19 Amendment 82 Agreement qualify as financing for infrastructure or other needs
20 within the meaning of Arkansas Constitution, Amendment 82, and the Arkansas
21 Amendment 82 Implementation Act, § 15-4-3201 et seq.; and

22 (3) Arkansas Constitution, Amendment 82, authorizes the General

20 Amendment 82 Agreement control.

25 Recycling tax credits.

26 (a)(1)(A) A qualified manufacturer of steel that has been certified
27 under Section 5 of this act after January 1, 2013, and prior to December 31,
28 2020, and that has qualified for the income tax credit for the purchase of

30 26-51-506, may carry forward any unused income tax credit earned under § 26-
31 51-506 for a period of fourteen (14) consecutive years following the taxable
32 year in which the credit originated.

33 (B) However, if a qualified manufacturer of steel is not
34 certified under Section 5(b) of this act, the carry-forward period allowed
35 under subdivision (a)(1)(A) of this section shall be reduced by one (1) year
36 for each year that the qualified manufacturer of steel does not obtain

1 certification under Section 5(b) of this act.

2 (2) Income tax credits that would otherwise expire during that
3 period shall be claimed first.

4 (b)(1) As used in subdivision (a)(1) of this section, the term "waste

11 consumer waste as a part of the materials used.

12 (c)(1) Except as provided in subdivision (c)(2) of this section, the
13 refund provisions of Arkansas Code § 26-51-506(f) shall not apply to a
14 qualified manufacturer of steel that has been certified under Section 5 of
15 this act.

16 (2) The qualified manufacturer of steel shall refund the amount
17 required under subdivision (c)(3) of this section if within three (3) years
18 of the taxable year in which the credit originated:

19 (A)(i) The waste reduction, reuse, or recycling equipment
20 is removed from Arkansas, disposed of, or transferred to another person, or
21 the qualified manufacturer of steel otherwise ceases to use the required
22 materials or operate in accordance with § 26-51-506 or this section.

23 (ii) Reorganization transactions, changes of
24 ownership and control, and sales and transfers of waste reduction, reuse, or
25 recycling equipment among affiliates which do not constitute sales or

27 transfers, or cessations of use for purposes of § 26-51-506 or this section;
28 or

29 (B) The Director of the Arkansas Department of
30 Environmental Quality finds that the qualified manufacturer of steel has
31 operated the waste reduction, reuse, or recycling equipment in a manner which
32 demonstrates a pattern of intentional failure to comply with final
33 administrative or judicial orders which clearly indicates a disregard for
34 environmental regulation.

35 (3) If the provisions of subdivision (c)(2) of this section
36 apply, the qualified manufacturer of steel shall refund the amount of the

1 allowed tax credit claimed by the qualified manufacturer of steel which
2 exceeds the following amounts:

3 (A) Within the first taxable year, zero dollars (\$0.00);

4 (B) Within the second taxable year, an amount equal to
5 thirty-three percent (33%) of the amount of credit allowed; and

6 (C) Within the third taxable year, an amount equal to
7 sixty-seven percent (67%) of the credit allowed.

8 (4) Any refund required by subdivision (c)(2)(A) of this section
9 shall apply only to the credit given for the particular waste reduction,
10 reuse, or recycling equipment to which that subdivision applies.

11 (5) A qualified manufacturer of steel that is required to refund
12 part of a credit pursuant to this section shall no longer be eligible to
13 carry forward any amount of that credit which had not been used as of the
14 date the refund is required.

15 (6) A qualified manufacturer of steel aggrieved by a decision of
16 the Director of the Arkansas Department of Environmental Quality under this
17 section may appeal to the Arkansas Pollution Control and Ecology Commission
18 through administrative procedures adopted by the commission and to the courts
19 in the manner provided in Arkansas Code §§ 8-4-222 – 8-4-229.

20 (d) In the case of a qualified manufacturer of steel that is:

21 (1) A proprietorship, partnership, limited liability company, or
22 other business organization treated as a proprietorship or partnership for
23 tax purposes, the amount of the credit determined under this section for any
24 taxable year shall be apportioned to each proprietor, partner, member, or
25 other owner in proportion to the amount of income from the entity which the
26 proprietor, partner, member, or other owner is required to include in gross
27 income or as otherwise provided for in the applicable ownership or operating
28 agreements if at least one of the proprietor, partner, member or other owner
29 of the organization is a public retirement system of the State of Arkansas;

30 (2) A Subchapter S corporation, the amount of credit determined
31 shall be apportioned to each Subchapter S corporation shareholder in
32 proportion to the amount of income from the entity which the Subchapter S
33 corporation shareholder is required to include as gross income or as
34 otherwise provided for in the applicable articles of incorporation or bylaws
35 if at least one of the shareholders is a public retirement system of the
36 State of Arkansas; or

(3) An estate or trust:

(A) The amount of the credit determined for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each; and

(B) Any beneficiary to whom any amount has been apportioned under this section shall be allowed, subject to the limitations contained in this section, a credit under this section for that amount.

SECTION 8. DO NOT CODIFY. The Arkansas Code Revision Commission shall direct the publisher of the Arkansas Code to print the following in the Appendix to Arkansas Code Title 19:

31 *Agreement. The tier of the county in which the approved project is located*
32 *determines the qualifying payroll threshold, as well as the income tax*
33 *benefit calculation. Counties are segmented into four (4) tiers based on*
34 *poverty rate, population growth, per capita income, and unemployment rate.*
35 *Based on the location of the Project Site, the Sponsor may be entitled to an*
36 *income tax credit up to four percent (4%) of the total taxable wages paid to*

1 new full time permanent employees hired after the date of the Financial
2 Incentive Agreement. The annual payroll thresholds of the new employees must
3 be met within twenty-four (24) months following the date the Financial
4 Incentive Agreement is signed by the Commission. Employees must be taxpayers
5 of the State to qualify for the credit. The income tax credit begins in the

28 in A.C.A. § 19-5-1227 and the Conservation Tax Fund as described in A.C.A. §
29 19-6-484. These two (2) exceptions reduce the refund by one percent (1%).
30 Currently, the State sales tax rate is six percent (6%), and therefore, the
31 refund of State taxes shall be based upon five percent (5%) of the eligible
32 taxable purchases. The refund of local taxes shall be based on the sales tax
33 rate for the city and county where the Project Site is located. The refund

33 (\$1,000,000,000.00) and the Actual Project Capital Expenditures.

34
35 11.3. Repayment Calculation - Employment Target. If, at the expiration
36 of the Preliminary Period, and continuing through the Test Period, as

1 *measured annually on the Test Date, the Sponsor has not achieved and*
2 *maintained the Employment Target, but employs at least fifty-five (55)*

8 *(525), multiplied by the quotient obtained in (i). With respect to the first*
9 *calculation pursuant to this Section 11.3 on the first Test Date at the*
10 *expiration of the Preliminary Period, the Employment Target may be satisfied*
11 *through a combination of Direct Positions and Independent Direct Positions*

24 *compensation of all those Direct Positions and Independent Positions as*
25 *designated by the Sponsor to Seventy-five Thousand Dollars (\$75,000.00),*
26 *multiplied by the quotient obtained in (i). With respect to the first*
27 *calculation pursuant to this Section 11.4 on the first Test Date at the*
28 *expiration of the Preliminary Period, the average annual compensation shall*
29 *be calculated by using the amount of compensation paid during months thirty-*

31 *Positions and Independent Direct Positions designated by the Sponsor and then*
32 *multiplied by two (2).*

2 14.1. No Assumption. If a Change of Control Event is announced by the
3 Sponsor and the Announced Controlling Party shall not agree in writing to
4 assume all of the rights and obligations of the Sponsor pursuant to this
5 Agreement and all related agreements executed in connection with the Project,
6 the Sponsor shall, upon written notice by the Commission and the Authority,
7 cause the Announced Controlling Party to pay to the State prior to
8 consummation of the Change of Control Event an amount calculated as follows:
9 (i) the total amount disbursed by the State pursuant to the Grants; (ii)
10 minus the product of the total amount disbursed by the State pursuant to the
11 Grants divided by fifteen (15) and then multiplied by the number of years
12 beginning after the end of the Preliminary Period, the Sponsor has employed
13 at least fifty-five (55) total Direct Positions and Independent Direct
14 Positions; and (iii) minus any amounts previously paid by the Sponsor
15 pursuant to the Repayment Calculations set forth in Section 11 as a result of
16 failing to achieve and maintain the Employment Target or the Compensation
17 Target.

18

19 14.2. Assumption Subsequent to Investment Requirement Being Met. If a
20 Change of Control Event is announced by the Sponsor subsequent to the
21 Investment Requirement having been satisfied and the Announced Controlling
22 Party shall agree in writing to assume all of the rights and obligations of
23 the Sponsor pursuant to this Agreement and all related agreements executed in
24 connection with the Project, but the Commission and the Authority reasonably
25 determine that the Announced Controlling Party is unlikely to achieve and
26 maintain the Employment Target or the Compensation Target, the Sponsor shall,
27 upon written notice by the Commission and the Authority, cause the Announced
28 Controlling Party prior to consummation of the Change of Control Event to
29 fund an Escrow Account in an amount calculated as follows: the product of the
30 total amount disbursed by the State pursuant to the Grants divided by fifteen
31 (15) and then multiplied by the number of years remaining until the
32 expiration of the Test Period divided by two (2) with such years remaining
33 until the expiration of the Test Period to be no greater than fifteen (15).
34 In any year in which the Announced Controlling Party shall fail to achieve
35 and maintain the Employment Target or the Compensation Target, the Commission
36 and the Authority shall withdraw an amount from such Escrow Account equal to

1 the amount determined pursuant to the applicable Repayment Calculations for
2 that particular year. If the Announced Controlling Party maintains the
3 Employment Target and the Compensation Target for the three (3) consecutive
4 years following the later of the Change of Control Event and the end of the
5 Preliminary Period, all amounts in the Escrow Account shall be released and
6 returned to the Announced Controlling Party. The rights of the State upon a
7 Change of Control Event will include, among other rights, the proportional
8 right to vote alongside all other Senior Term Lenders on matters related to
9 any Change of Control Event. The Commission and the Authority shall not have
10 the right to seek the establishment of the Escrow Account if a majority of
11 the Senior Term Lenders inclusive of the State but not including those
12 affiliated with the Sponsor or the Announced Controlling Party, commit in
13 writing to permit assumption of their respective debts by the Announced
14 Controlling Party on the same or substantially similar terms and conditions
15 as those in existence immediately prior to the execution of definitive
16 documents related to the Change of Control Event. A majority of the Senior
17 Term Lenders shall be determined by the amounts due by the Sponsor to each
18 such Senior Term Lender inclusive of the State but not including those
19 affiliated with the Sponsor or the Announced Controlling Party immediately
20 prior to the execution of definitive documents related to the Change of
21 Control Event.

22
23 14.3. Assumption Prior to Investment Requirement Being Met. If a
24 Change of Control Event is announced by the Sponsor prior to the Investment
25 Requirement having been met and the Announced Controlling Party shall agree
26 in writing to assume all of the rights and obligations of the Sponsor
27 pursuant to this Agreement and all related agreements executed in connection
28 with the Project, but the Commission and the Authority reasonably determines
29 that the Announced Controlling Party is unlikely to achieve and maintain the
30 Employment Target or the Compensation Target, the Sponsor shall, upon written
31 notice by the Commission and the Authority, cause the Announced Controlling
32 Party, prior to consummation of the Change of Control Event, to fund the
33 Escrow Account in an amount calculated as follows: the product of the total
34 amount disbursed by the State pursuant to the Grants divided by fifteen (15)
35 and then multiplied by the number of years remaining until the expiration of
36 the Test Period with such years remaining until the expiration of the Test

1 *Period to be no greater than fifteen (15). In any year during the Test*
2 *Period in which the Announced Controlling Party shall fail to achieve and*
3 *maintain the Employment Target or the Compensation Target, the Commission and*
4 *the Authority shall withdraw an amount from the Escrow Account equal to the*
5 *amount determined pursuant to the applicable Repayment Calculations for that*
6 *particular year. If the Announced Controlling Party shall achieve and*
7 *maintain the Employment Target and the Compensation Target for the six (6)*
8 *consecutive years following the later of the end of the Preliminary Period*
9 *and the establishment of the Escrow Account, all amounts in the Escrow*
10 *Account shall be released and returned to the Announced Controlling Party.*
11 *If the Announced Controlling Party shall fail to achieve and maintain the*
12 *Employment Target and the Compensation Target for the three (3) consecutive*
13 *years following the later of the end of the Preliminary Period and the*
14 *establishment of the Escrow Account, all amounts in the Escrow Account shall*
15 *be released to the State and shall become the property of the State and*
16 *neither the State, the Commission, nor the Authority shall have any*
17 *obligation to make any of such funds available to the Announced Controlling*
18 *Party or any other Person. The Commission and the Authority shall have the*
19 *right to seek the establishment of the Escrow Account whether or not a*
20 *majority of the Senior Term Lenders commit in writing to permit assumption of*
21 *their respective debts by the Announced Controlling Party on the same or*
22 *substantially similar terms as those in existence immediately prior to the*
23 *execution of definitive documents related to the Change of Control Event.*

24
25 14.4. Assumption Prior to End of Availability of Economic Incentives.

26 *If a Change of Control Event is announced by the Sponsor, any economic*
27 *incentives, including proceeds from the Amendment 82 Financing, set forth in*
28 *this Agreement that have not been previously made available to the Sponsor*
29 *prior to the announcement of the Change of Control Event shall no longer be*
30 *available to either the Sponsor or the Announced Controlling Party. If the*
31 *announced Change of Control Event shall not be consummated and no more than*
32 *nine (9) months have elapsed since the Change of Control Event was first*
33 *announced and the Sponsor provides written notice that the announced Change*
34 *of Control Event shall not be consummated, any economic incentives, including*
35 *proceeds from the Amendment 82 Financing, set forth in this Agreement that*
36 *have not been previously made available to the Sponsor shall be reinstated*

1 and shall be available to the Sponsor as set forth in this Agreement, to the
2 extent consistent with applicable law.

3
4 15. Confidentiality and Non-Disclosure. The Parties recognize that
5 certain information and records provided by the Sponsor to the Commission or
6 the Authority include trade secrets or other information which, if disclosed,
7 would give advantage to competitors of the Sponsor, or include records
8 related to the Sponsor's planning, site location, expansion, operations,
9 product development or marketing (collectively, "Confidential Business
10 Information"). Such records are generally exempt from public disclosure
11 under the terms of the Arkansas Freedom of Information Act, A.C.A. § 25-19-
12 101 et seq. Neither the Parties to this Agreement nor any Related Entity,
13 affiliate, or representative of any Party, shall make any disclosure of
14 Confidential Business Information without the prior written consent of any
15 other Party; provided however, that a Party may make such a disclosure
16 without the consent of any other Party if the disclosure is: (a) compelled by
17 legal, accounting, or regulatory requirements applicable to and beyond the
18 reasonable control of the Party; (b) necessary to proceed with the intentions
19 and agreements contained in this Agreement as they specifically relate to any
20 Related Entity, affiliate, or representative of any Party; (c) necessary to
21 obtain legislative approval of the undertakings set forth in this Agreement;
22 or (d) required under applicable law binding upon the disclosing Party. The
23 Party making a disclosure described in (c) of this Section 15 shall give
24 prior written notice of the proposed disclosure to the other Party. The
25 Party making a disclosure described in (a) or (d) of this Section 15 shall
26 give prior written notice of the proposed disclosure to the other Party if
27 the disclosing Party can do so and still comply with the requirement or law
28 compelling the disclosure; otherwise the disclosing Party shall give written
29 notice contemporaneously with or as soon as reasonably practicable following
30 the disclosure.

31
32 16. Incentives Not Accepted. To the extent that the Sponsor shall
33 not accept for whatever reason any portion of the funds or economic
34 incentives set forth in this Agreement, neither the State, the Commission,
35 nor the Authority shall have any obligation to replace the value of the funds
36 or economic incentives not accepted, inclusive of the value of any matching

1 funds, with other funds or economic incentives.

2
3 17. Public Reporting Requirements. The Sponsor acknowledges and
4 agrees to comply with the public reporting, monitoring, auditing, and other
5 reporting requirements of the Act set forth in A.C.A. §§ 15-4-3206 (2011
6 Revision), 15-4-3221 (2011 Revision), and 15-4-3224 (2011 Revision). The
7 Sponsor shall reasonably cooperate with the State by providing such
8 documents, records, and other information to the State as may be necessary to

16 SECTION 9. EMERGENCY CLAUSE. It is found and determined by the
17 General Assembly of the State of Arkansas that unemployment levels within
18 this state are unacceptably high; that additional incentives are needed to
19 encourage the location and expansion of manufacturing facilities within this
20 state and to provide additional job opportunities for our citizens; that this
21 act is designed to provide the incentives needed to encourage certain
22 manufacturers to locate their facilities within this state thereby creating
23 additional job opportunities for our citizens; that the development and
24 completion of a mini-mill steel manufacturing facility by Big River Steel,
25 LLC is important to the economic health of the state and its citizens; and
26 that this act is immediately necessary because any delay in the effective
27 date of this act will delay completion of the mini-mill steel manufacturing
28 facility by Big River Steel, LLC and the creation of new jobs in the state.
29 Therefore, an emergency is declared to exist, and this act being immediately
30 necessary for the preservation of the public peace, health, and safety shall
31 become effective on:

32 (1) The date of its approval by the Governor;

33 (2) If the bill is neither approved nor vetoed by the Governor,
34 the expiration of the period of time during which the Governor may veto the
35 bill; or

36 (3) If the bill is vetoed by the Governor and the veto is

1 overridden, the date the last house overrides the veto.
