1 GRANTS & EXTRA HELP POOL. An Institution of higher education that suffers an
2 emergency/disaster event resulting in all or a significant portion of campus
3 operations being interrupted, may request disaster assistance through the
4 Arkansas Department of Higher Education. Upon the declaration of an
5 emergency by the Governor, the institution may request, subject to the
6 recommendation of the Director of the Department of Higher Education and
7 approval of the Governor, a grant from the Disaster Relief Fund to assist in
8 returning that campus to operation and/or to a sister campus providing
9 services to the students from the affected campus. Certified law enforcement
10 officers employed by an institution of higher education may be granted
11 jurisdiction at the sister institution, upon agreement of both institutions.
12 The Department of Higher Education is authorized a pool of 500 extra help
13 positions for use in such emergency situations. These positions may be
14 assigned to the campus suffering the disaster event or to a sister campus
15 providing services to the students from the affected campus. The Governor
16 may waive the 1,500 hour limit of ACA 6-63-314 on these assigned extra help
17 pool positions.

18 The provisions of this section shall be in effect only from July 1, ~~2012~~
19 2013 through June 30, ~~2013~~ 2014.

20
21 SECTION 19. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS
22 CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW.
23 REALLOCATION OF RESOURCES FOR INSTITUTIONS OF HIGHER EDUCATION. Upon
24 determination by the president or chancellor of an institution of higher
25 education that a reallocation of resources for purposes of reorganization or
26 consolidation of administrative functions within the institution is necessary
27 for efficient and effective operations of the institution, the president or
28 chancellor, with approval of the institution's board of trustees, may have
29 the authority to transfer positions, appropriations and related funds between
30 campuses, divisions, branches, and other budgetary units of the institution,
31 after receiving prior approval of the Legislative Council or Joint Budget
32 Committee. The transfers of positions, programs, or activities shall be used
33 for those purposes for which the appropriations were approved by the General
34 Assembly. The transfers, consolidations, or reorganizations which involve
35 academic programs shall be reviewed by the Department of Higher Education
36 prior to submission to the Legislative Council or Joint Budget Committee.

1 Provided, however, that the institution shall be limited to submitting no
2 more than two (2) individual transaction transfer requests during any fiscal
3 year and shall be further limited to no more than five percent (5%) of the
4 total General Revenue and Special Revenue appropriation, funding, positions
5 specific to each institution, and no Tobacco Settlement funds or
6 appropriations may be reallocated pursuant to this section.
7 Determining the maximum number of employees and the maximum amount of
8 appropriation and general revenue funding for institutions of higher
9 education each fiscal year is the prerogative of the General Assembly. This
10 is usually accomplished by delineating such maximums in the appropriation
11 act(s) for institutions of higher education and the general revenue
12 allocations authorized for each fund and fund account by amendment to the
13 Revenue Stabilization law. Further, the General Assembly has determined that
14 institutions of higher education may operate more efficiently if some
15 flexibility is provided to institutions of higher education authorizing broad
16 powers under this Section. Therefore, it is both necessary and appropriate
17 that the General Assembly maintain oversight by requiring prior approval of
18 the Legislative Council or Joint Budget Committee as provided by this
19 section. The requirement of approval by the Legislative Council or Joint
20 Budget Committee is not a severable part of this section. If the requirement
21 of approval by the Legislative Council or Joint Budget Committee is ruled
22 unconstitutional by a court of competent jurisdiction, this entire section is
23 void.

24 The provisions of this section shall be in effect only from July 1, ~~2012~~
25 2013 through June 30, ~~2013~~ 2014.

34 any such loans remaining at the end of a fiscal year shall be repaid from

24 EDUCATION CENTRAL POOL POSITIONS. a) Universities - (1) The Department of
25 Higher Education shall establish and maintain a central pool of three hundred
26 (300) positions to be used to establish additional positions when an
27 institution does not have sufficient positions available to meet
28 unanticipated enrollment growth, industry training demands, and its mandated
29 responsibilities.

30 (2) Central pool positions are to be used by the institutions if the
31 personnel service needs exceed the number of positions authorized by the
32 General Assembly and that were not anticipated at the time of the passage of
33 the institution's operating appropriation act.

34 (3) No position established under this section may exceed the salary rate of
35 the highest maximum annual salary rate or the highest grade level position
36 authorized by the General Assembly in the requesting institution's operating

1 appropriation act.

2 (4) The institution shall provide justification to the Department of Higher
3 Education for the need to allocate positions from the central pool.

4 (5) Titles shall not be assigned to the institution from the central pool
5 until specific positions are requested by the institution, recommended by the
6 Department of Higher Education and approved by the Arkansas Legislative
7 Council or the Joint Budget Committee.

8 (6) If an institution requests any central pool position to be continued
9 during the subsequent fiscal year, the position must be requested as a new
10 position in the institution's subsequent fiscal year budget request.

11 (b) Colleges - (1) The Department of Higher Education shall establish and
12 maintain a central pool of two hundred fifty (250) positions to be used to
13 establish additional positions when an institution does not have sufficient
14 positions available to meet unanticipated enrollment growth, industry
15 training demands, and its mandated responsibilities.

16 (2) Central pool positions are to be used by the institutions if the

19 the institution's operating appropriation act.

20 (3) No position established under this section may exceed the salary rate of

24 (4) The institution shall provide justification to the Department of Higher
25 Education for the need to allocate positions from the central pool.

29 Council or the Joint Budget Committee.

30 (6) If an institution requests any central pool position to be continued
31 during the subsequent fiscal year, the position must be requested as a new
32 position in the institution's subsequent fiscal year budget request.

33 (c) Determining the maximum number of employees and the maximum amount of
34 appropriation and general revenue funding for institutions of higher
35 education each fiscal year is the prerogative of the General Assembly. This
36 is usually accomplished by delineating such maximums in the appropriation

1 act(s) for institutions of higher education and the general revenue
2 allocations authorized for each fund and fund account by amendment to the
3 Revenue Stabilization law. Further, the General Assembly has determined that
4 institutions of higher education may operate more efficiently if some
5 flexibility is provided to institutions of higher education authorizing broad
6 powers under this Section. Therefore, it is both necessary and appropriate
7 that the General Assembly maintain oversight by requiring prior approval of
8 the Legislative Council or Joint Budget Committee as provided by this
9 section. The requirement of approval by the Legislative Council or Joint
10 Budget Committee is not a severable part of this section. If the requirement
11 of approval by the Legislative Council or Joint Budget Committee is ruled
12 unconstitutional by a court of competent jurisdiction, this entire section is
13 void.

14 The provisions of this section shall be in effect only from July 1, ~~2012~~
15 2013 through June 30, ~~2013~~ 2014.

The implementation of the funding component of the outcome-centered formula defined in §6-61-224, §6-61-228, and §6-61-229 shall not progress beyond the 2014-2015 school year until such time as the Arkansas Department of Higher Education determines that all institutions are funded at the minimum standard of equity defined as seventy-five percent (75%) of needed state funding, as determined by the needs-based component of the funding formula models. In any fiscal year that the aggregate general revenue funding forecasted to be available for higher education institutions is less than the amount in the 2012-13 fiscal year, the Arkansas Department of Higher Education will not further implement the funding component until such time as the aggregate general revenue for higher institutions is restored to the 2012-13 fiscal year level. The Arkansas Department of Higher Education shall continue to execute and publish the results of the outcome-centered component to measure the progress of institutions in reaching the broad goals of satisfactory progression and graduation of all students enrolled in state-supported institutions of higher education.

19 being necessary for the immediate preservation of the public peace, health
20 and safety shall be in full force and effect from and after July 1, 2013.
