21	BE IT ENACTED BY THE	GENERAL ASSEMBLY OF THE STATE OF ARKA	ANSAS:
22			
23	SECTION 1. DO	NOT CODIFY. Legislative findings and	<u>d purpose.</u>
24		al Assembly finds that:	
25	<u>(1) Des</u>	pite continuous efforts to encourage a	and develop access

36	<u>minor illness;</u>		

.

1	(3)(A) In addition to healthcare costs, the lack of access adds		
2	indirect but significant costs to our businesses and state economy.		
3	(B) When patients must take an entire day off work to		
4	drive to a distant city to be treated for a minor illness, employers lose		
5	productivity and efficiency;		
6	(4) The strength of the state economy is based upon the health		
7	of our residents and the health of our business economy.		
8	(5) Businesses in Arkansas have stressed that healthcare costs		
9	are an increasing burden and have asked the General Assembly to protect all		
10	tools that help them control costs and improve the health outcomes of their		
11	employees; and		
12	(6) Given these barriers, the advancement of modern technology		
13	as a communication medium to increase access and reduce the cost of primary		
14	health care is highly beneficial and should be encouraged.		
15	(b) The purpose of this act is to clarify that the existing scope of		
16	practice and professional standards for physicians, nurses, and other		
17	licensed professionals permits the use of technology as a communication		
18	medium to expand access to primary health care.		
19			
20	SECTION 2. Arkansas Code Title 17, Chapter 80, Subchapter 1, is		
21	amended to add an additional section to read as follows:		
22	17-80-117. Telemedicine.		
23	(a) As used in this section:		
24	(1) "Distant site" means the location of the healthcare		
25	professional delivering healthcare services through telemedicine at the time		
26	the services are provided;		
27	(2) "Healthcare professional" means a person who is licensed,		
28	certified, or otherwise authorized by the laws of this state to administer		
29	health care in the ordinary course of the practice of his or her profession;		
30	(3) "Originating site" means a site at which the patient is		
31	located at the time that healthcare services are provided to him or her by		
32	means of telemedicine;		
33	(4) "Store and forward technology" means the transmission of a		
34	patient's medical information from an originating site to the provider at the		
35	distant site without the patient being present;		
36	(5) "Telemedicine" means the delivery of clinical healthcare

3	treatment, education, care management, and self-management of a patient's	
4	health care while the patient is at an originating site and the healthcare	
5	professional is at a distant site; and	
6	(6)(A) "Telemedicine technology" means technology and devices	
7	that allow real-time communication and information exchange between a	
8	licensed healthcare professional at a distant site and a patient at an	
9	originating site, including without limitation:	
10	(i) Interactive audio;	
11	(ii) Audiovisual connection;	
12	(iii) Secure video conferencing; and	
13	(iv) Asynchronous store and forward technology.	
14	(B) If, due to the lack of widespread high-speed Internet	
15	access, the patient is not able to connect through video conferencing, the	
16	patient shall be given an option of either an interactive audio or an

2	consistent with, and no more restrictive than, this section.		
3	(f) This section does not authorize drug-induced, chemical, or		
4	surgical abortions performed through telemedicine.		
5			
6	SECTION 3. EMERGENCY CLAUSE. It is found and determined by the		
7	General Assembly of the State of Arkansas that the state of Arkansas is		
8	experiencing a healthcare professional maldistribution resulting in medically		
9	underserved areas throughout the state; that allowing healthcare		
10	professionals to provided healthcare services through telemedicine will ease		
11	the burden on medically underserved areas; and that this act is immediately		
12	necessary because the citizens and healthcare professionals of Arkansas need		
13	immediate guidance concerning the law regarding healthcare services provided		
14	through telemedicine. Therefore, an emergency is declared to exist, and this		
15	act being immediately necessary for the preservation of the public peace,		
16	health, and safety shall become effective on:		
17	(1) The date of its approval by the Governor;		
18	(2) If the bill is neither approved nor vetoed by the Governor,		
19	the expiration of the period of time during which the Governor may veto the		
20	<u>bill; or</u>		
21	(3) If the bill is vetoed by the Governor and the veto is		
22	overridden, the date the last house overrides the veto.
