.

1 power to decide whether to serve or not to serve than a water provider; 2 (8) It has been brought into question if water providers in some 3 locales are doing the best job to provide the best service to the most people 4 and to enhance economic development; 5 (9) To determine whether a water provider is providing 6 adequately or not in exchange for the monopoly granted, there need to be 7 standards by which to judge the water providers; and 8 (10) The people of this state deserve to have a fair set of 9 standards when seeking to obtain a service so basic to human life. 10 (b) The General Assembly intends that a water provider: 11 (1) Should not have to provide water outside the areas that the 12 water provider has agreed to serve; 13 (2) Does not have to bear any cost to provide new service within 14 the service area unless the water provider bears that cost for the same type 15 of new service to all customers within the service area; 16 (3) May set rates that vary by location and political 17 subdivision, unless the water provider has required an agreement to do 18 otherwise when service is established; and 19 (4) (A) Shall not be required to extend water lines or provide 20 water for any area that the water provider has not agreed to serve. (B) As used in this subdivision (b)(4), "agreed to serve" 21 22 means any area that the water provider has agreed to serve by original 23 charter and any area the water provider has agreed to serve in subsequent 24 actions, including without limitation accepting water lines and providing 25 service. 26 (C) All areas within the platted area of a municipality or 27 water district shall be included whether or not there is a water main 28 directly adjacent to a water customer. 29 (c) The General Assembly intends that a water customer: 30 (1) Within a service area of a water provider, shall not be discriminated against based on race, gender, marital status, religion, or the 31 32 political subdivision within which the water customer resides, except that: 33 (A) Different types of water customers may have different 34 sets of rules as may be practical for those type of divisions; and 35 (B) This subdivision (c)(1) does not affect a water 36 provider's right to set different rates for water itself, based on geographic

 3
    new requirements to obtain water unless all similar water customers,
 4
     regardless of location, also meet those requirements; and
 5
                (3) Within a service area already serviced by a water provider,
6
    shall not be required to annex into a municipality or other political
7
    subdivision if that requirement was not in place when the area became part of
8
     the water provider's service area.
9
           (d)(1) To provide a better water provider system, to aid in obtaining
10
    basic water service for as many Arkansans as possible, and to enhance
     economic development in the state, there is established the Water Provider
