TO CREATE STATE DISTRICT COURTS.

18

19

20 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

21

22 SECTION 1. Arkansas Code § 16-17-1101 is amended to read as follows:
23 16-17-1101. Legislative findings.

24 The General Assembly finds that:

25 (1) The goal expressed by Arkansas citizens with the adoption of
26 Amendment 80 to the Arkansas Constitution was the creation of a three-tiered
27 unified court system;

28 (2) The current structure of limited jurisdiction courts consists of a
29 combination of full-time and part-time district and city courts funded by
30 city and county governments;

31 (3) Based on availability of local resources, the cumulative effect of
32 the creation and funding of those courts by local governments has been an
33 unequal level of access to and an inequitable distribution of judicial
34 services to communities;

35 (4) While Amendment 80 does not require the state to fund the district
36 court system, there is a state interest in providing a more uniform level of

1 judicial resources to all citizens of the state;

2 (5) Because the current system of limited jurisdiction courts is not
3 uniform, it is contrary to the interest of the state to merely shift the
4 funding of the system from local government to state government without
5 addressing the structure of the district court system;

6 (6) A way of addressing the shortage of resources for circuit courts
7 in some areas of the state is the expansion of the jurisdiction of the
8 district court which will shift cases from circuit court to district court
9 and reduce expenses for the state;

10 (7) A state-funded system should include an analysis by the state that
11 furthers the goal of a unified and equitable system for the delivery of
12 judicial services;

13 ~~(8) It is the intent of this subchapter to begin that analysis process~~
14 ~~by establishing a pilot program that creates a limited number of state-funded~~
15 ~~pilot state district court judgeships and a process for the study and~~
16 ~~consideration of establishing additional district courts in the future; and~~

17 (8) The District Court Resource Assessment Board, created in § 16-17-
18 1001 et seq., has studied the effectiveness of the state's creation of pilot
19 district courts and found that they are successful in creating a more uniform
20 and equitable judicial system, reducing the number of district and city court
21 judges, maintaining the level of service to the communities served by
22 district and city courts, allowing the shift of cases from circuit to
23 district courts, decreasing the number of conflicts requiring the appointment
24 of special judges, and improving public access to the court system;

25 (9) The state should continue the incremental creation of state
26 district courts served by full-time judges and designate geographic districts
27 that have sufficient caseloads to justify a full-time judge until the system
28 is implemented and operating statewide on January 1, 2017; and

29 ~~(9)(10)~~ For purposes of the ~~pilot~~ program, cities and counties should
30 keep one hundred percent (100%) of all their current revenue from fines and
31 costs with the exception of the adjustment from the cost-sharing formula.

32
