## For An Act To Be Entitled

9 AN ACT TO AMEND PUBLIC SCHOOL FUNDING AMOUNTS; TO  
10 PROVIDE RESOURCES FOR EDUCATIONAL ADEQUACY; TO  
11 DECLARE AN EMERGENCY; AND FOR OTHER PURPOSES.

### Subtitle

12  
13  
14 TO AMEND PUBLIC SCHOOL FUNDING AMOUNTS  
15 AND PROVIDE RESOURCES FOR EDUCATIONAL  
16 ADEQUACY AND TO DECLARE AN EMERGENCY.

17  
18  
19  
20 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

21  
22 SECTION 1. DO NOT CODIFY. FINDINGS. The General Assembly finds that:

23 (1) In "A Report on Legislative Hearings for the 2010 Interim  
24 Study on Educational Adequacy", the interim House Committee on Education and  
25 the interim Senate Committee on Education found that the transportation  
26 funding provided in foundation funding is sufficient to meet the State of  
27 Arkansas's adequacy requirements with regard to student transportation. They  
28 went on to recommend, however, a distribution of funding through an enhanced  
29 transportation funding formula for certain school districts that may have  
30 high transportation costs. The committees further recommended that money to  
31 fund this new program be found by reducing, in part, a recommended increase  
32 in foundation funding. The committees made clear in the 2010 interim study  
33 report that this recommended enhanced transportation funding was found to be  
34 over and above what was required for adequacy;

35 (2) In the previous biennium, in "A Report on Legislative  
36 Hearings for the 2008 Interim Study on Educational Adequacy", the committees

1 found that student transportation may be a necessary component for providing  
2 students with an equitable opportunity for an adequate education to the  
3 extent that a student would not otherwise be able to realize this opportunity  
4 but for such transportation being provided by the state. Analyzing what  
5 portion of student transportation is required for adequacy purposes is a  
6 highly complex, fact-intensive study. It requires analysis of many factors  
7 such as student characteristics, bus routes taken, route miles, and a myriad  
8 of other factors. Nonetheless, it is clear from "The Resource Allocation of  
9 Foundation Funding for Arkansas School Districts," August 23, 2008, Bureau of  
10 Legislative Research, and the 2010 interim study report that the evidence  
11 gathered by the committees demonstrated that the amount of revenue provided  
12 in foundation funding is sufficient to fund the overall adequacy needs of all  
13 school districts;

14 (3) The 2010 interim study report recommends, essentially,  
15 removing a portion of transportation funding contained in the resource matrix  
16 used to determine necessary foundation funding levels, and using those funds  
17 to provide revenue for transportation to some, but not all, school districts  
18 for a program that is not required to maintain educational adequacy; and

19 (4) The foundation funding formula and the resource matrix on  
20 which the foundation funding formula is based have served the state well  
21 since they were first used. The formula and the matrix provide a clear,  
22 transparent, and easy to understand method for analyzing state funding needs  
23 for districts, while allowing districts the flexibility to use such funds to  
24 more closely meet unique district needs. The committees' recommendation that  
25 the General Assembly depart from this approach jeopardizes this method for  
26 determining and meeting school district adequacy needs, a method that the  
27 Supreme Court found to be constitutional in 2004 and in 2007. Accordingly,  
28 the General Assembly finds and determines that the foundation funding formula  
29 and the resource matrix upon which it is built should be maintained and  
30 declines to adopt the enhanced transportation funding approach recommended in  
31 the 2010 interim study report.

32  
33 SECTION 2. Arkansas Code § 6-20-2305(a)(2), concerning public school  
34 funding amounts, is amended to read as follows:

35 (2)(A) For the ~~2009-2010~~ 2011-2012 school year, the foundation  
36 funding amount is equal to ~~five thousand nine hundred five dollars (\$5,905)~~

1 six thousand one hundred forty-four dollars (\$6,144) multiplied by the school  
2 district's average daily membership for the previous school year.

3 (B) For the ~~2010-2011~~ 2012-2013 school year, the  
4 foundation funding amount is equal to ~~six thousand twenty-three dollars~~  
5 ~~(\$6,023)~~ six thousand two hundred sixty-seven dollars (\$6,267) multiplied by  
6 the school district's average daily membership for the previous school year.

7 ~~(C)(i) In accordance with the state's desire to foster~~  
8 ~~educational excellence, in addition to the amounts determined by the General~~  
9 ~~Assembly to be constitutionally adequate pursuant to subdivisions (a)(2)(A)~~  
10 ~~and (B) of this section, and in addition to the funds distributed to school~~  
11 ~~districts pursuant to subdivisions (a)(2)(A) and (B) of this section, each~~  
12 ~~school district shall receive an amount equal to thirty-five dollars (\$35.00)~~  
13 ~~multiplied by the school district's average daily membership for the previous~~  
14 ~~school year.~~

15 ~~(ii) The Department of Education shall distribute~~  
16 ~~the additional funding provided by this subdivision (a)(2)(C) in eleven (11)~~  
17 ~~monthly payments from funds appropriated by law and available for~~  
18 ~~distribution as state foundation funding aid.~~

19 ~~(iii) The General Assembly has determined that the~~  
20 ~~funding provided by this subdivision (a)(2)(C), which is known as "Enhanced~~  
21 ~~Educational Funding", is in addition to, and in excess of, the amount of~~  
22 ~~funds necessary to provide an adequate education as required by the Arkansas~~  
23 ~~Constitution.~~

24 ~~(iv) Enhanced Educational Funding is available from~~  
25 ~~a combination of fortunate economic factors, conservative budgeting of all~~  
26 ~~state government, and the favorable forecast of state revenues. As a result,~~  
27 ~~the enhanced component of Enhanced Educational Funding cannot be ensured and~~  
28 ~~may not be relied on beyond the 2009-2010 school year.~~

29  
30 SECTION 3. Arkansas Code § 6-20-2305(b)(2) through (b)(4)(B)(ii)(a),  
31 concerning categorical funding for public schools, is amended to read as

33 provided in subdivision (b)(4) of this section.

13 the 2011-2012 school year, and one thousand thirty-three dollars (\$1,033) for

32 lunch state categorical funding under subdivision (b)(4)(A) of this section  
33 that is based on a different per-student amount of national school lunch  
34 state categorical funding than the school district received in the  
35 immediately preceding school year, due to a percentage change in national  
36 school lunch students, the department shall adjust the funding to the school

1 district in a transitional three-year period.

3 SECTION 4. Arkansas Code § 6-20-2305(b)(5), concerning categorical

18 skills for improving teaching practices and student academic achievement and  
19 training for school bus drivers as outlined in rules promulgated by the State  
20 Board of Education.

21  
22 SECTION 5. EMERGENCY CLAUSE. It is found and determined by the  
23 General Assembly of the State of Arkansas that it is the state's  
24 constitutional obligation to provide a general, suitable, and efficient free  
25 system of public schools in the state; that the public school funding  
26 distribution changes in this act are needed to ensure that proper funding is  
27 provided to public schools and school districts; and that this act is  
28 immediately necessary so that public schools and school districts will  
29 receive the amount of funding provided under this act for the 2011-2012  
30 school year. Therefore, an emergency is declared to exist and this act being  
31 immediately necessary for the preservation of the public peace, health, and  
32 safety shall become effective on July 1, 2011.
