12	increasing number of contracted entities performing provider audits and that			
13	such entities should be compensated based on the volume of work that they do			
14	and not be given an incentive to identify more overpayments in order to			
15	increase the payments they receive, and that it is imperative that changes be			
16	made in state law to remedy this problem. Therefore, an emergency is declared			
17	to exist and this act being immediately necessary for the preservation of the			
18	public peace, health, and safety shall become effective on:
