practitioners before or during an emergency;

32 (2) include information about the licensure and good standing of
33 health practitioners which is accessible by authorized persons;

34 (3) be capable of confirming the accuracy of information
35 concerning whether a health practitioner is licensed and in good standing
36 before health services or veterinary services are provided under this

1 chapter; and

2 (4)(A) be designated by the Arkansas Department of Emergency
3 Management as a registration system for purposes of this chapter.

4 (B) The department may consider and may approve a request
5 for the designation a registration system submitted by a disaster relief
6 organization, licensing board, national or regional association of licensing
7 boards or healthcare practitioners, a health facility that provides
8 comprehensive inpatient and outpatient healthcare services, or host entity,
9 or and may on its own initiative approve registration systems established by
10 this state or other states funded through the Department of Health and Human
11 Services under Section 3197 of the Public Health Services Act, 42 U.S.C.
12 §247d, or by medical reserve corps units formed under Section 2801 of the
13 Public Health Services Act, 42 U.S.C. § 300hh

14 (b) While an emergency declaration is in effect, the Arkansas
15 Department of Emergency Management, a person authorized to act on behalf of
16 the Arkansas Department of Emergency Management, or a host entity, may
17 confirm whether volunteer health practitioners utilized in this state are
18 registered with a registration system that complies with subsection (a).
19 Confirmation is limited to obtaining identities of the practitioners from the
20 system and determining whether the system indicates that the practitioners
21 are licensed and in good standing.

22 (c) Upon request of a person in this state authorized under subsection
23 (b), or a similarly authorized person in another state, a registration system
24 located in this state shall notify the person of the identities of volunteer
25 health practitioners and whether the practitioners are licensed and in good
26 standing.

27 (d) A host entity is not required to use the services of a volunteer
28 health practitioner even if the practitioner is registered with a
29 registration system that indicates that the practitioner is licensed and in
30 good standing.

31
32 12-87-106. Recognition of volunteer health practitioners licensed in
33 other states.

34 (a) While an emergency declaration is in effect, a volunteer health
35 practitioner, registered with a registration system that complies with § 12-
36 87-105 and licensed and in good standing in the state upon which the

1 practitioner's registration is based, may practice in this state to the
2 extent authorized by this chapter as if the practitioner were licensed in
3 this state.

4 (b) A volunteer health practitioner qualified under subsection (a) is
5 not entitled to the protections of this chapter if the practitioner is
6 licensed in more than one state and any license of the practitioner is
7 suspended, revoked, or subject to an agency order limiting or restricting
8 practice privileges, or has been voluntarily terminated under threat of
9 sanction.

10
11 12-87-107. No effect on credentialing and privileging.

12 (a) In this section:

13 (1) "Credentialing" means obtaining, verifying, and assessing
14 the qualifications of a health practitioner to provide treatment, care, or
15 services in or for a health facility.

16 (2) "Privileging" means the authorizing by an appropriate
17 authority, such as a governing body, of a health practitioner to provide
18 specific treatment, care, or services at a health facility subject to limits
19 based on factors that include license, education, training, experience,
20 competence, health status, and specialized skill.

21 (b) This chapter does not affect credentialing or privileging
22 standards of a health facility and does not preclude a health facility from
23 waiving or modifying those standards while an emergency declaration is in
24 effect.

25
26 12-87-108. Provision of volunteer health or veterinary services;
27 administrative sanctions.

28 (a) Subject to subsections (b) and (c), a volunteer health
29 practitioner shall adhere to the scope of practice for a similarly licensed
30 practitioner established by the licensing provisions, practice acts, or other
31 laws of this state.

32 (b) Except as otherwise provided in subsection (c), this chapter does
33 not authorize a volunteer health practitioner to provide services that are
34 outside the practitioner's scope of practice, even if a similarly licensed
35 practitioner in this state would be permitted to provide the services.

36 (c) The Arkansas Department of Emergency Management may modify or

1 restrict the health or veterinary services that volunteer health
2 practitioners may provide pursuant to this chapter. An order under this
3 subsection may take effect immediately, without prior notice or comment, and
4 is not a rule within the meaning of the Arkansas Administrative Procedure
5 Act, § 25-15-201 et seq.

6 (d) A host entity may restrict the health or veterinary services that
7 a volunteer health practitioner may provide pursuant to this chapter.

8 (e) A volunteer health practitioner does not engage in unauthorized
9 practice unless the practitioner has reason to know of any limitation,
10 modification, or restriction under this section or that a similarly licensed
11 practitioner in this state would not be permitted to provide the services. A
12 volunteer health practitioner has reason to know of a limitation,
13 modification, or restriction or that a similarly licensed practitioner in
14 this state would not be permitted to provide a service if:

15 (1) the practitioner knows the limitation, modification, or
16 restriction exists or that a similarly licensed practitioner in this state
17 would not be permitted to provide the service; or

18 (2) from all the facts and circumstances known to the
19 practitioner at the relevant time, a reasonable person would conclude that
20 the limitation, modification, or restriction exists or that a similarly
21 licensed practitioner in this state would not be permitted to provide the
22 service.

23 (f) In addition to the authority granted by law of this state other
24 than this chapter to regulate the conduct of health practitioners, a
25 licensing board or other disciplinary authority in this state:

26 (1) May impose administrative sanctions upon a health
27 practitioner licensed in this state for conduct outside of this state in
28 response to an out-of-state emergency;

29 (2) may impose administrative sanctions upon a practitioner not
30 licensed in this state for conduct in this state in response to an in-state
31 emergency; and

32 (3) Shall report any administrative sanctions imposed upon a
33 practitioner licensed in another state to the appropriate licensing board or
34 other disciplinary authority in any other state in which the practitioner is
35 known to be licensed.

36 (g) In determining whether to impose administrative sanctions under

1 subsection (f), a licensing board or other disciplinary authority shall
2 consider the circumstances in which the conduct took place, including any
3 exigent circumstances, and the practitioner's scope of practice, education,
4 training, experience, and specialized skill.

5
6 12-87-109. Relation to other laws.

7 (a) This chapter does not limit rights, privileges, or immunities
8 provided to volunteer health practitioners by laws other than this chapter.
9 Except as otherwise provided in subsection (b), this chapter does not affect
10 requirements for the use of health practitioners pursuant to the Emergency
11 Management Assistance Compact, § 12-49-401 et seq.

12 (b) The Arkansas Department of Emergency Management, pursuant to the
13 Emergency Management Assistance Compact § 12-49-401 et seq. and the
14 Interstate Civil Defense and Disaster Compact, § 12-76-101 et seq., may
15 incorporate into the emergency forces of this state volunteer health
16 practitioners who are not officers or employees of this state, a political
17 subdivision of this state, or a municipality or other local government within
18 this state.

19
20 12-87-110. Regulatory authority.

21 The Arkansas Department of Emergency Management may promulgate rules to
22 implement this chapter. In doing so, the Arkansas Department of Emergency
23 Management shall consult with and consider the recommendations of the entity
24 established to coordinate the implementation of the Emergency Management
25 Assistance Compact, codified at § 12-49-401 et seq. and the Interstate Civil
26 Defense and Disaster Compact, § 12-76-101 et seq. and shall also consult with
27 and consider rules promulgated by similarly empowered agencies in other
28 states to promote uniformity of application of this chapter and make the
29 emergency response systems in the various states reasonably compatible.

30
31 12-87-111. Limitations on civil liability for volunteer health
32 practitioners.

33 (a) Subject to subsection (b), a volunteer health practitioner who
34 receives compensation of five hundred dollars (\$500) or less per year for
35 providing health or veterinary services pursuant to this chapter is not
36 liable for damages for an act or omission of the practitioner in providing

1 those services. Reimbursement of, or allowance for, reasonable expenses, or
2 continuation of salary or other remuneration while on leave, is not
3 compensation under this subsection.

4 (b) This section does not limit the liability of a volunteer health
5 practitioner for:

6 (1) willful misconduct or wanton, grossly negligent, reckless,
7 or criminal conduct;

8 (2) an intentional tort;

9 (3) breach of contract;

10 (4) a claim asserted by a host entity or by an entity located in
11 this or another state which employs or uses the services of the practitioner;
12 or

13 (5) an act or omission relating to the operation of a motor
14 vehicle, vessel, aircraft, or other vehicle.

15 (c) A person that, pursuant to this chapter, operates, uses, or relies
16 upon information provided by a volunteer health practitioner registration
17 system is not liable for damages for an act or omission relating to that
18 operation, use, or reliance unless the act or omission is an intentional tort
19 or is willful misconduct or wanton, grossly negligent, reckless, or criminal
20 conduct.

21
22 12-87-112. Workers' compensation coverage.

23 (a) In this section, "injury" means a physical or mental injury or
24 disease for which an employee of this state who is injured or contracts the
25 disease in the course of the employee's employment would be entitled to
26 benefits under the workers' compensation or occupational disease law of this
27 state.

28 (b) A registered volunteer health practitioner who dies or is injured
29 as the result of providing health or veterinary services pursuant to this
30 chapter is deemed to be an employee of this state for the purpose of
31 receiving benefits for the death or injury under the workers' compensation or
32 occupational disease law of this state if:

33 (1) the practitioner is not otherwise eligible for such benefits
34 for the injury or death under the law of this or another state; and

35 (2) the practitioner, or in the case of death the practitioner's
36 personal representative, elects coverage under the workers' compensation or

1 occupational disease law of this state by making a claim under that law; and
2 (3) the practitioner is acting under the control or direction of
3 the Arkansas Department of Emergency Management, the Governor or another
4 state government agency.

5 (c) The Arkansas Department of Emergency Management shall certify to
6 the Public Employee Claims Division of the State Insurance Department the
7 names and registration information for each registered volunteer health
8 practitioner working in this state under this chapter.

9 (d)(1) Benefits payable for the injury or death of a registered
10 volunteer health practitioner covered by this chapter shall be limited to the
11 provisions of the Workers' Compensation Law, § 11-9-101 et seq. Benefits are
12 payable if the injury or death occurred while the person was:

13 (A) actually engaged in emergency service duties, either
14 during training or during a period of emergency; and

15 (B) under the supervision and instruction and subject to
16 the order or control of, or serving pursuant to a request of, the Governor,
17 the Arkansas Department of Emergency Management, or the chief executive
18 officer of a county or local government unit making use of registered
19 volunteer health practitioners.

20 (2) The remedy provided in this section shall be the exclusive
21 remedy as against the state and political subdivisions of the state.

22 (3)(A) For the purpose of workers' compensation coverage in
23 cases of injury to or death of an individual, a registered volunteer health
24 practitioner is deemed a state employee and shall receive compensation and a
25 survivor of a registered volunteer health practitioner shall receive death
26 benefits in the same manner as a regular state employee for injury or death
27 arising out of and in the course of activities as registered volunteer health
28 practitioners.

29 (B) If the registered volunteer health practitioner was under
30 the order or control of a state agency when injured or killed, compensation
31 and benefits shall be charged against the experience rate of the Arkansas
32 Department of Emergency Management and paid from the appropriate state
33 workers' compensation fund.

34 (4)(A) For the purpose of subdivision (d)(3) of this section,
35 the weekly compensation benefits for a registered volunteer health
36 practitioner who receives no monetary compensation for services rendered as a

1 worker under this chapter shall be calculated based upon the wages received
2 from his or her regular or usual employment, the same as a regular state
3 employee, with respect to injury, disability, or death.

4 (B) The reimbursement of twenty-five dollars (\$25.00) or
5 less for out-of-pocket expenses for gasoline, oil, uniforms, required
6 equipment, or similar expenses incurred in response to an emergency situation
7 shall not be construed to be monetary compensation for the registered
8 volunteer health practitioner.

9
10 12-87-113. Uniformity of application and construction.

11 In applying and construing this uniform act, consideration must be
12 given to the need to promote uniformity of the law with respect to its
13 subject matter among states that enact it.

14
15 12-87-114. [Reserved]

16
17 12-87-115. Effective date.

18 This chapter takes effect October 1, 2009.

19
20 SECTION 2. Arkansas Code § 12-75-128(e)(2), concerning limitations on
21 out-of-state physicians acting as emergency responders, is amended to read as
22 follows.

23 ~~(2)(A) However, subdivision (e)(1) of this section shall not~~
24 ~~apply to required medical licenses except in cases of first aid treatment.~~
25 Subdivision (e)(1) of this section does not apply to a license issued to a
26 health practitioner, as defined in § 12-87-102.

27 (B) However, a health practitioner license issued by
28 another state is recognized in this state to the extent provided under this
29 chapter, the Interstate Civil Defense and Disaster Compact, § 12-76-101 et
30 seq., the Uniform Volunteer Health Practitioners Act, § 12-87-101 et seq.,
31 and other laws of this state.
