For An Act To Be Entitled

AN ACT TO EVALUATE THE IMPACT OF SCHOOL DISCIPLINE ON
STUDENT ACHIEVEMENT; AND FOR OTHER PURPOSES.

Subtitle

TO EVALUATE THE IMPACT OF SCHOOL
DISCIPLINE ON STUDENT ACHIEVEMENT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. LEGISLATIVE FINDINGS. The General Assembly finds that:

(1) There are many factors that contribute to poor student performance including lost instruction time or chronic absence;

(2) A student who has been suspended even once is less likely to graduate;

(3) Discipline that keeps students engaged in the learning process and in the school community is more effective than discipline that interrupts the learning process and separates the student from the school community;

(4) Out-of-school suspensions are necessary in some situations but the excessive use of out-of-school suspension as a discipline measure is harmful to the educational process; and

(5) Disparity in discipline rates does not necessarily indicate discrimination; it can result from an ineffective school climate or from cultural strategies that are not successful in engaging the academic efforts of all students.

1 *SECTION 2.* Arkansas Code § 6-18-507(b), concerning school district
2 authority to suspend or expel students, is amended to read as follows:

3 (b) The board of directors of a school district may suspend or expel
4 any student from school for violation of the school district's written
5 discipline policies, except that a school district shall not use out-of-
6 school suspension as a discipline measure for truancy.

7
8 *SECTION 3.* Arkansas Code § 6-18-507, concerning school district
9 authority to suspend or expel students, is amended to add an additional
10 subsection to read as follows:

11 (g) A public school shall indicate on a student's attendance record if
12 a student's absence is the result of an out-of school suspension.

13
14 *SECTION 4.* Arkansas Code Title 6, Chapter 18, Subchapter 5, is amended
15 to add an additional section to read as follows:

22 school district or the total enrollment in the subgroup;
